**FAR 52.216-10 INCENTIVE FEE**

Paragraph (e)(1) is stated as follows:

"(e) Fee Payable. (1) The fee payable under this contract shall be the target fee increased by [REDACTED] for every dollar that the total allowable cost is less than the target cost or decreased by [REDACTED] for every dollar that the total allowable cost exceeds the target cost until a threshold minimum fee amount of [REDACTED] is reached. In no event shall the fee be greater than [REDACTED]. For allowable costs which exceed the point at which a threshold minimum fee of [REDACTED] is reached, the government's share will be [REDACTED] and the contractor's share will be [REDACTED] until the contractor's share equals [REDACTED] thereafter the government will reimburse the contractor [REDACTED] of the allowable cost, the contractor's share being [REDACTED] until the contractor's share of such allowable costs equals [REDACTED] of target cost at which point the share ratio will be [REDACTED] government and [REDACTED] contractor until completion of this CLIN.

(b)(4)

**B-8. AWARD FEE (APPLICABLE TO CLINs 0005/0006):**

a. The contractor's performance hereunder shall be evaluated in accordance with this provision and H-6 "AWARD FEE EVALUATION". Award fee earned by the contractor, as determined by the Award Fee Determining Official, will be awarded by the execution of a unilateral modification to the contract issued approximately sixty (60) days following completion of each award fee period.

000006

b. Fee determinations by the Award Fee Determining Official shall not be subject to the clause of this contract titled "Disputes" and shall be final.

c. Following is a list by award fee period of the Award Fee Available, Award Fee Earned, and Award Fee Not Earned Removed From Contract, applicable to this contract:

<u>AWARD FEE PERIOD</u>	<u>AWARD FEE AVAILABLE</u>	<u>AWARD FEE EARNED</u>	<u>AWARD FEE NOT EARNED REMOVED FROM CONTRACT</u>
First		\$ _____	\$ _____
Second		\$ _____	\$ _____
Third		\$ _____	\$ _____

(k)(4)

d. Following the award fee determination for the period, the Government will modify the contract to definitize the award fee earned by the contractor. The contractor may, in turn, voucher for the earned award fee.

**B-9 COMPLETION TYPE COST REIMBURSEMENT CONTRACT:**

a. Performance of Contract Line Items 0001/0002, 0003/0004, 0005/0006 (if exercised) and 0007/0008 (if exercised) shall be accomplished on a completion basis as defined in FAR 16.306(d)(1). Pending satisfactory completion of the task, fee payments are provisional and are not final. Fee payments will not become final unless and until the contractor performs the task required by CLINs 0003, 0005 (if exercised), and 0007 (if exercised) and delivers data required by CLINs 0006 (if exercised), and 0008 (if exercised) and such are accepted by the Government as being satisfactory. In the event the task cannot be completed by the contractor within the estimated cost of the CLIN, the Government may require completion of the task without increase in fee, provided the Government increases the estimated cost of the CLIN under the LIMITATION OF COST or FUNDS contract clause.

b. CLIN 0001 will be considered complete based upon the completion of CCDR and SOW requirements.

c. CLIN 0003 will be considered complete based upon the completion of CCDR and SOW requirements.

d. CLIN 0005 (if exercised) will be considered complete based upon the completion of establishment of functional system integration laboratory, PTIR/SR fabrication complete and tested on ground, successful JLENS Demonstration, Early User Test (EUT) and SOW requirements.

e. CLIN 0007 (if exercised) will be considered complete based upon the completion of the scope of work requirements.

f. CLINs 0002, 0004, 0006 (if exercised), 0008 (if exercised) will be considered complete based upon a determination that all data and reports have been submitted and accepted, as set forth in Block 8 of each exhibit line item number of the DD Form 1423.

000007

B-10. SEPARATE APPLICATION OF FUNDING: The Limitation of Funds and Allowable Cost and Payments clauses apply separately to each of CLIN sets: 0001/0002, 0003/0004, 0005/0006 and 0007/0008.

000008

H-1 TECHNICAL COGNIZANCE AND TECHNICAL DIRECTION:

a. The U.S. Army Space and Missile Defense Command is the cognizant Government technical organization for this contract and will provide technical direction as defined herein. Technical direction shall be exercised by the Project Manager or the Deputy Project Manager:

<u>Name</u>	<u>Office Symbol</u>	<u>Phone Number</u>
Joint Land Attack Cruise Missile Defense Elevated Netted Sensor System Project Office (JLENSPO)	[REDACTED]	[REDACTED]

(b)(6)

b. Technical direction, as defined in this clause is the process by which the progress of the contractor's technical efforts are reviewed and evaluated and guidance for the continuation of the effort is provided by the Government. It also includes technical discussions and, to the extent required and specified elsewhere in this contract, defining interfaces between contractors; approving test plans; approving preliminary and critical design reviews; participating in meetings; providing technical and management information; and responding to request for research and development planning data on all matters pertaining to this contract. The contractor agrees to accept technical direction only in the form and procedure set forth herein below.

c. Except for routine discussions having no impact on contractor performance, any and all technical direction described in paragraph b. above shall only be authorized and binding on the contractor when issued in writing and signed by a Government official designated in a. above. The Technical Direction shall not effect or result in a change within the meaning of the "CHANGES" clause, or any other change in the Scope of Work, price, schedule, or the level of effort required by the contract. Such changes must be executed by the Contracting Officer as a Modification-Change Order, or as a Modification-Supplemental agreement, as appropriate. It is emphasized that such changes are outside the authority of the Government officials designated in a. above who are not authorized to issue any directions which authorize the contractor to exceed or perform less than the contract requirements. Notwithstanding any provision to the contrary in any Technical Directive, the estimated cost of this contract, and, if this contract is incrementally funded, the amount of funds allotted, shall no be increased or deemed to be increased by issuance thereof.

H-2. AWARD FEE EVALUATION (APPLICABLE TO CLINs 0005/0006): During each award fee evaluation period, the Government shall subjectively evaluate the contractor's performance in accordance with the following:

a. EVALUATION FREQUENCY: Evaluations will be completed with sixty (60) days after the completion of the following milestones contained in Section F:

SIL	Twelve Months After Exercise of Option
PTIR & SR Fabrication Complete, Integrated and Tested	Twenty-three Months After Exercise of Option
JLENS Demo with [REDACTED]	Thirty Months After Exercise of Option

(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)

000017

Paragraph b. below reflects the evaluation criteria and weights for these milestones

b PERFORMANCE AREAS:

PERCENTAGE OF  
TOTAL AWARD  
FEE

1.0 Establishment of Functional System Integration Laboratory (SIL)

[REDACTED]

2.0 PTIR and SR Fabrication Complete, Integrated and Successfully Tested On Ground

[REDACTED]

(b)(4)

3.0 Successful JLENS Demonstration:

[REDACTED]

[REDACTED]

(b)(3)  
(A)(i)&Title 10  
Sec 130 (a)(c)

(1) SIL. The contractor will be evaluated on his design of the system integration laboratory, its adequacy and accuracy in representing the total JLENS in a virtual world, [REDACTED] system and capabilities [REDACTED] its potential to grow to accommodate new and/or alternative missions, its adaptability to accommodate new and emerging protocols in the distributed interactive simulation environment, and its overall ability [REDACTED] and training missions. Control of contract costs will be assessed by comparison of the actual costs and the latest revised estimate reported in contract cost reports with the negotiated contract value.

(b)(3)  
(A)  
(i)&Title  
10 Sec  
130 (a)  
(c)

(2) PTIR and SR Fabrication. The contractor shall be evaluated on his ability to implement his radar hardware, software design in a full scale prototype radar(s), the success of ground based tests to validate and verify antenna and radar performance models, the success with which the fabricated radars perform their required function in a test against specification threat surrogates in the JLENS Demonstration Program environment, and the probability that the contractor's design will be producible in a cost effective means. Control of contract costs will be assessed by comparison of the actual costs and the latest revised estimate reported in contract cost reports with the negotiated contract value.

(3) Demonstration. The contractor will be evaluated on his ability to simulate the [REDACTED] of his JLENS architecture, demonstrate the ability [REDACTED]

[REDACTED] JLENS. Control of contract costs will be assessed by comparison of the actual costs and the latest revised estimate reported in contract cost reports with the negotiated contract value.

(b)(3)  
(A)  
(i)&Title  
10 Sec  
130 (a)(c)

NOTE: Each performance area will be evaluated in accordance with the adjective rating criteria in paragraph e and multiplied by the individual performance area weights in paragraph b to obtain a performance area weighted score. The weighted scores for the performance areas will then be added together to reach a recommended composite score.

000018

c SELF ASSESSMENT. The contractor will submit a self-assessment of his performance directly to the Contracting Officer within 10 working days of the end of each milestone period. The Contracting Officer will forward the report to the JLENS Award Fee Chairperson who will share the assessment with all members of the evaluation board. The Chairperson will forward the Government's recommendation and the contractor's self assessment to the Award Fee Determining Official (AFDO) for a final award fee determination.

d. THE AWARD FEE PROVISION IS NOT SUBJECT TO THE "DISPUTES" CLAUSE, FAR 52.233-1 (Oct 95). The AFDO determination is final.

e Rating Plan and Performance Standards:

(1) The adjective rating, the percentage range of the available award fee which may be earned at each composite rating level, and a brief definition of each rating are listed below. The Rating Plan and Performance Standards are to be used during each evaluation period by the members of the PEB to select a recommended rating for each performance area and for the composite performance. The AFDO will make the final decision on the composite rating and the specific percent of award fee to be earned based on the board recommendation.

<u>ADJECTIVE RATING</u>	<u>PERCENTAGE RANGE OF AWARD FEE EARNED ON COMPOSITE RATINGS</u>	<u>DEFINITION</u>
EXCELLENT	[REDACTED]	Performance substantially exceeds success criteria as defined in *STE Approach and effective cost control.
BETTER THAN ACCEPTABLE	[REDACTED]	Performance generally exceeds success criteria as defined in STE Approach and effective cost control. (b)(4)
ACCEPTABLE	[REDACTED]	Performance exceeding criteria offset by criteria not met as defined in STE Approach.
MINIMUM ACCEPTABLE	[REDACTED]	Does not meet success criteria as defined in STE Approach.

\*STE - Simulation, Test and Evaluation Approach.

The amount of award fee earned for each event will be computed by multiplying the potential award fee available for that event by the score derived from the adjective rating assigned. For example, an adjective rating that is assigned a score of [REDACTED] would be converted to [REDACTED] and multiplied times the potential award fee to calculate the award fee earned for that event. (b)(4)

H-3 OPTIONS: The option CLINs stipulated in the contract may be exercised at the unilateral option of the government. The exercise of the option CLIN shall be by written notice provided to the contractor by the Contracting Officer not later than the dates shown below provided preliminary notice is given by the government thirty (30) days prior to option exercise. The contractor shall incur no costs chargeable to any option CLIN until the Contracting Officer has provided written notification that the option CLIN has been exercised. The option CLINs may be exercised individually and the exercise of an option CLIN will include its attendant data item CLIN:

OPTION	DATE
CLINs 0005/0006 (OPTION I)	NLT 1 Dec 99
CLINs 0007/0008 (OPTION II)	NLT 15 Mar 02

In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0003, the government may postpone the exercise of the option for CLINs 0005/0006 without increase in the estimated cost and fee. In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0005, the government may postpone the exercise of the option for CLINs 0007/0008 without increase in the estimated cost and fee.

H-4. COST FOR RISK MITIGATION: During Segment 1, costs allocated to CLIN 0001 shall be limited to those costs directly related to risk mitigation tasks, including associated burden and overhead. These costs shall be exclusive of other development costs, direct and indirect. For example, costs of systems engineering and such support activities as configuration management shall be charged exclusively to CLIN 0003.

H-5. PUBLIC RELEASE OF INFORMATION: The release of information to the public shall be governed by the Security Classification Guide. Requests for release shall be submitted to the U.S. Army Space and Missile Defense Command (USASMDC), ATTN: SMDC-AJ, Program Security Manager, P.O. Box 1500, Huntsville, AL 35807-3801. [REDACTED]

H-6. DISTRIBUTION CONTROL OF TECHNICAL INFORMATION:

a. The following terms applicable to this clause are defined as follows:

(1) **Technical Document**. Any recorded information that conveys scientific and technical information or technical data.

(2) **Scientific and Technical Information**. Communicable knowledge or information resulting from or pertaining to conducting and managing a scientific or engineering research effort.

(3) **Technical Data**. Recorded information related to experimental, developmental, or engineering works that can be used to define an engineering or manufacturing process or to design, procure, produce, support, maintain, operate, repair, or overhaul material. The data may be graphic or pictorial delineations in media such as drawings or photographs, text in specifications or related performance or design type documents, or computer printouts. Examples of technical data include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog-item identifications, and related information and computer software documentation.

000020

b. Except as may otherwise be set forth in the Contract Data Requirements List (CDRL), DD Form 1423, (i) the distribution of any technical document prepared under this contract, in any stage of development or completion, is prohibited without the approval of the Contracting Officer and (ii) all technical documents prepared under this contract shall initially be marked with the following distribution statement, warning, and destruction notice:

(1) DISTRIBUTION STATEMENT F - Further dissemination only as directed by SMDC-IM-PA or higher DOD authority.

(2) WARNING - This document contains technical data whose export is restricted by the Arms Export Control Act (Title 22, U.S.C., Sec 2751 et seq.) or the Export Administration Act of 1979, as amended, Title 50, U.S.C., app 2401 et seq. Violation of these export laws are subject to severe criminal penalties. Disseminate in accordance with provisions of DOD Directive 5230.25.

(3) DESTRUCTION NOTICE - For classified documents, follow the procedures in DOD 5200.22-M, National Industrial Security Program Operating Manual (NISPOM), Chapter 5, Section 7, or DOD 5200.1-R, Information Security Program Regulation, Chapter IX. For unclassified, limited documents, destroy by any method that will prevent disclosure of contents or reconstruction of the document.

c. As a part of the review of preliminary or working draft technical documents, the Government will determine if a distribution statement less restrictive than Statement F specified above would provide adequate protection. If so, the Government's approval/comments will provide specific instructions on the distribution statement to be marked on the final technical documents before primary distribution.

H-7. MINIMUM INSURANCE LIABILITY: Pursuant to the requirements of the contract clause 52.228-7, "Insurance - Liability to Third Persons," the contractor shall obtain and maintain at least the following kinds of insurance and minimum liability coverage during any period of contract performance:

a. Workmen's Compensation and Employers' Liability Insurance: Compliance with applicable workmen's compensation and occupational disease statutes is required. Employers' liability coverage in the minimum amount of \$100,000 is required.

b. General Liability Insurance: Bodily injury liability insurance, in the minimum limits of \$500,000 per occurrence, is required on the comprehensive form of policy; however, property damage liability insurance is not required.

c. Automobile Liability Insurance: This insurance is required on the comprehensive form of policy and shall provide bodily injury liability and property damage liability covering the operation of all automobiles used in connection with the performance of the contract. At least the minimum limits of \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage is required.

000021

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED THROUGH [REDACTED]

Fuels as identified below will be provided through [REDACTED] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE). The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [REDACTED] is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 20 Mar 98. The amount of [REDACTED] is obligated for Potential Fee for a total amount of [REDACTED] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$10,513,744 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 31 Jul 98. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of [REDACTED] for CLIN 0003. It is anticipated that the balance will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

(b)(4)

	PLANNED DATE OF FUNDING	AMOUNT	CUMULATIVE
CLIN 0001	FY98 - Second Quarter	\$ 546,043	\$ 546,043
	FY98 - Third Quarter	\$ 934,701	\$ 1,480,744

c. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

d. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

e. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the LIMITATION OF FUNDS clause.)

000023

H-11. GOVERNMENT RIGHTS IN SOFTWARE: The contractor has made an assertion with which the government neither agrees or disagrees that the data and computer software identified in the attachment to this contract entitled, "Technical Data and Computer Software to be Furnished with Other Than Unlimited Rights," has been developed at private expense. The contractor plans to furnish the listed technical data with "limited rights" and the computer software with "restricted rights" as those terms are defined in DFARS Clause 252.227-7013, "Rights in Technical Data Noncommercial Items (Nov 1995) and Rights Noncommercial Computer Software and Noncommercial Computer Documentation (June 1995), respectively. With respect to such data, the Government reserves its rights under DFARS clause 252.227-7037, Validation of Restrictive Markings on Technical Data, and DFARS clause 252.227-7019, Validation of Restricted Rights in Computer Software (June 1995), including the right to claim government purpose rights with respect to any further development of the listed items in the course of this contract.

H-12. GOVERNMENT FURNISHED PROPERTY/SERVICES: As of the date of award of this contract, the contractor has not verified the availability of the government-furnished property and services (GFP/S) it has requested. Accordingly, the parties have been unable to reach agreement on the government furnished property and services. However, the government agrees in principle to provide the property and services listed in the document listed in Section J of the contract, entitled, "Government Furnished Property/Services." The contractor shall, within one hundred and twenty (120) days of contract award, working in an Integrated Product Team with the government, achieve definitive agreement on the GFP/S list. This agreement will include equipment, components, and services. In reaching this agreement, the contractor recognizes and agrees to flexibility in the exact item and model and detail period of contract need. Consequently, any adjustment to the contract which results from substitutions in the GFP/S list will be without increase in the estimated cost and fee. Deletions to GFP/S list will be in accordance with FAR 52.245-5, "Government Property Cost-Reimbursement, Time and Materials, or Labor-Hour Contracts." After one hundred and twenty (120) days, FAR 52.245-5 shall apply to all changes.

H-13. LIVING CONTRACT: Modifications to this contract shall be made by substituting pages of the contract so that at all times the contract will form a complete, connected, and coherent text. Each page of a modification shall be annotated with the contract and modification number and date of issuance. Those portions of the contract changed by the modification shall be appropriately identified.

H-14. KEY PERSONNEL:

a. The key personnel listed in paragraph b. below are considered to be critical to the successful performance of this contract. Prior to replacing these key personnel, the contractor shall obtain written consent of the contracting officer. Such consent shall be provided within thirty (30) days and shall not be unreasonably withheld. In order to obtain such consent, the contractor must provide thirty (30) days advance written notice of the proposed changes and must demonstrate that the qualifications of the proposed substitute personnel are generally equivalent to or better than the qualifications of the personnel being replaced.

H-15 PARTNERING FOR SUCCESS: In an effort to most effectively accomplish the objectives of this contract, the government, the contractor, and the contractor's major subcontractors propose to engage in the Partnering process. The objective of Partnering is the establishment of a commitment between government and industry to improve communications and avoid disputes. After award, the parties will decide whether or not to engage in the Partnering process. If the parties decide to engage in Partnering, the parties will also decide the aspects of Partnering most applicable to the performance of this contract. It is intended that the frame work for the process will be the Army Space and Missile Defense Command Model Partnering Process. The establishment of a Partnering arrangement will not affect the legal responsibilities of or relationship of the parties and cannot be used to alter, supplement, or deviate from the terms of the contract. Any changes to the contract must be executed in writing by the Contracting Officer.

**THE FOLLOWING DOD FAR SUPPLEMENT FULL TEXT CLAUSES APPLY:**

11. COST ESTIMATING SYSTEM REQUIREMENTS (JUL 1997)(252.215-7002)

(a) Definition. "Estimating system" means the Contractor's policies, procedures, and practices for generating estimates of costs and other data included in proposals submitted to customers in the expectation of receiving contract awards. Estimating system includes the Contractor's --

- (1) Organizational structure;
- (2) Established lines of authority, duties, and responsibilities;
- (3) Internal controls and managerial reviews;
- (4) Flow of work, coordination, and communication; and

(5) Estimating methods, techniques, accumulation of historical costs, and other analyses used to generate cost estimates.

(b) General.

(1) The Contractor shall establish, maintain, and comply with an estimating system that is consistently applied and produces reliable, verifiable, supportable, and documented cost estimates that are an acceptable basis for negotiation of fair and reasonable prices.

- (2) The system should be --
  - (i) Consistent and integrated with the Contractor's related management systems; and
  - (ii) Subject to applicable financial control systems.

000036

(c) Applicability. Paragraphs (d) and (e) of this clause apply if the contractor is a large business and either --

(1) In its fiscal year preceding award of this contract, received Department of Defense (DoD) prime contracts or subcontracts, totaling \$50 million or more for which cost or pricing data were required; or

(2) In its fiscal year preceding award of this contract --

(i) Received DoD prime contracts or subcontracts totaling \$10 million or more (but less than \$50 million) for which cost or pricing data were required; and

(ii) Was notified in writing by the Contracting Officer that paragraphs (d) and (e) of this clause apply.

(d) System requirements.

(1) The Contractor shall disclose its estimating system to the Administrative Contracting Officer (ACO) in writing. If the Contractor wishes the Government to protect the information as privileged or confidential, the Contractor must mark the documents with the appropriate legends before submission.

(2) An estimating system disclosure is adequate when the Contractor has provided the ACO with documentation which --

(i) Accurately describes those policies, procedures, and practices that the Contractor currently uses in preparing cost proposals; and

(ii) Provides sufficient detail for the Government to reasonably make an informed judgment regarding the adequacy of the contractor's estimating practices.

(3) The Contractor shall --

(i) Comply with its disclosed estimating system; and

(ii) Disclose significant changes to the cost estimating system to the ACO on a timely basis.

(e) Estimating system deficiencies.

(1) The Contractor shall respond to a written report from the Government which identifies deficiencies in the Contractor's estimating system as follows:

(i) If the Contractor agrees with the report findings and recommendations, the Contractor shall --

(A) Within 30 days, state its agreement in writing; and

000037

(B) Within 60 days, correct the deficiencies or submit a corrective action plan showing proposed milestones and actions leading to elimination of the deficiencies.

(ii) If the Contractor disagrees with the report, the Contractor shall, within 30 days, state its rationale for disagreeing.

(2) The ACO will evaluate the Contractor's response and notify the Contractor of the determination concerning remaining deficiencies and/or the adequacy of any proposed or completed corrective action.

19. DUTY-FREE ENTRY -- QUALIFYING COUNTRY END PRODUCTS AND SUPPLIES (JAN 1997)(DFARS 252.225-7009):

(a) Definitions. "Qualifying country" and "qualifying country end products" have the meaning given in the Buy American Act and Balance of Payments Program clause of this contract.

(b) The requirements of this clause apply to this contract and subcontracts, including purchase orders, that involve supplies to be accorded duty-free entry whether --

(1) Placed directly with a foreign concern as a prime contract; or

(2) As a subcontract or purchase order under a contract placed with a domestic concern.

(c) Except as otherwise approved by the Contracting Officer, no amount is or will be included in the contract price for duty for --

(1) End items that are qualifying country end products; or

(2) Supplies (including without limitation, raw materials, components, and intermediate assemblies) produced or made in qualifying countries, that are to be incorporated in the end items to be delivered under this contract, provided that the end items are manufactured in the United States or in a qualifying country, except supplies imported into the United States before the date of this contract or, in the case of supplies imported by a first or lower tier subcontractor, before the date of the subcontract.

(d) The Contractor warrants that --

(1) All qualifying country supplies, for which duty-free entry is to be claimed, are intended to be delivered to the Government or incorporated in the end items to be delivered under this contract; and

(2) The Contractor will pay duty to the extent that such supplies or any portion thereof (if not scrap or salvage) are diverted to nongovernmental use, other than as a result of a competitive sale made, directed, or authorized by the Contracting Officer.

000038

(e) The Government agrees to execute duty-free entry certificates and to afford such assistance as appropriate to obtain the duty-free entry of qualifying country supplies for which the shipping documents bear the notation specified in paragraph (f) of this clause, except as the Contractor may otherwise agree.

(f) All shipping documents submitted to Customs, covering foreign end products or supplies for which duty-free entry certificates are to be issued under this clause, shall --

(1) Consign the shipments to the appropriate --

(i) Military department in care of the Contractor, including the Contractor's delivery address; or

(ii) Military installation; and

(2) Include the following information --

(i) Prime contract number, and delivery order if applicable;

(ii) Number of the subcontract/purchase order for foreign supplies if applicable;

(iii) Identification of carrier;

(iv) The notation: United States Government, Department of Defense Duty-Free Entry to be claimed pursuant to Section XXII, Chapter 98, Subchapter VIII, Item 9808.00.30 of the Harmonized Tariff Schedule of the United States. Upon arrival of shipment at the appropriate port of entry, District Director of Customs, please release shipment under 19 CFR part 142 and notify Commander, Defense Contract Management Area Operations (DCMAO) New York, Attn: Customs Team, DCMDN-GNIC, 207 New York Avenue, Staten Island, New York, 10305-5013, for execution of Customs Forms 7501, 7501A, or 7506 and any required duty-free entry certificates. (Note: This notation shall be used only for direct shipments to a U.S. military installation. In cases where the shipment will be consigned to other than a military installation, e.g., a domestic contractor's plant, the shipping document notation shall be altered to insert the name and address of the contractor, agent or broker who will notify Commander, Defense Contract Management Area Operations (DCMAO) New York, for execution of the duty-free certificate.)

(v) Gross weight in pounds (if freight is based on space tonnage, state cubic feet in addition to gross shipping weight);

(vi) Estimated value in U.S. dollars; and

(vii) Activity Address Number of the contract administration office actually administering the prime contract, e.g., for DCMAO Dayton, DLA&DP.

000039

## (g) Preparation of customs forms.

(1) Except for shipments consigned to a military installation, the Contractor shall prepare, or authorize an agent to prepare, any customs forms required for the entry of foreign supplies in connection with DoD contracts into the United States, its possessions, or Puerto Rico. Submit the completed customs forms to the District Director of Customs with a copy to DCMAO NY for execution of any required duty-free entry certificates. Shipments consigned directly to a military installation will be released in accordance with 10.101 and 10.102 of the U.S. Custom regulations.

(2) For shipments containing both supplies which are to be accorded duty-free entry and supplies which are not, the Contractor shall identify on the customs forms those items that are eligible for duty-free entry.

## (h) The contractor agrees --

(1) To prepare (if this contract is placed directly with a foreign supplier), or to instruct the foreign supplier to prepare, a sufficient number of copies of the bill of lading (or other shipping document) so that at least two of the copies accompanying the shipment will be available for use by the District Director of Customs at the port of entry;

(2) To consign the shipment as specified in paragraph (f) of this clause; and

(3) To mark the exterior of all packages as follows:

(i) "United States Government, Department of Defense;" and

(ii) The activity address number of the contract administration office actually administering the prime contract.

(iii) The Contractor agrees to notify the Contracting Officer administering the prime contract in writing of any purchase under the contract of qualifying country supplies to be accorded duty-free entry that are to be imported into the United States for delivery to the Government or for incorporation in end items to be delivered to the Government. The notice shall be furnished to the contract administration office immediately upon award to the qualifying country supplier. The notice shall contain --

(1) Prime contractor's name, address, and CAGE code;

(2) Prime contract number, and delivery order number if applicable;

(3) Total dollar value of the prime contract or delivery order;

(4) Expiration date of the prime contract or delivery order;

(5) Foreign supplier's name and address;

(6) Number of the subcontract/purchase order for foreign supplies;

000040

- (7) Total dollar value of the subcontract for foreign supplies;
- (8) Expiration date of the subcontract for foreign supplies;
- (9) List of items purchased, and
- (10) An agreement by Contractor that duty shall be paid by the Contractor to the extent that such supplies, or any portion (if not scrap or salvage) are diverted to nongovernmental use other than as a result of a competitive sale made, directed or authorized by the Contracting Officer;
- (11) The qualifying country; and
- (12) The scheduled delivery date(s).

(j) This clause does not apply to purchases of qualifying country supplies in connection with this contract if --

(1) The qualifying country supplies are identical in nature to supplies purchased by the Contractor or any subcontractor in connection with its commercial business; and

(2) It is not economical or feasible to account for such supplies so as to ensure that the amount of the supplies for which duty-free entry is claimed does not exceed the amount purchased in connection with this contract.

(k) The Contractor agrees to insert the substance of this clause, including this paragraph (k) in all subcontracts for supplies. Each subcontract shall require the subcontractor to identify this contract by including its contract number on any shipping documents submitted to Customs covering supplies for which duty-free entry is to be claimed pursuant to this clause. The Contractor also agrees that the name and address of the Contracting Officer administering the prime contract (name and address of the contract administration office cognizant of the prime contract), and its activity address number (Appendix G of the Defense FAR Supplement), and the information required by paragraphs (i)(1), (2), and (3) of this clause will be included in applicable subcontracts.

20. DUTY-FREE ENTRY -- ADDITIONAL PROVISIONS (JAN 1997)(DFARS 252.225-7010):

(a) The requirements of this clause supplement the Duty- Free Entry clause of this contract. Both of these clauses apply to this contract and subcontracts, including purchase orders, that involve supplies to be accorded duty-free entry whether placed --

- (1) Directly with a foreign concern as a prime contract; or
- (2) As a subcontractor purchase order under a contract with a domestic concern.

(b) The Contractor shall send the notification required by paragraph (b)(1) of the Duty-Free Entry clause of this contract to the Contracting Officer administering this contract.

000041

(c) In addition to any data required by paragraph (b)(1) of the Duty-Free Entry clause, the Contractor shall furnish the following for all foreign supplies to be imported pursuant to paragraphs (a) or (b) of the Duty-Free Entry clause. Furnish this information to the Contracting Officer administering the prime contract immediately upon award of any contract or subcontract involving supplies to be accorded duty-free entry

- (1) Prime contractor's name, address, and CAGE code;
- (2) Prime contract number plus delivery order number, if applicable;
- (3) Total dollar value of the prime contract or delivery order;
- (4) Expiration date of the prime contract or delivery order;
- (5) Foreign supplier's name and address;
- (6) Number of the subcontract/purchase order for foreign supplies;
- (7) Total dollar value of the subcontract for foreign supplies;
- (8) Expiration date of the subcontract for foreign supplies;
- (9) List of items purchased; and

(10) An agreement by the Contractor that duty shall be paid by the Contractor to the extent that such supplies, or any portion (if not scrap or salvage) are diverted to nongovernmental use other than as a result of a competitive sale made, directed, or authorized by the Contracting Officer.

(d) The Contractor agrees to incorporate the substance of this clause, including this paragraph (d), in any subcontract (including purchase orders) in accordance with paragraph (i) of the Duty-Free Entry clause of this contract. The Contractor agrees that the name and address of the Contracting Officer administering the prime contract (name and address of the contract administration office cognizant of the prime contract and its activity address number (Appendix G of the Defense FAR Supplement)) and the information required by paragraphs (c)(1), (2), and (3) of this clause will be included in applicable subcontracts

(e) To properly complete the shipping document instructions as required by paragraph (f) of the Duty-Free Entry clause, the Contractor shall insert

 (b)(6)  
 as the cognizant contract administration office (for paragraph (f) only) in those cases when the shipment is consigned directly to a military installation. When the shipment will be consigned to a location other than a military installation, e.g., a domestic contractor's plant, change the shipping document notation required by paragraph (f) of the clause to insert the name and address of the Contractor, agent or broker that will prepare the customs documentation for execution of the Duty-Free Entry certificates. In either case, the shipping documents will contain the following items in addition to those required by paragraph (f) of the Duty-Free Entry clause:

000042

- (1) Delivery order number on the Government prime contract, if applicable;
- (2) Number of the subcontract/purchase order for foreign supplies, if applicable;
- (3) Activity address number of the contract administration office actually administering the prime contract, e.g., for DCMAO Dayton, DLA&DP.

(f) Except for shipments consigned to a military installation, the Contractor shall prepare, or authorize an agent to prepare, any customs forms required for the entry into the United States, its possessions, or Puerto Rico of foreign supplies in connection with DoD contracts. The Contractor shall submit the completed customs forms to the District Director of Customs with a copy to DCMAO New York for execution of any required duty-free entry certificates. For shipments containing both supplies which are to be accorded duty-free entry and supplies which are not, the Contractor shall identify on the customs forms those items which are eligible for duty-free entry under the provisions of the Duty-Free Entry clause. Shipments consigned directly to a military installation will be released in accordance with Section 10.101 and 10.102 of the U.S. Customs regulations.

(g) The Contractor shall ensure that all exterior containers are marked in accordance with paragraph (g) of the Duty-Free Entry clause, including the following additional data --

- (1) "United States Government, Department of Defense;" and
- (2) The activity address number for the contract administration office actually administering the prime contract.

36. CERTIFICATION OF TECHNICAL DATA CONFORMITY (JAN 1997)(DFARS 252.227-7036):

All technical data delivered under this contract shall be accompanied by the following written declaration:

The Contractor, \_\_\_\_\_, hereby declares that, to the best of its knowledge and belief, the technical data delivered herewith under Contract No. \_\_\_\_\_ is complete, accurate, and complies with all requirements of the contract.

Date \_\_\_\_\_

Name and Title of Authorized Official \_\_\_\_\_

50. TRANSPORTATION OF SUPPLIES BY SEA (NOV 1995)(DFARS 252.247-7023):

a. Definitions. As used in this clause--

- (1) "Components" means articles, materials, and supplies incorporated directly into end products at any level of manufacture, fabrication, or assembly by the Contractor or any subcontractor.
- (2) "Department of Defense" (DoD) means the Army, Navy, Air Force, Marine Corps, and defense agencies.

000043

(3) "Foreign flag vessel" means any vessel that is not a U.S. -flag vessel.

(4) "Ocean transportation" means any transportation aboard a ship, vessel, boat, barge, or ferry through international waters.

(5) "Subcontractor" means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract. However, effective May 1, 1996, the term does not include a supplier, materialman, distributor, or vendor of commercial items or commercial components.

(6) "Supplies" means all property, except land and interests in land, that is clearly identifiable for eventual use by or owned by the DoD at the time of transportation by sea.

(i) An item is clearly identifiable for eventual use by the DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.

(ii) "Supplies" includes (but is not limited to) public works; buildings and facilities; ships; floating equipment and vessels of every character, type, and description, with parts, subassemblies, accessories, and equipment; machine tools; material; equipment; stores of all kinds; end items; construction materials; and components of the foregoing.

(7) "U.S.-flag vessel" means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.

b. The Contractor shall employ U.S.-flag vessels in the transportation by sea of any supplies to be furnished in the performance of this contract. The Contractor and its subcontractors may request that the Contracting Officer authorize shipment in foreign-flag vessels, or designate available U.S.-flag vessels, if the Contractor or a subcontractor believes that--

(1) U.S.-flag vessels are not available for timely shipment;

(2) The freight charges are inordinately excessive or unreasonable; or

(3) Freight charges are higher than charges to private persons for transportation of like goods.

c. The Contractor must submit any request for use of other than U.S.-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper's sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum--

(1) Type, weight, and cube of cargo;

(2) Required shipping date;

(3) Special handling and discharge requirements;

000044

(4) Loading and discharge points;

(5) Name of shipper and consignee;

(6) Prime contract number; and

(7) A documented description of efforts made to secure U.S.-flag vessels, including points of contact (with names and telephone numbers) with at least two U.S.-flag carriers contacted. Copies of telephone notes, telegraphic and facsimile message or letters will be sufficient for this purpose.

d. The Contractor shall, within 30 days after each shipment covered by this clause, provide the Contracting Officer and the Division of National Cargo, Office of Market Development, Maritime Administration, U.S. Department of Transportation, Washington, DC 20590, one copy of the rated on board vessel operating carrier's ocean bill of lading, which shall contain the following information--

(1) Prime contract number;

(2) Name of vessel;

(3) Vessel flag of registry;

(4) Date of loading;

(5) Port of loading;

(6) Port of final discharge;

(7) Description of commodity;

(8) Gross weight in pounds and cubic feet if available;

(9) Total ocean freight in U.S. dollars; and

(10) Name of the steamship company.

e. The Contractor agrees to provide with its final invoice under this contract a representation that to the best of its knowledge and belief--

(1) No ocean transportation was used in the performance of this contract;

(2) Ocean transportation was used and only U.S.-flag vessels were used for all ocean shipments under the contract;

(3) Ocean transportation was used, and the Contractor had the written consent of the Contracting Officer for all non-U.S.-flag ocean transportation; or

000045

(4) Ocean transportation was used and some or all of the shipments were made on non-U.S.-flag vessels without the written consent of the Contracting Officer. The Contractor shall describe these shipments in the following format:

	ITEM CONTRACT		
TOTAL	DESCRIPTION	LINE ITEMS	QUANTITY

f. If the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of non-U.S.-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

g. The Contractor shall include this clause, including this paragraph g. in all subcontracts under this contract, which exceed the simplified acquisition threshold in Part 13 of the Federal Acquisition Regulation.

51. NOTIFICATION OF TRANSPORTATION OF SUPPLIES BY SEA (NOV 1995)(DFARS 252.247-7024):

a. The Contractor has indicated by the response to the solicitation provision, Representation of Extent of Transportation by Sea, that it did not anticipate transporting by sea any supplies. If, however, after the award of this contract, the Contractor learns that supplies, as defined in the Transportation of Supplies by Sea clause of this contract, will be transported by sea, the Contractor—

(1) Shall notify the Contracting Officer of that fact; and

(2) Hereby agrees to comply with all the terms and conditions of the Transportation of Supplies by Sea clause of this contract.

b. The Contractor shall include this clause, including this paragraph b., revised as necessary to reflect the relationship of the contracting parties, in all subcontracts hereunder, except (effective May 1, 1996) subcontracts for the acquisition of commercial items or components.

53 NOTIFICATION OF ANTICIPATED CONTRACT TERMINATION OR REDUCTION (DEC 1996) (DFARS 252.249-7002):

(a) Definitions.

"Major defense program" means a program that is carried out to produce or acquire a major system (as defined in 10 U.S.C.2302(5)) (see also DoD Instruction 5000.2, Defense Acquisition Management Policies and Procedures, Acquisition Categories I and II DoD 5000.2-R, Mandatory Procedures for Major Defense Acquisition Programs (MDAPs) and Major Automated Information System (MAIS) Acquisition Programs).

"Substantial reduction" means a reduction of 25 percent or more in the total dollar value of funds obligated by the contracts under the program.

000046

(b) Section 1372 of the National Defense Authorization Act for Fiscal Year 1994 and Section 824 of the National Defense Authorization Act for Fiscal Year 1997 (Pub. L. 104-201) are intended to help establish benefit eligibility under the Job Training Partnership Act (29 U.S.C. 1661 and 1662) for employees of DoD contractors and subcontractors adversely affected by contract terminations or substantial reductions under major defense programs.

(c) Notice to employees and state and local officials. Within two weeks after the Contracting Officer notifies the Contractor that a contract funding will be terminated or substantially reduced, the Contractor shall provide notice of such anticipated termination or reduction to -

(1) Each employee representative of the Contractor's employees whose work is directly defense contract; or

(2) If there is no such representative, each such employee;

(3) The State dislocated worker unit or office described in section 311(b)(2) of the Job Training Partnership Act (29 U.S.C. 1661(b)(2)); and

(4) The chief elected official of the unit of general local government within which the adverse effect may occur.

(d) Notice to subcontractors. Not later than 60 days after the Contractor receives the Contracting Officer's notice of the anticipated termination or reduction, the Contractor shall -

(1) Provide notice of the anticipated termination or reduction to each first-tier subcontractor with a subcontract of \$500,000 or more; and

(2) Require that each such subcontractor -

(i) Provide notice to each of its subcontractors with a subcontract of \$100,000 or more; and

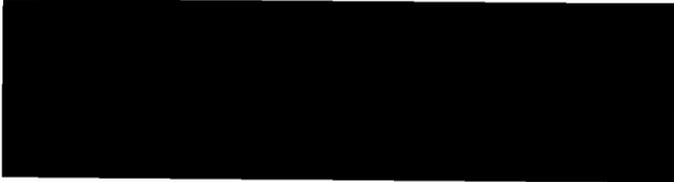

(ii) Impose a similar notice and flowdown requirement to subcontractors with subcontracts of \$100,000 or more.

(e) The notice provided an employee under paragraph (c) of this clause shall have the same effect as a notice of termination to the employee for the purposes of determining whether such employee is eligible for training, adjustment assistance, and employment services under section 325 or 325A of the Job Training Partnership Act (29 U.S.C. 1662d, 1662d-1). If the Contractor has specified that the anticipated contract termination or reduction is not likely to result in plant closure or mass layoff, as defined in 29 U.S.C. 2101, the employee shall be eligible only for services under section 314(b) and paragraphs (1) through (14), (16), and (18) of section 314(c) of the Job Training Partnership Act (29 U.S.C. 1661c(b) and paragraphs (1) through (14), (16), and (18) of section 1661c(c)).

**STATEMENT OF WORK**

13 January 1998

000051

## **1.0 INTRODUCTION**

### **1.1 Objective**

The JLENS Demonstration Program (JDP) has three primary objectives: 1) mitigation of the risk associated with the execution of the JDP; 2) design, development, fabrication, integration, test, demonstration, and maintenance of a system which meets the JLENS performance requirements; and 3) provide an operational "leave behind" system. (S1A, S1B, S2, S3)

### **1.2 Scope**

This Statement of Work (SOW) defines the requirements for a JDP. Technical requirements are contained in the Aerostat Performance Specification (APS). The JDP is composed of three segments: 1) Risk Mitigation/Design (RM/D); 2) Development, Demonstration, and Test (DD&T); and 3) Operations and Sustainment (O&S). The contractor shall design, develop, procure, fabricate, integrate, test, demonstrate, operate, and maintain a system that meets the requirements of this SOW and the JDP. (S1A, S1B, S2, S3)

### **1.3 Integrated Product Teams (IPTs)**

The JLENS system shall be developed using a partnership between the government and industry. The IPTs shall be the basis of this partnership. The contractor shall implement IPTs as an integral part of the JDP. The contractor shall be an integral member of all government IPTs and the government will be an integral member of all contractor IPTs. (S1A, S1B, S2, S3)

## **2.0 PROGRAM MANAGEMENT**

### **2.1 General**

The contractor shall ensure all activities are controlled, scheduled, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall implement an integrated master approach defining the events, accomplishments, criteria, and associated processes in accordance with (IAW) contract Attachment A1 entitled, "Program Management Approach". (S1A, S1B, S2, S3)

### **2.2 Meetings and Reviews - Contractor Internal**

The contractor shall identify, conduct, support, attend, and document reviews, and make assessments by which the degree of completion of technical and programmatic efforts related to major schedule milestones can be made. The contractor shall notify and invite the government to all such contractor and subcontractor reviews in a timely manner. (S1A, S1B, S2, S3)

000052

**2.3 Meetings and Reviews - Contractor/Government**

The contractor shall conduct a kick off meeting. The contractor shall present for government approval detailed paths/entrance and exit criteria for Concept Preliminary Design Review (CPDR) and Concept Critical Design Review (CCDR). The contractor shall present a draft master integrated program schedule (MIPS); specification tree diagram; Contract Work Breakdown Structure (CWBS); subcontractor award schedules/status; and the draft Simulation, Test, and Evaluation Plan (STEP). The contractor shall conduct quarterly program reviews (QPRs). The QPRs shall address the technical performance; cost, technical and schedule progress; program status; staffing; and issues that could affect program execution. The contractor shall relate technical accomplishment to cost and schedule using earned value during QPRs. For the RM/D Segment, there shall be QPRs for Risk Management and Design. The contractor shall conduct PM level reviews at the request of the JLENS Project Manager. (CDRL A001, B001) (S1A, S1B, S2, S3)

**2.4 Master Integrated Program Schedule (MIPS)**

The contractor shall plan, organize, and document the sequence of program events in a MIPS by which the program's progress is measured and assessed. The contractor shall document and provide the relationship between the MIPS and the CWBS. (CDRL A002, B002) (S1A, S1B, S2, S3)

**2.5 Contract Work Breakdown Structure (CWBS)**

The contractor shall implement and maintain a CWBS and dictionary. The contractor shall use the CWBS as the primary framework for planning, budgeting, controlling, and reporting the status of program cost, schedules, and technical performance. The CWBS shall be developed to the lowest level at which work is performed. (CDRL A003; B003) (S1B, S2, S3)

**2.6 Cost Reporting****2.6.1 Funds Manhour Expenditure Report**

The contractor shall provide a Funds Manhour Expenditure Report. (CDRL A004, C002) (S1A, S3)

**2.6.2 Cost/Schedule Status Reports (C/SSR)**

The contractor shall develop and implement a management control process that effectively uses earned value for integrated cost, schedule, and technical performance management. This shall include an earned value management control process which provides the basis for planning and controlling cost and schedule, measuring performance and progress, and generating timely, reliable reports. The contractor shall flow down earned value management and reporting requirements to major subcontractors which,

000053

based on risk, schedule criticality, and dollar value of their subcontract, are important to the successful completion of the program. The contractor shall prepare and provide C/SSRs (CDRL A005, B020), and Contract Funds Status Reports (CFSRs) (CDRL A006, B004). The contractor shall report to CWBS level 3 except payload elements (PTIR and SR) shall be reported to CWBS level 4. Lower level reporting may be required based upon risk and will be determined at the Integrated Baseline Review (IBR). (CDRL A001, B001). The contractor shall provide a one-page white paper in contractor format explaining variances upon the request of the JLENS Project Manager. (CDRL A005, B020) (S1B, S2)

**2.7 Program Budgetary Cost Estimate (PBCE)**

The contractor shall develop, update, and maintain a PBCE. The PBCE shall be based upon the C/SSR and the FMER for the existing segment. For future segments the contract price shall be used for a baseline. Rough estimated cost for EMD, procurement, and sustainment shall be developed. Anticipated EMD, procurement and sustainment requirements are at Attachment A2. Updates to Attachment 2 shall be provided periodically via a Contracting Officer letter. (CDRL A007, B005) (S1B, S2, S3)

**2.8 Cost As An Independent Variable (CAIV)**

Cost As An Independent Variable (CAIV) shall be an integral consideration in all aspects of this contract. The contractor shall implement CAIV as authorized by the contracting officer IAW the contract Attachment A3 entitled, "Cost as An Independent Variable Approach". (S1B, S2, S3)

**2.9 Data Management**

The contractor shall establish and implement a data management process that shall reproduce, catalog, store, and deliver data items. The contractor shall make available all technical and programmatic data as required by the government. (CDRL A008, B006) The contractor shall maintain a data repository for classified and unclassified storage and an efficient means to accomplish fast and accurate data retrieval. All contractual data items shall be delivered in electronic format on permitted media. [REDACTED]

(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)

[REDACTED] These requirements may be revised at the sole discretion of the government in order to incorporate newer or improved versions of software. The following electronic media is permissible: CD-ROM, Zip Disk, JAZZ drive and 3.5 inch diskettes. Media (e.g., diskettes, tapes, etc.) under this contract shall be free of viruses. The contractor shall test such media for viruses prior to delivery. (S1A, S1B, S2, S3)

000054

### **3.0 SYSTEM ENGINEERING**

#### **3.1 General**

The contractor shall implement systems engineering practices and provide a system design that meets the requirements of this SOW and the APS. Systems Engineering shall include system engineering requirements allocation, system analyses, hardware, software, test requirements/plans, interface management and integration, safety, modeling and simulations, and technical reviews and meetings. The contractor shall implement system engineering IAW contract Attachment A4, entitled, "System Engineering Approach". **(S1B, S2)**

#### **3.2 System Engineering Requirements Allocation**

The contractor shall develop and provide a Specification Tree to the equivalent of the Critical Item (CI)/subsystem level. (CDRL A009, B007) The contractor shall flow down the requirements of the APS to the equivalent of the CI/subsystem level. . The contractor shall develop and maintain hardware design documentation that will allow the contractor to replicate the JLENS hardware. The contractor shall document this requirement allocation and supporting analyses in a Design Notebook (CDRL A010, B008). The Design Notebook shall include refinements of and updates to the information presented in the technical proposal. The contractor shall define and document the details of the design and requirements in hardware and software performance specifications to the level annotated in the JDP. (CDRL A011, B009). Below this level, the contractor shall develop and maintain in contractor format, performance specifications to the equivalent CI/subsystem level. The contractor shall develop Interface Control Documents (ICDs) for internal and external interfaces. (CDRL A012, B010) **(S1B, S2)**

#### **3.3 System Analyses**

The contractor shall conduct performance analyses to support the system design IAW the requirements of the JDP. System error budgets (to include timing errors) up to the weapon system interface shall be established to include all components. The contractor shall conduct analyses that establish the sensitivity of system performance to these error budgets. Performance analyses shall be completed and system design shall be established prior to CPDR and updated prior to CCDR. The contractor shall conduct trade studies that shall be completed prior to CPDR. All trade studies shall address CAIV. All analyses generated in paragraph 3.3 shall be included in the Design Notebook. (CDRL A010, B008) **(S1B, S2)**

000055

### **3.4 Hardware**

The contractor shall design, develop and integrate hardware that meets the requirements of the hardware performance specifications and ICDs. The contractor shall provide and maintain sufficient hardware to meet the requirements of this contract. The contractor shall be responsible for total support of the hardware, including all maintenance and provision of spare and repair parts. (S1B, S2)

### **3.5 Software**

#### **3.5.1 Reuse**

The contractor shall maximize use of reusable software products. (S1, S2)

#### **3.5.2 Software Engineering Environment (SEE)**

The contractor shall establish, control, and maintain a SEE. The SEE is the facilities, hardware, software, firmware, procedures, and documentation needed to perform software development and software testing. Elements may include, but are not limited to, computer-aided software engineering (CASE) tools, software development library, software development files, compilers, assemblers, linkers, loaders, operating systems, debuggers, simulators, emulators, documentation tools, database management systems, simulators, code analyzers, test case generators, and path analyzers. (S1, S2)

#### **3.5.3 Software Development**

The contractor shall develop, document, provide and implement a software development plan. (CDRL A013, B011) The contractor shall design, develop, and integrate software that meets the requirements of the software performance specifications and ICDs. The contractor shall develop and maintain software documentation and code that will allow the contractor to replicate and modify the JLENS software. The contractor shall document the design decisions, algorithm descriptions, and the architectural and interface design for each CSCI. The contractor shall document the detailed design and requirements traceability for each software unit in a CSCI. (S1, S2)

#### **3.5.4 Software Testing**

The contractor shall develop, document, and implement a software test plan for software testing. The contractor shall conduct unit and unit integration testing for all software units and shall document the specific test cases and related test procedures. The government may participate in all software testing. (S1, S2)

#### **3.5.5 Software Version**

The contractor shall document the exact version of each software release. (S1, S2)

000056

**3.5.6 Corrective Action**

The contractor shall implement a closed-loop corrective action system for resolving detected software product problems after Concept Critical Design Review (CCDR). The contractor shall document each detected software product problem and its solution. (S1, S2, S3)

**3.5.7 Management Indicators**

The contractor shall collect, interpret, use, and report software management indicators. The contractor shall address software management indicators and corrective actions at the QPRs. (S1, S2)

**3.6 Test Requirements/Plans**

The contractor shall develop and document test requirements/plans to ensure system integration and to verify the system meets the requirements of the JDP. (CDRL A017, B014) (S1B, S2)

**3.7 Interface Management and Integration**

The design shall be modular to the maximum extent possible. The design of the surveillance radar and precision track and illumination radar shall enhance interchangeability on an Aerostat and shall facilitate substitution of radars from a separate source. (CDRL A012, B010) (S1B, S2)

**3.8 Safety**

The contractor shall conduct system safety engineering in support of all design, development, and test activities. A safety assessment report shall be prepared. (CDRL A014, B012) Safety shall be addressed at each QPR. (S1A, S1B, S2, S3)

**3.9 Modeling and Simulation**

The contractor shall implement modeling and simulation IAW contract Attachment A5, entitled, "Simulation, Test and Evaluation Approach". (S1B, S2)

**3.9.1 Engineering Modeling and Simulations**

The contractor shall develop simulation tools that model system and subsystems performance to support system engineering, design, development, test and evaluation. Simulation results shall be available for government review. The models and simulations shall include the capabilities and functions as represented in the APS. These models and simulations shall be configured to operate either individually or collectively as a JLENS System. [REDACTED]

[REDACTED] JLENS System Model shall be provided to the government. (CDRL A015, B013) (S1B, S2)

(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)

000057

**3.9.2 System Integration Laboratory (SIL)**

The contractor shall develop and maintain a SIL consisting of simulations, models, hardware and software that replicates the JLENS system. The SIL shall be used for integration of hardware and software. Actual JLENS system hardware and software shall be integrated and tested at the SIL prior to shipment for system level testing. The SIL shall be used for all pre- and post-test analysis. **(S1B, S2)**

**3.10 Technical Reviews and Meetings**

**3.10.1 Concept Preliminary Design Review (CPDR)**

Using the government approved path to CPDR, the contractor shall conduct a CPDR at the contractor's facilities. **(CDRL A016) (S1B)**

**3.10.1.1 CPDR Entrance Criteria**

Minimum CPDR entrance requirements shall include contractor completed Specification Tree, System Analyses, flow down of requirements, and Hardware and Software Performance Specifications as specified in the APS; status of risk mitigation efforts; CAIV; and any additional criteria agreed to at the kick-off meeting. **(S1B)**

**3.10.1.2 CPDR Exit Criteria**

Minimum CPDR exit criteria shall include: government approved CPDR minutes, closed critical action items as agreed at the CPDR, and any additional criteria agreed to at the kick-off meeting. **(S1B)**

**3.10.2 CCDR**

Using the government approved path to CCDR, the contractor shall conduct a CCDR at the contractor's facilities. **(CDRL A016) (S1B)**

**3.10.2.1 CCDR Entrance Criteria**

Minimum CCDR entrance requirements shall include update of CPDR items and contractor completed: performance specifications; hardware and software design; ICDs; trade studies; risk mitigation status and test data; CAIV; and any additional agreed to criteria. **(S1B)**

**3.10.2.2 CCDR Exit Criteria**

Minimum CCDR exit criteria shall include: government approved CCDR minutes, closed critical action items as agreed at the CCDR, establishment of the closed loop corrective action system, and any additional criteria agreed to at the CPDR. **(S1B)**

000058

#### **4.0 RISK MITIGATION**

##### **4.1 General**

Risk mitigation is the demonstration by the contractor that technical, schedule, and cost risks of the JLENS system have been reduced to acceptable levels to justify entry into the next segment of the JDP. The contractor shall implement by segments the contract Attachment A6 entitled, "Risk Mitigation Approach". (S1A, S1B, S2)

##### **4.2 Risk Mitigation Tasks of RM/D Segment**

The contractor shall provide the status of risk mitigation tasks during the execution of this segment. All changes to the Risk Mitigation Approach for this segment shall be submitted to the government for approval. Risk Mitigation shall be addressed at each QPR. Risk Mitigation test results shall be incorporated into the Design Notebook. (CDRL A010, B008) (S1A)

##### **4.3 Design and Development Risk Mitigation Tasks**

The contractor shall provide the status of risk mitigation tasks during the execution of the Design and Development segments. All changes to the Risk Mitigation Approach for the segments shall be submitted to the government for approval. Risk Mitigation shall be addressed at each QPR. (S1B, S2)

#### **5.0 TEST AND EVALUATION**

##### **5.1 General**

The contractor shall conduct a contractor Test and Evaluation (T&E) program and support a government T&E program. The contractor's T&E program shall demonstrate that the requirements contained in the APS have been satisfied. The contractor shall maintain traceability from the APS to all specifications when defining or developing required tests to meet the JLENS test objectives. The contractor shall allow government participation (on a non-interference basis) in contractor and subcontractor tests and demonstrations. The contractor shall implement Test and Evaluation IAW the contract Attachment A5 entitled, "Simulation, Test and Evaluation Approach". As a minimum, the contractor shall perform component and subsystem level testing, system ground tests, and system demonstration. The contractor shall support Early User Testing (EUT). (S2)

##### **5.2 Test Plans, Reports, and Reviews**

The contractor shall prepare and submit detailed test plans for component, subsystem, and system test events and system level integration testing. (CDRL B014) The contractor shall include entrance and exit criteria for each test event described in the test plans. The contractor shall prepare and

000059

submit test reports to document the results of component, subsystem and system test events and system level integration testing. (CDRL B015) The contractor shall conduct test readiness reviews (TRRs) prior to ground testing, system demonstrations, and EUT. The government will be the approval authority for all TRRs. (CDRL B016) (S2)

**5.3 Component and Subsystem Testing**

The contractor shall perform component and subsystem tests and integration testing that demonstrate the maturity of the components and subsystems to enter into Ground Testing. Testing shall be conducted IAW approved test plans. (S2)

**5.4 Ground Testing**

The contractor shall perform Ground Testing that demonstrates the maturity of the system to enter into System Demonstration. Ground Testing is the system level demonstration, less air vehicle or with the air vehicle moored, of the full technical capability and integration of the system at a land based site. The contractor shall demonstrate that all components of the JLENS system operate IAW the APS to include both internal and external interfaces. Testing shall be conducted IAW approved test plans. (S2)

**5.5 System Demonstrations**

The contractor shall perform System Demonstrations that demonstrate all components of the JLENS system operate IAW the APS to include both internal and external interfaces. System Demonstrations are system level demonstrations of the full technical capability and integration of the system at a land based site with the air vehicle deployed. [REDACTED]

(b)(3)

[REDACTED] Testing shall be conducted IAW approved test plans. (S2)

**5.6 Early User Test (EUT)**

The contractor shall support the government in the conduct of an Aerostat EUT using government test plans and procedures. The EUT will demonstrate and verify the capabilities of the contractor's total "leave-behind" system for acceptance by the government as an operational and supportable system. The EUT will employ trained military/civilian operators with contractor oversight.

[REDACTED]

(b)(3)

The contractor shall be responsible for the delivery of test articles (hardware and software) in the approved configuration and the integration/checkout of the system at the government designated test sites. EUT readiness shall be determined by the government after completion of an EUT TRR. The contractor shall

000060

assist the government with collection, reduction, analysis, and reporting of EUT test data. The EUT may be conducted concurrently with the system demonstrations. (S3)

## **6.0 SPECIALTY ENGINEERING**

### **6.1 Logistics**

The contractor shall provide for total contractor logistics support. The contractor shall develop and document a logistics support program for the JLENS system using DoDI 5000.2, AR 700-127, and MIL-PRF-49506, as guides. The contractor shall implement integrated logistics support IAW the contract Attachment A7 entitled, "Integrated Logistics Support Approach". (S1B, S2, S3)

#### **6.1.1 Integrated Support Plan**

The logistics support program shall be documented in an integrated support plan (ISP) that delineates the contractor's logistics support concepts, plans, and procedures for the JLENS system. (CDRL A018, B017) The ISP shall include provisions for MANPRINT, maintenance, supply support, equipment, and training planning. (S1B, S2, S3)

#### **6.1.2 Training**

A016 (Continued)

The contractor shall meet all the requirements for conducting a CPDR or CCDR.

1.0 Risk.

1.1 Maturity to Enter Next Part or Segment.

1.1.1 Payload(s) Risk to Enter Next Part or Segment.

1.1.1.1 Precision Track Illumination Radar (PTIR) Technical Risk Mitigation.

a. The contractor shall submit data to demonstrate the maturity of the PTIR to enter next part or segment. Data shall address all hardware and software components of the PTIR. For the purposes of this solicitation, components are defined to be low-level software units for software, and to circuit card assembly (CCA) and equivalent mechanical part levels for hardware. Do not include data on hardware or software that does not directly relate to the next part or segment. Detailed specification trees to the component level (hardware and software) shall be provided. All data shall be indexed to the specification trees. Integration shall be addressed at all levels. All claims shall be supported by data (test, simulation, analysis) and the sources of all leveraged technology shall be stated. All data shall be capable of being validated. Risk definitions of high, medium, and low shall not be used. Rather, submit a specific definition of the risk area, with the appropriate data that shows specifically how the risk has been mitigated and what risk areas remain.

b. If appropriate, the offeror may submit other data to demonstrate the maturity of the PTIR to enter next part or segment.

1.1.1.2 Surveillance Radar (SR) Technical Risk Mitigation.

a. The contractor shall submit data to demonstrate the maturity of the SR to enter next part or segment. Data shall address all hardware and software components of the SR. For the purposes of this solicitation, components are defined to be low-level software units for software, and to circuit card assembly (CCA) and equivalent mechanical part levels for hardware. Do not include data on hardware or software that does not directly relate to the next part or segment. Detailed specification trees to the component level (hardware and software) shall be provided. All data shall be indexed to the specification trees. Integration shall be addressed at all levels. All claims shall be supported by data (test, simulation, analysis) and the sources of all leveraged technology shall be stated. All data shall be capable of being validated. Risk definitions of high, medium, and low shall not be used. Rather, submit a specific definition of the risk area, with the appropriate data that shows specifically how the risk has been mitigated and what risk areas remain.

000087

b. If appropriate, the offeror may submit other data to demonstrate the maturity of the SR to enter next part or segment.

1.1.2 Integration Risk (Technical) to Enter Next Part or Segment.

a. The contractor shall submit data to demonstrate the maturity of the aerostat system integration to enter next part or segment. Data shall address all hardware and software components of the aerostat system. For the purposes of this solicitation, components are defined to be low-level software units for software, and to circuit card assembly (CCA) and equivalent mechanical part levels for hardware. Do not include data on hardware or software that does not directly relate to the next part or segment. Detailed specification trees to the component level (hardware and software) shall be provided. All data shall be indexed to the specification trees. Integration shall be addressed at all levels. All claims shall be supported by data (test, simulation, analysis) and the sources of all leveraged technology shall be stated. All data shall be capable of being validated. Risk definitions of high, medium, and low shall not be used. Rather, submit a specific definition of the risk area, with the appropriate data that shows specifically how the risk has been mitigated and what risk areas remain.

b. If appropriate, the offeror may submit other data to demonstrate the maturity of the aerostat system to enter next part or segment.

1.1.3 Platform(s) Technical Risk to Enter Next Part or Segment.

a. The contractor shall submit data to demonstrate the maturity of the platform(s) to enter next part or segment. Data shall address all hardware and software components of the platform(s). For the purposes of this solicitation, components are defined to be low-level software units for software, and to circuit card assembly (CCA) and equivalent mechanical part levels for hardware. Do not include data on hardware or software that does not directly relate to the next part or segment. Detailed specification trees to the component level (hardware and software) shall be provided. All data shall be indexed to the specification trees. Integration shall be addressed at all levels. All claims shall be supported by data (test, simulation, analysis) and the sources of all leveraged technology shall be stated. All data shall be capable of being validated. Risk definitions of high, medium, and low shall not be used. Rather, submit a specific definition of the risk area, with the appropriate data that shows specifically how the risk has been mitigated and what risk areas remain.

b. If appropriate, the offeror may submit other data to demonstrate the maturity of the platform(s) to enter next part or segment.

000088

1.1.4 Processing Station(s) Technical Risk to Enter Next Part or Segment.

a. The contractor shall submit data to demonstrate the maturity of the processing station(s) to enter next part or segment. Data shall address all hardware and software components of the processing station(s). For the purposes of this solicitation, components are defined to be low-level software units for software, and to circuit card assembly (CCA) and equivalent mechanical part levels for hardware. Do not include data on hardware or software that does not directly relate to the next part or segment. Detailed specification trees to the component level (hardware and software) shall be provided. All data shall be indexed to the specification trees. Integration shall be addressed at all levels. All claims shall be supported by data (test, simulation, analysis) and the sources of all leveraged technology shall be stated. All data shall be capable of being validated. Risk definitions of high, medium, and low shall not be used. Rather, submit a specific definition of the risk area, with the appropriate data that shows specifically how the risk has been mitigated and what risk areas remain.

b. If appropriate, the offeror may submit other data to demonstrate the maturity of the processing station(s) to enter next part or segment.

2.0 Technical.

2.1 Effectiveness.

2.1.1 Target Track Performance. The contractor shall provide rationale to demonstrate that the proposed design meets or exceeds the target track performance requirements of the aerostat system, as stated in the aerostat performance specification. Specifically address each requirement of the aerostat performance specification. The offeror shall provide a detailed design and justify in detail the feasibility of the design. The design shall be indexed to the requirements of the aerostat performance specification and traceable to the applicable WBS level.

2.1.2 Target Acquisition Performance. The contractor shall provide rationale to demonstrate that the proposed design meets or exceeds the target acquisition performance requirements of the aerostat system, as stated in the aerostat performance specification. Specifically address each requirement of the aerostat performance specification. The offeror shall provide a detailed design and justify in detail the feasibility of the design. The design shall be indexed to the requirements of the aerostat performance specification and traceable to the applicable WBS level.

000089

2.1.3 Performance. The contractor shall provide rationale to demonstrate that the proposed design meets or exceeds the performance requirements of the aerostat system, as stated in the aerostat performance specification. Specifically address each requirement of the aerostat performance specification. The offeror shall provide a detailed design and justify in detail the feasibility of the design. The design shall be indexed to the requirements of the aerostat performance specification and traceable to the applicable WBS level.

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

2.1.4 Survivability and Countermeasures Performance. The contractor shall provide rationale to demonstrate that the proposed design meets or exceeds the survivability and countermeasures performance requirements of the aerostat system, as stated in the aerostat performance specification. Specifically address each requirement of the aerostat performance specification. The offeror shall provide a detailed design and justify in detail the feasibility of the design. The design shall be indexed to the requirements of the aerostat performance specification and traceable to the applicable WBS level.

2.1.5 Inherent Availability. The contractor shall provide rationale to demonstrate that the proposed design meets or exceeds the survivability and countermeasures performance requirements of the aerostat system, as stated in the aerostat performance specification. Specifically address each requirement of the aerostat performance specification. The offeror shall provide a detailed design and justify in detail the feasibility of the design. The design shall be indexed to the requirements of the aerostat performance specification and traceable to the applicable WBS level.

2.2 Design.

2.2.1 Modularity/Growth. The contractor shall provide rationale to demonstrate that the proposed design meets or exceeds the modularity/growth requirements of the aerostat system, as stated in the aerostat performance specification. The offeror shall provide a detailed design and justify in detail the flexibility of the design. The design shall be indexed to the requirements of the aerostat performance specification.

3.0 Cost. To enter the next part or segment, the contractor shall submit cost reports, in C/SSR format, to show how the contractor has met original cost proposal goals during the previous part or segment. Cost reports shall be presented in sufficient detail to allow government evaluation of offeror's ability to meet the original cost proposal goals.

H-8. [REDACTED] THROUGH [REDACTED]  
[REDACTED] Fuels as identified below will be provided through [REDACTED] with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$1,324,020 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 May 98. The amount of [REDACTED] is obligated for Potential Fee for a total amount of [REDACTED] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$10,819,608 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 31 Jul 98. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of [REDACTED] for CLIN 0003. H-8. [REDACTED] THROUGH [REDACTED]  
[REDACTED] Fuels as identified below will be provided through [REDACTED] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$1,482,003 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 29 Aug 00. The amount of [REDACTED] is obligated for Potential Fee for a total amount of [REDACTED] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$17,884,050 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 18 Sep 98. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of [REDACTED] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$1,482,003 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 29 Aug 00. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

[REDACTED] Fuels as identified below will be in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Flour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

(a)(b)

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$1,482,003 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 29 Aug 00. The amount of [REDACTED] is obligated for Potential Fee for a total amount of [REDACTED] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$17,984,779 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 18 Sep 88. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of [REDACTED] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

(b)(4)

	PLANNED DATE OF FUNDING	AMOUNT	CUMULATIVE
CLIN 0001	FY98 - Second Quarter	\$546,043	\$ 546,043

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

[REDACTED] Fuels as identified below will be [REDACTED] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$982,003 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 31 Jan 99. The amount of [REDACTED] is obligated for Potential Fee for a total amount of [REDACTED] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$17,984,779 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 18 Sep 98. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of [REDACTED] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

(b)(4)

Notwithstanding FAR 52.232-22, "Limitation of Funds", the contractor agrees to the following:

**FAR 52.216-10 INCENTIVE FEE**

Paragraph (e)(1) is stated as follows:  
"(c) Fee Payable. (1) The fee payable under this contract shall be the target fee increased by [redacted] for every dollar that the total allowable cost is less than the target cost or decreased by [redacted] for every dollar that the total allowable cost exceeds the target cost until a threshold minimum fee amount of [redacted] is reached. In no event shall the fee be greater than [redacted]. For allowable costs which exceed the point at which a threshold minimum fee of [redacted] reached, the government's share will be [redacted] and the contractor's share will be [redacted] until the contractor's share equals [redacted] thereafter the government will reimburse the contractor [redacted] of the allowable cost, the contractor's share being [redacted] until the contractor's share of such allowable costs equals [redacted] of target cost at which point the share ratio will be [redacted] government and [redacted] contractor until completion of this CLIN.

(b)(4)

**B-8. AWARD FEE (APPLICABLE TO CLINs 0005/0006):**

a. The contractor's performance hereunder shall be evaluated in accordance with this provision and H-6 "AWARD FEE EVALUATION". Award fee earned by the contractor, as determined by the Award Fee Determining Official, will be awarded by the execution of a unilateral modification to the contract issued approximately sixty (60) days following completion of each award fee period.

000215

b. Fee determinations by the Award Fee Determining Official shall not be subject to the clause of this contract titled "Disputes" and shall be final.

c. Following is a list by award fee period of the Award Fee Available, Award Fee Earned, and Award Fee Not Earned Removed From Contract, applicable to this contract:

<u>AWARD FEE PERIOD</u>	<u>AWARD FEE AVAILABLE</u>	<u>AWARD FEE EARNED</u>	<u>AWARD FEE NOT EARNED REMOVED FROM CONTRACT</u>
First	[REDACTED]	\$ _____	\$ _____
Second		\$ _____	\$ _____
Third		\$ _____	\$ _____

(1,)(4)

d. Following the award fee determination for the period, the Government will modify the contract to definitize the award fee earned by the contractor. The contractor may, in turn, voucher for the earned award fee.

**B-9. COMPLETION TYPE COST REIMBURSEMENT CONTRACT:**

a. Performance of Contract Line Items 0001/0002, 0003/0004, 0005/0006 (if exercised) and 0007/0008 (if exercised) shall be accomplished on a completion basis as defined in FAR 16.306(d)(1). Pending satisfactory completion of the task, fee payments are provisional and are not final. Fee payments will not become final unless and until the contractor performs the task required by CLINs 0003, 0005 (if exercised), and 0007 (if exercised) and delivers data required by CLINs 0006 (if exercised), and 0008 (if exercised) and such are accepted by the Government as being satisfactory. In the event the task cannot be completed by the contractor within the estimated cost of the CLIN, the Government may require completion of the task without increase in fee, provided the Government increases the estimated cost of the CLIN under the *LIMITATION OF COST or FUNDS* contract clause.

b. CLIN 0001 will be considered complete based upon the completion of CCDD and SOW requirements.

c. CLIN 0003 will be considered complete based upon the completion of CCDD and SOW requirements.

d. CLIN 0005 (if exercised) will be considered complete based upon the completion of establishment of functional system integration laboratory, PTIR/SR fabrication complete and tested on ground, successful JLENS Demonstration, Early User Test (EUT) and SOW requirements.

e. CLIN 0007 (if exercised) will be considered complete based upon the completion of the scope of work requirements.

f. CLINs 0002, 0004, 0006 (if exercised), 0008 (if exercised) will be considered complete based upon a determination that all data and reports have been submitted and accepted, as set forth in Block 8 of each exhibit line item number of the DD Form 1423.

c. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

d. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

e. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the LIMITATION OF FUNDS clause.)

H-15. PARTNERING FOR SUCCESS: In an effort to most effectively accomplish the objectives of this contract, the government, the contractor, and the contractor's major subcontractors propose to engage in the Partnering process. The objective of Partnering is the establishment of a commitment between government and industry to improve communications and avoid disputes. After award, the parties will decide whether or not to engage in the Partnering process. If the parties decide to engage in Partnering, the parties will also decide the aspects of Partnering most applicable to the performance of this contract. It is intended that the framework for the process will be the Army Space and Missile Defense Command Model Partnering Process. The establishment of a Partnering arrangement will not affect the legal responsibilities of or relationship of the parties and cannot be used to alter, supplement, or deviate from the terms of the contract. Any changes to the contract must be executed in writing by the Contracting Officer.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$982,003 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 31 Jan 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$16,854,984 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 30 Sep 98. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$457,000 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 23 Sep 98. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$16,854,954 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 30 Sep 98. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$457,000 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 23 Sep 98. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$17,339,844 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 25 Oct 98. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

## SECTION SF 30 BLOCK 14 CONTINUATION PAGE

Based on the FY 99 Appropriation Act the amount of FY99 planned funding for Contract DASG60-98-C-0001 will not exceed \$8.5M. The Stop Work Order agreed to by Modification P00017 is extended through 30 Sep 99 and is expanded and clarified as follows:

- A. Stop all Work except for [REDACTED] and system/subsystem/sensor engineering to support sensor demonstration planning. (b)(3)(A)  
(i)&Title  
10 Sec 130
- B. Also Stop all work related to CDRLs except CDRLs A001, A005, A006, A016, A017, A019, A020. Work on these CDRLs is limited to report of [REDACTED] activities. (a)(b)
- C. Within the work related to [REDACTED] priority shall be given to development of the JLENS Prototype Processing Station (PPS) and communication payload. This also includes effort for participation in the [REDACTED] demonstration that is part of JLENS preparation for [REDACTED]. This does not include planning or work towards [REDACTED]. (b)(3)(A)  
(i)&Title  
10 Sec  
130 (a)(b)
- D. With respect to C. above, the performance schedule is as follows: The first of a series of technical reviews will be held in Dec 98. This review will be used by the government to determine the readiness of the PPS for participation in [REDACTED]. Final DRRs are scheduled for Feb 99 for [REDACTED] and Apr 99 for [REDACTED]. (b)(3)(A)  
(i)&Title  
10 Sec 130
- E. The government will continue to provide the 71M testbed and/or the 15M platform in FY 99 as GFE to support FY 99 exercises and demonstrations. (a)(b)
- F. The contractor shall participate in program reviews, such as monthly face-to-face PM level meetings, and make maximum use of VTC capability.
- G. Stop all effort associated with JLENS System Model (JSM).

The parties agree that the options for CLINs 0005/0006 and 0007/0008 are extended by the total period of time of the stop work orders issued under this contract, subject to an equitable adjustment, prior to their execution.

H-8 GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

H-8 GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below.

H-9 DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$29,313,228 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

(b)(4)

	PLANNED DATE OF FUNDING	AMOUNT	CUMULATIVE
CLIN 0001	FY98 - Second Quarter	\$546,043	\$ 546,043
	FY98 - Third Quarter	\$934,701	\$1,480,744

H-8 GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9 DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$[redacted] is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of \$31,923,822 for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

c. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

d. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

e. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the LIMITATION OF FUNDS clause.)

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

(b)(3)

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$28,402,238 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

SECTION G - CONTRACT ADMINISTRATION DATAG-1. INVOICING AND VOUCHERING:

a. Public vouchers, together with any necessary supporting documentation, shall be submitted to the cognizant Defense Contract Audit Agency (DCAA) Office, prior to payment by the Finance and Accounting Office specified in Block 12, Page 1, Section A, of Standard Form 26.

b. A copy of each voucher, together with any necessary supporting documentation, shall also be submitted to the issuing office specified in Block 5, Page 1, Section A of Standard Form 26, concurrently with submission to the DCAA.

c. The contractor shall identify on each public voucher: (1) The accounting classification reference number (ACRN) assigned to the accounting classification which pertains to the charges billed, e.g. "ACRN: AA;" (2) the Order Number/PRON; and (3) the words "BMD CONTRACT" in bold type on the face page of the voucher. Since vouchers are paid by Order Number/PRON within accounting classification, it is necessary that the Order Number/PRON be shown on each voucher.

d. The contractor may include in provisional vouchers target fee based on the percentage of work completed, subject to the withholding reserve of the contract clause titled "Incentive Fee." The Contracting Officer may elect to withhold or accelerate fee payment based upon the Contractor's actual performance as compared to the milestone events target dates as set forth in Section F-5 hereof. (Applicable to CLINs 0003/0004, 0005/0006, and 0007/0008).

e. The contractor may include in provisional vouchers fixed fee based on the percentage of level of effort hours exerted to the total level of effort hours stipulated in Section B, Paragraph B-18, subject to the withholding reserve of the contract clause titled "Fixed Fee." (Applicable to CLINs 0009/0010).

f. The contractor may include in provisional vouchers fixed fee based on the percentage of work completed, subject to the withholding reserve of the contract clause titled "Fixed Fee." The Contracting Officer may elect to withhold or accelerate fee payment based upon the Contractor's actual performance as compared to the milestone events target dates as set forth in Section F-5 hereof. (Applicable to CLINs 0011/0012).

g. The Paying Office shall ensure that the voucher is disbursed for each ACRN as indicated on the voucher (or as specified herein).

G-2. CONTRACT ADMINISTRATION: Administration of this contract will be performed by the cognizant office as shown in Block 6, Page 1, Section A, of Standard Form 26. No changes, deviations, or waivers shall be effective without a modification of the contract executed by the Contracting Officer or his duly authorized representative authorizing such changes, deviations, or waivers.

000346

G-6. IMPLEMENTATION OF AND EXPLANATION OF THE RELATIONSHIP OF THE LIMITATION OF FUNDS (LOF) CLAUSE TO FEE OBLIGATIONS: The amount of funds estimated to be required for full performance, including fee(s); the amount of funds allotted pursuant to the Contract Clause hereof entitled, Limitations of Funds; the amount of funds currently obligated for fee; and the estimated period of performance covered by the funds allotted are set forth below. Amounts obligated for fee are separate from and are not to be commingled with the amounts allotted for costs and are not available to the contractor to cover costs in excess of those allotted to the contract for cost.

SECTION H - SPECIAL CONTRACT REQUIREMENTS

H-1. TECHNICAL COGNIZANCE AND TECHNICAL DIRECTION:

a. The U.S. Army Space and Missile Defense Command is the cognizant Government technical organization for this contract and will provide technical direction as defined herein. Technical direction shall be exercised by the Project Manager or the Deputy Project Manager:

<u>Name</u>	<u>Office Symbol</u>	<u>Phone Number</u>
[REDACTED]	[REDACTED]	[REDACTED]

(b)(6)  
(b)(6)

b. Technical direction, as defined in this clause is the process by which the progress of the contractor's technical efforts are reviewed and evaluated and guidance for the continuation of the effort is provided by the Government. It also includes technical discussions and, to the extent required and specified elsewhere in this contract, defining interfaces between contractors; approving test plans; approving preliminary and critical design reviews; participating in meetings; providing technical and management information; and responding to request for research and development planning data on all matters pertaining to this contract. The contractor agrees to accept technical direction only in the form and procedure set forth herein below.

c. Except for routine discussions having no impact on contractor performance, any and all technical direction described in paragraph b. above shall only be authorized and binding on the contractor when issued in writing and signed by a Government official designated in a. above. The Technical Direction shall not effect or result in a change within the meaning of the "CHANGES" clause, or any other change in the Scope of Work, price, schedule, or the level of effort required by the contract. Such changes must be executed by the Contracting Officer as a Modification-Change Order, or as a Modification-Supplemental agreement, as appropriate. It is emphasized that such changes are outside the authority of the Government officials designated in a. above who are not authorized to issue any directions which authorize the contractor to exceed or perform less than the contract requirements. Notwithstanding any provision to the contrary in any Technical Directive, the estimated cost of this contract, and, if this contract is incrementally funded, the amount of funds allotted, shall no be increased or deemed to be increased by issuance thereof.

H-2. DOWNWARD ADJUSTMENT PROVISION REGARDING SUBCONTRACTOR COSTS:

a. The target cost and incentive fee of this contract with respect to CLINs 0003 and 0004, are subject to a downward adjustment only, in accordance with the conditions set forth herein. Following is a breakdown of the proposed subcontract efforts and the estimated amounts accepted during negotiations subject to the terms of this clause:

<u>SUBCONTRACTOR</u>	<u>PRICE INCLUDED IN NEGOTIATED VALUE</u>
TRW	\$2,176,293
TCOM	\$8,609,850

000351

b. Upon completion of each subcontractor negotiations with the aforementioned subcontractors, the contractor shall notify the Contracting Officer of the amount negotiated and shall submit to the Contracting Officer accurate, complete, current, and subcontractor certified, subcontract cost, or pricing data together with the supporting prime contractor evaluation and negotiation documentation.

c. In the event that the total negotiated amount is less than that stated in a. above, the parties hereto shall negotiate a downward adjustment in the target cost and incentive fee of this contract and the contract shall be modified in writing accordingly to reflect such downward adjustment and the deletion of this provision in its entirety. In the event that the parties are unable to agree upon such downward adjustment, such disagreement shall be deemed to be a dispute in accordance with the terms of the "Disputes" clause of this contract. In the event that the negotiated amount is equal to or greater than that state above, the contract shall be amended in writing to delete this provision in its entirety.

H-3 OPTIONS: The option CLINs stipulated in the contract may be exercised at the unilateral option of the government. The exercise of the option CLIN shall be by written notice provided to the contractor by the Contracting Officer not later than the dates shown below provided preliminary notice is given by the government thirty (30) days prior to option exercise. The contractor shall incur no costs chargeable to any option CLIN until the Contracting Officer has provided written notification that the option CLIN has been exercised. The option CLINs may be exercised individually and the exercise of an option CLIN will include its attendant data item CLIN:

OPTION	DATE
CLINs 0005/0006 (OPTION I)	
0005AA	NLT 30 Dec 00
0005AB	NLT 30 Dec 02
0005AC	NLT 30 Jun 03
CLINs 0007/0008 (OPTION II)	
0007AA	NLT 30 Nov 01
0007AB	NLT 30 Nov 02
0007AC	NLT 30 Jun 03
CLINs 0011 and 0012 (Option IV)	NLT 30 Dec 05

CLIN 0009: At the unilateral option of the government, CLIN 0009 may be exercised incrementally or totally at any time during the period of performance of the contract, up to the amount set forth in Section B of the contract. The CPFF unit price per DPPH will be used to exercise CLIN 0009, if it is exercised incrementally.

000352

In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0003, the government may postpone the exercise of the option for CLINs 0005/0006 without increase in the estimated cost and fee. In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0005, the government may postpone the exercise of the option for CLINs 0007/0008 without increase in the estimated cost and fee. In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0005 and/or CLIN 0007, the government may postpone the exercise of the option for CLINs 0011 and 0012 without increase in the estimated cost and fee.

Subclin 0005AA and Subclin 0005AB may be exercised individually. Subclin 0005AC may only be exercised if Subclin 0005AA and Subclin 0005AB have been exercised. Subclin 0007AA and Subclin 0007AB may be exercised individually. Subclin 0007AC may only be exercised if Subclin 0007AA and Subclin 0007AB have been exercised.

H-4. COST FOR RISK MITIGATION: During Segment 1, costs allocated to CLIN 0001 shall be limited to those costs directly related to risk mitigation tasks, including associated burden and overhead. These costs shall be exclusive of other development costs, direct and indirect. For example, costs of systems engineering and such support activities as configuration management shall be charged exclusively to CLIN 0003.

H-5. PUBLIC RELEASE OF INFORMATION: The release of information to the public shall be governed by the Security Classification Guide. Requests for release shall be submitted to the U.S. Army Space and Missile Defense Command (USASMDC), ATTN: SMDC-AJ, Program Security Manager, P.O. Box 1500, Huntsville, AL 35807-3801. [REDACTED]

(b)(3)(A)(i)&Title  
10 Sec 130 (a)(b)

H-6. DISTRIBUTION CONTROL OF TECHNICAL INFORMATION:

(b)(7)(F)

a. The following terms applicable to this clause are defined as follows:

(1) Technical Document. Any recorded information that conveys scientific and technical information or technical data.

(2) Scientific and Technical Information. Communicable knowledge or information resulting from or pertaining to conducting and managing a scientific or engineering research effort.

(3) Technical Data. Recorded information related to experimental, developmental, or engineering works that can be used to define an engineering or manufacturing process or to design, procure, produce, support, maintain, operate, repair, or overhaul material. The data may be graphic or pictorial delineations in media such as drawings or photographs, text in specifications or related performance or design type documents, or computer printouts. Examples of technical data include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog-item identifications, and related information and computer software documentation.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001. (b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$28,861,128 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 29 Oct 99. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows: (b)(4)

c. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

d. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

e. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the LIMITATION OF FUNDS clause.)

**STATEMENT OF WORK**

1 Oct 99

Rev 1

000397

## 1.0 INTRODUCTION

### 1.1 Objective

The JLENS Program has three primary objectives: 1) mitigation of the risk associated with the execution of the program, 2) design, development, fabrication, integration, test, demonstration, and maintenance of a system which meets the JLENS performance requirements, and (3) provide an operational "leave behind" system. (3, 5, 7, 9, 11)

### 1.2 Scope

This Statement of Work (SOW) defines the requirements for a JLENS Program. Technical requirements are contained in the JLENS Performance Specification (JPS). The JLENS Program is composed of three segments: 1) Risk Mitigation (RM); 2) Design, Development, Demonstration, and Test (DDD&T); and 3) Operations and Sustainment (O&S). The contractor shall design, develop, procure, fabricate, integrate, test, demonstrate, operate, and maintain a system that meets the requirements of this SOW and the JPS. (3, 5, 7, 9, 11)

### 1.3 Integrated Product Teams (IPTs)

The JLENS system shall be developed using a partnership between the government and industry. The IPTs shall be the basis of this partnership. The contractor shall implement IPTs as an integral part of the JLENS Program. The contractor shall be an integral member of government IPTs and the government will be an integral member of contractor IPTs. (3, 5, 7, 9, 11)

## 2.0 PROGRAM MANAGEMENT

### 2.1 General

The contractor shall ensure all activities are controlled, scheduled, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall implement an integrated master approach defining the events, accomplishments, criteria, and associated processes in accordance with (IAW) contract Attachment A1 entitled, "Program Management Approach." (3, 5, 7, 9, 11)

### 2.2 Meetings and Reviews - Contractor Internal

The contractor shall identify, conduct, support, attend, and document reviews, and make assessments by which the degree of completion of technical and programmatic efforts related to major schedule milestones can be made. The contractor shall notify and invite the government to all such contractor and subcontractor reviews in a timely manner. (3, 5, 7, 9, 11)

000398

**2.3 Meetings and Reviews - Contractor/Government**

The contractor shall conduct program reviews (PRs). The PRs shall address the technical performance; cost, technical and schedule progress; program status; staffing; and issues that could affect program execution. The contractor shall relate technical accomplishment to cost and schedule using earned value during PRs. The contractor shall conduct PM level reviews at the request of the JLENS Project Manager. (CDRL A001, B001) (3, 5, 7, 9, 11)

**2.4 Master Integrated Program Schedule (MIPS)**

The contractor shall plan, organize, and document the sequence of program events in a MIPS by which the program's progress is measured and assessed. The contractor shall document and provide the relationship between the MIPS and the CWBS. (CDRL A002) (3, 5, 7, 9, 11)

**2.5 Contract Work Breakdown Structure (CWBS)**

The contractor shall implement and maintain a CWBS and dictionary. The contractor shall use the CWBS as the primary framework for planning, budgeting, controlling, and reporting the status of program cost, schedules, and technical performance. The CWBS shall be developed to the lowest level at which work is performed. (CDRL A003) (3, 5, 7, 9, 11)

**2.6 Cost Reporting**

**2.6.1 Funds Manhour Expenditure Report**

The contractor shall provide a Funds Manhour Expenditure Report. (CDRL B002) (9, 11)

**2.6.2 Cost/Schedule Status Reports (C/SSR)**

The contractor shall develop and implement a management control process that effectively uses earned value for integrated cost, schedule, and technical performance management. This shall include an earned value management control process which provides the basis for planning and controlling cost and schedule, measuring performance and progress, and generating timely, reliable reports. The contractor shall flow down earned value management and reporting requirements to major subcontractors which,

000399

based on risk, schedule criticality, and dollar value of their subcontract, are important to the successful completion of the program. The contractor shall prepare and provide C/SSRs (CDRL A003), and Contract Funds Status Reports (CFSRs) (CDRL A004). The contractor shall report to CWBS level 3 except payload elements (PTIR and SR) shall be reported to CWBS level 4. Lower level reporting may be required based upon risk and will be determined at the Integrated Baseline Review (IBR). (CDRL A001). The contractor shall provide a one-page white paper in contractor format explaining variances. (CDRL A003) (3, 5, 7)

**2.6.3 Program Cost Estimate**

Rough estimated cost for EMD, procurement, and sustainment shall be developed. Anticipated EMD, procurement and sustainment requirements shall be provided periodically via a Contracting Officer letter. (CDRL A005, B003) (3, 5, 7, 11)

**2.7 Renumbered previous paragraph to paragraph 2.63.**

**2.8 See para 3.1**

**2.9 Data Management**

The contractor shall establish and implement a data management process that shall reproduce, catalog, store, and deliver data items. The contractor shall make available all technical and programmatic data as required by the government. (CDRL A006, B004) The contractor shall maintain a data repository for classified and unclassified storage and an efficient means to accomplish fast and accurate data retrieval. All contractual data items shall be delivered in electronic format on permitted media. [REDACTED]

(b)(3)(A)  
(i)&Title 10  
Sec 130(a)(b)

[REDACTED] These requirements may be revised at the sole discretion of the government in order to incorporate newer or improved versions of software. The following electronic media is permissible: CD-ROM, Zip Disk, JAZZ drive and 3.5 inch diskettes. Media (e.g., diskettes, tapes, etc.) under this contract shall be free of viruses. The contractor shall test such media for viruses prior to delivery. (3, 5, 7, 9, 11)

### 3.0 SYSTEM ENGINEERING

#### 3.1 General

The contractor shall implement systems engineering practices and provide a system design that meets the requirements of this SOW and the JPS. Systems Engineering shall include system engineering requirements allocation, system analyses, hardware, software, test requirements/plans, interface management and integration, safety, modeling and simulations, Cost as an Independent Variable (CAIV), and technical reviews and meetings. The contractor shall implement CAIV as authorized by the contracting officer IAW contract Attachment 3 entitled, "Cost as An Independent Variable Approach" and IAW contract Attachment 4 entitled, "System Engineering Approach". (3, 5, 7, 9, 11)

#### 3.2 System Engineering Requirements Allocation

The contractor shall develop and provide a Specification Tree to the equivalent of the Critical Item (CI)/Prime Item/subsystem level. (CDRL A007) The contractor shall flow down the requirements of the JPS to the equivalent of the CI/Prime Item/subsystem level. The contractor shall develop and maintain hardware design documentation that will allow the contractor to replicate the JLENS hardware. The contractor shall document this requirement allocation and supporting analyses in a Design Notebook (CDRL A008). The Design Notebook shall include refinements of and updates to the information presented in the technical proposal. The contractor shall define and document the details of the design and requirements in hardware and software performance specifications to the level annotated in the JPS. (CDRL A009). Below this level, the contractor shall develop and maintain in contractor format, performance specifications to the equivalent CI/Prime Item/subsystem level. The contractor shall develop Interface Control Documents (ICDs) for internal and external interfaces. (CDRL A010) (3, 5, 7)

#### 3.3 System Analyses

The contractor shall conduct performance analyses to support the system design IAW the requirements of the JDP. [REDACTED]

[REDACTED] Performance analyses shall be completed and system design shall be established prior to DRs. The contractor shall conduct trade studies that shall be completed prior to DRs. All trade studies shall address CAIV (9). All analyses generated in paragraph 3.3 shall be included in the Design Notebook. (CDRL A008) (3, 5, 7)

(b)(3)(A)  
(i)&Title  
10 Sec  
130 (a)(b)

000401

**3.4 Hardware**

The contractor shall design, develop and integrate hardware that meets the requirements of the hardware performance specifications and ICDs. The contractor shall provide and maintain sufficient hardware to meet the requirements of this contract. The contractor shall be responsible for total support of the hardware, including all maintenance and provision of spare and repair parts. (3, 5, 7, 9, 11)

**3.5 Software**

**3.5.1 Reuse**

The contractor shall maximize use of reusable software products. (3, 5, 7, 11)

**3.5.2 Software Engineering Environment (SEE)**

The contractor shall establish, control, and maintain a SEE. The SEE is the facilities, hardware, software, firmware, procedures, and documentation needed to perform software development, software testing. Elements may include, but are not limited to, computer aided software engineering (CASE) tools, software development library, software development files, compilers, assemblers, linkers, loaders, operating systems, debuggers, simulators, emulators, documentation tools, database management systems, simulators, code analyzers, test case generators, and path analyzers. (3, 5, 7)

**3.5.3 Software Development**

The contractor shall develop, document, provide and implement a software development plan. (CDRL A011) The contractor shall design, develop, and integrate software that meets the requirements of the software performance specifications and ICDs. The contractor shall develop and maintain software documentation and code that will allow the contractor to replicate and modify the JLENS software. [REDACTED]

[REDACTED] The contractor shall document the detailed design and requirements traceability for each software unit in a CSCI. (3, 5, 7)

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

**3.5.4 Software Testing**

The contractor shall develop, document, and implement a software test plan for software testing. The contractor shall conduct unit and unit integration testing for all software units and shall document the specific test cases and related test procedures. The government may participate in all software testing. (3, 5, 7)

**3.5.5 Software Version**

The contractor shall document the exact version of each software release. (3, 5, 7)

000402

**3.5.6 Corrective Action**

The contractor shall implement a closed-loop corrective action system for resolving detected software product problems after Design Reviews (DRs). The contractor shall document each detected software product problem and its solution. (3, 5, 7, 9, 11)

**3.5.7 Management Indicators**

The contractor shall collect, interpret, use, and report software management indicators. The contractor shall address software management indicators and corrective actions at the PRs. (3, 5, 7, 9)

**3.5.8 Y2K Compliance.**

The contractor shall ensure that all hardware and software used on the system is Y2K compliant for use after the year 1999. (3, 5, 7, 9, 11)

**3.6 Test Requirements/Plans**

The contractor shall develop and document test requirements/plans to ensure system integration and to verify the system meets the requirements of the JPS. (CDRL A015) (3, 5, 7, 9, 11)

**3.7 Interface Management and Integration**

The design shall be modular to the maximum extent possible and shall facilitate substitution of radars from a separate source. (CDRL A010) (3, 5, 7, 9, 11)

**3.8 Safety**

The contractor shall conduct system safety engineering in support of all design, development, and test activities. A safety assessment report shall be prepared. (CDRL A012, B005) (3, 5, 7, 9, 11)

**3.9 Modeling and Simulation**

The contractor shall implement modeling and simulation IAW contract Attachment A5, entitled, "Simulation, Test and Evaluation Approach". (3, 5, 7)

**3.9.1 Engineering Modeling and Simulations**

The contractor shall develop simulation tools that model system and subsystems performance to support system engineering, design, development, test and evaluation. Simulation results shall be available for government review. The models and simulations shall include the capabilities and functions as represented in the JPS. These models and simulations shall be configured to operate either individually or collectively. (CDRL A013) (3, 5, 7)

000403

**3.9.2 System Integration Laboratory (SIL)**

The contractor shall develop and maintain a SIL consisting of simulations, models, hardware and software. The SIL shall be used for integration of hardware and software. Actual JLENS hardware and software shall be integrated and tested at the SIL prior to shipment. (3, 5, 7, 9)

**3.10 Technical Reviews and Meetings**

**3.10.1 Design Reviews (DRs)**

Using the government approved path to DRs, the contractor shall conduct DRs that meets requirements for preliminary design review and critical design review at the contractor's facilities. (CDRL A014) (3, 5, 7)

**3.10.1.1 DR Entrance Criteria**

Minimum DR entrance requirements shall include contractor completed Specification Tree, System Analyses, flow down of requirements, and Hardware and Software Performance Specifications as specified in the JPS; hardware and software design; ICDs, trade studies, status of risk mitigation efforts and test data; and any additional criteria agreed to at the Program Reviews. (3, 5, 7)

**3.10.1.2 DR Exit Criteria**

Minimum DR exit criteria shall include: government approved DR minutes, closed critical action items as agreed at the DR, establishment of the closed loop action system, and any additional criteria agreed to at the Program Reviews. (3, 5, 7)

**3.10.2 Deleted**

**3.10.3 Deleted**

000404

#### **4.0 RISK MITIGATION**

##### **4.1 General**

Risk mitigation is the demonstration by the contractor that technical, schedule, and cost risks of the JLENS system have been reduced to acceptable levels to justify entry into the next CLIN of the JLENS Program. The contractor shall implement the contract Attachment A6 entitled, "Risk Mitigation Approach". (3, 5, 7, 9)

##### **4.2 Risk Mitigation Tasks**

The contractor shall provide the status of risk mitigation tasks. All changes to the Risk Mitigation Approach shall be submitted to the government for approval. Risk Mitigation shall be addressed at each PR. Risk Mitigation test results shall be incorporated into the Design Notebook. (CDRL A008) (3, 5, 7, 9)

##### **4.3 Deleted**

#### **5.0 TEST AND EVALUATION**

##### **5.1 General**

The contractor shall conduct a contractor Test and Evaluation (T&E) program and support a government T&E program. The contractor's T&E program shall demonstrate that the requirements contained in the JPS have been satisfied. The contractor shall maintain traceability from the JPS to all specifications when defining or developing required tests to meet the JLENS test objectives. The contractor shall allow government participation (on a non-interference basis) in contractor and subcontractor tests and demonstrations. The contractor shall implement Test and Evaluation IAW the contract Attachment A5 entitled, "Simulation, Test and Evaluation Approach". As a minimum, the contractor shall perform component and subsystem level testing, system ground tests, and system demonstrations. The contractor shall support Early User Testing (EUT). (3, 5, 7, 9)

##### **5.2 Test Plans, Reports, and Reviews**

The contractor shall prepare and submit detailed test plans for component, subsystem test, and system demonstrations. (CDRL A015) The contractor shall include entrance and exit criteria for each test/demonstration described in the test plans. The contractor shall prepare and

000405

submit test reports to document the results of component, subsystem and demonstrations. (CDRL A016)  
The contractor shall conduct test readiness reviews (TRRs) prior to ground testing and system demonstrations. The government will be the approval authority for all TRRs. (CDRL A017) (3, 5, 7, 9)

**5.3 Component and Subsystem Testing**

The contractor shall perform component, subsystem tests and integration testing that demonstrate the maturity of the component and subsystems to enter into Ground Testing. Testing shall be conducted IAW approved test plans. (3, 5, 7)

**5.4 Ground Testing**

The contractor shall perform Ground Testing that demonstrates the maturity of the system to enter into System Demonstration. Ground Testing is the system level demonstration, less air vehicle or with the air vehicle moored, of the full technical capability and integration of the system at a land based site. The contractor shall demonstrate that all components of the JLENS system operate IAW the JPS to include both internal and external interfaces. Testing shall be conducted IAW approved test plans. (3, 5, 7, 9)

**5.5 System Demonstrations/Exercises**

The contractor shall perform system demonstrations that demonstrate all components of the JLENS system operate IAW the [REDACTED] The contractor shall use planned government events such as [REDACTED] etc., where possible to demonstrate system capability. System Demonstrations are system level demonstrations of the full technical capability and integration of the system at a land based site with and/or without the air vehicle deployed. [REDACTED]

**5.6 Early User Test (EUT)**

The contractor shall support the government in the conduct of a JLENS EUT using government test plans and procedures. The contractor shall be responsible for the delivery of test articles (hardware and software) in the approved configuration and the integration/checkout of the system at the government designated test sites. EUT readiness shall be determined by the government after completion of an EUT TRR. The contractor shall assist the government with collection, reduction, analysis, and reporting of EUT test data. The EUT maybe conducted concurrently with the system demonstration. (5, 7, 9, 11)

000406

## **6.0 SPECIALTY ENGINEERING**

### **6.1 Logistics**

The contractor shall provide for total contractor logistics support. The contractor shall develop and document a logistics support program for the JLENS system using DoDI 5000.2, AR 700-127, and MIL-PRF-49506, as guides. The contractor shall implement integrated logistics support IAW the contract Attachment A7 entitled, "Integrated Logistics Support Approach". (3, 5, 7, 9, 11)

#### **6.1.1 Integrated Support Plan**

The logistics support program shall be documented in an integrated support plan (ISP) that delineates the contractor's logistics support concepts, plans, and procedures for the JLENS system. (CDRL A018, B006) The ISP shall include provisions for MANPRINT, maintenance, supply support, equipment, and training planning. (3, 5, 7, 9, 11)

#### **6.1.2 Training**

The contractor shall develop, maintain, and submit a training plan as part of the ISP. The contractor shall develop and conduct a training program for government and contractor personnel that provide for proper operation and maintenance of the JLENS system. (3, 5, 7, 9, 11)

### **6.2 Product Assurance**

The contractor shall implement a quality system that meets the requirements of the applicable ISO 9000 series. The quality system procedures, planning, and all other documentation and data which comprise the quality system shall be documented by the contractor and made available for government review at contractor facilities. The contractor shall implement product Assurance (PA) IAW the contract Attachment A8 entitled, "Product Assurance Approach". (3, 5, 7, 9, 11)

### **6.3 Environmental Management**

The contractor shall comply with all applicable federal, state, and local laws, regulations, and guidelines. The contractor shall notify the contracting officer immediately upon failure to comply with any regulatory requirements. (CDRL A019, B007) (3, 5, 7, 9, 11)

000407

**6.4 Configuration Management**

The contractor shall implement and maintain configuration management control of all hardware, software, and interface control documentation using internal contractor procedures. The contractor shall develop and maintain a listing and status of all configuration management documentation. The contractor shall implement Configuration management IAW the contract Attachment A9, entitled, "Configuration Management Approach". (3, 5, 7, 9, 11)

**7.0 OPERATIONS SECURITY**

The contractor shall update, provide, and implement the OPSEC Plan. (CDRL A020, B008). The contractor shall update the OPSEC Plan IAW specific instructions of the Contracting Officer/Contracting Officer Representative for Security and the USASSDC Industrial OPSEC Guide, September 1991. The contractor shall adhere to the approved OPSEC Plan and the security requirements of the DD Form 254 of this contract. (3, 5, 7, 9, 11)

**8.0 OPERATIONS AND SUSTAINMENT**

The contractor shall operate and provide total contractor logistic support of the JLENS system for a period of [REDACTED]. The contractor shall be responsible for all aspects of operating, maintaining, repairing, and supporting the JLENS system. This includes but is not limited to personnel, consumable and repairable materials, petroleum, oil, and lubricants, helium, maintenance, overhaul and rework, total contractor logistics support, facilities, transportation, and training. The contractor shall support government post fielding evaluation of the JLENS. The contractor shall implement software upgrades. The contractor shall implement these requirements in accordance with Attachment A10 entitled, "Operations and Sustainment Approach." The contractor shall report operations and sustainment activities. H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

**H-8. GOVERNMENT-FURNISHED FUELS PROVIDED**

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled *Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts)*. From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

**H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE):** The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

**H-10. INCREMENTAL FUNDING OF THE CONTRACT:**

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$44,377,498 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 30 Sep 00. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

**SECTION H - SPECIAL CONTRACT REQUIREMENTS**

H-1. **TECHNICAL COGNIZANCE AND TECHNICAL DIRECTION:**

a. The U.S. Army Space and Missile Defense Command is the cognizant Government technical organization for this contract and will provide technical direction as defined herein. Technical direction shall be exercised by the Project Manager or the Deputy Project Manager:

<u>Name</u>	<u>Office Symbol</u>	<u>Phone Number</u>
Joint Land Attack Cruise Missile Defense Elevated Netted Sensor System Project Office (JLENSPO)	SMDC-AC-J	(256)955-2432

b. Technical direction, as defined in this clause is the process by which the progress of the contractor's technical efforts are reviewed and evaluated and guidance for the continuation of the effort is provided by the Government. It also includes technical discussions and, to the extent required and specified elsewhere in this contract, defining interfaces between contractors; approving test plans; approving preliminary and critical design reviews; participating in meetings; providing technical and management information; and responding to request for research and development planning data on all matters pertaining to this contract. The contractor agrees to accept technical direction only in the form and procedure set forth herein below.

c. Except for routine discussions having no impact on contractor performance, any and all technical direction described in paragraph b. above shall only be authorized and binding on the contractor when issued in writing and signed by a Government official designated in a. above. The Technical Direction shall not effect or result in a change within the meaning of the "CHANGES" clause, or any other change in the Scope of Work, price, schedule, or the level of effort required by the contract. Such changes must be executed by the Contracting Officer as a Modification-Change Order, or as a Modification-Supplemental agreement, as appropriate. It is emphasized that such changes are outside the authority of the Government officials designated in a. above who are not authorized to issue any directions which authorize the contractor to exceed or perform less than the contract requirements. Notwithstanding any provision to the contrary in any Technical Directive, the estimated cost of this contract, and, if this contract is incrementally funded, the amount of funds allotted, shall no be increased or deemed to be increased by issuance thereof.

H-2. **RESERVED**

000487

H-3 **OPTIONS.** The option CLINs stipulated in the contract may be exercised at the unilateral option of the government. The exercise of the option CLIN shall be by written notice provided to the contractor by the Contracting Officer not later than the dates shown below provided preliminary notice is given by the government thirty (30) days prior to option exercise. The contractor shall incur no costs chargeable to any option CLIN until the Contracting Officer has provided written notification that the option CLIN has been exercised. The option CLINs may be exercised individually and the exercise of an option CLIN will include its attendant data item CLIN:

OPTION	DATE
CLINs 0005/0006 (OPTION I)	
0005AA	NLT 30 Dec 00
0005AB	NLT 30 Dec 02
0005AC	NLT 30 Jun 03
CLINs 0007/0008 (OPTION II)	
0007AA	NLT 30 Nov 01
0007AB	NLT 30 Nov 02
0007AC	NLT 30 Jun 03
CLINs 0011 and 0012 (Option IV)	NLT 30 Dec 05

CLIN 0009: At the unilateral option of the government, CLIN 0009 may be exercised incrementally or totally at any time during the period of performance of the contract, up to the amount set forth in Section B of the contract. The CPFF unit price per DPPH will be used to exercise CLIN 0009, if it is exercised incrementally.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

H-8 GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001. (b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$56,535,725 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 01 Jun 01. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

## 1.0 INTRODUCTION

### 1.1 Objective

The JLENS Program has three primary objectives: 1) mitigation of the risk associated with the execution of the program, 2) design, development, fabrication, integration, test, demonstration, and maintenance of a system which meets the JLENS performance requirements, and (3) provide an operational "leave behind" system. (3, 5, 7, 9, 11)

### 1.2 Scope

This Statement of Work (SOW) defines the requirements for a JLENS Program. Technical requirements are contained in the JLENS Performance Specification (JPS). The JLENS Program is composed of three segments: 1) Risk Mitigation (RM); 2) Design, Development, Demonstration, and Test (DDD&T) (Block Approach- Attachment A included for information only); and 3) Operations and Sustainment (O&S). The contractor shall design, develop, procure, fabricate, integrate, test, demonstrate, operate, and maintain a system that meets the requirements of this SOW and the JPS. (3, 5, 7, 9, 11)

### 1.3 Integrated Product Teams (IPTs)

The JLENS system shall be developed using a partnership between the government and industry. The IPTs shall be the basis of this partnership. The contractor shall implement IPTs as an integral part of the JLENS Program. The contractor shall be an integral member of government IPT's and the government will be an integral member of contractor IPT's.(3, 5, 7, 9, 11)

## 2.0 PROGRAM MANAGEMENT

### 2.1 General

The contractor shall ensure all activities are controlled, scheduled, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall implement an integrated master approach defining the events, accomplishments, criteria, and associated processes in accordance with (IAW) contract Attachment A1 entitled, "Program Management Approach." (3, 5, 7, 9, 11)

### 2.2 Meetings and Reviews - Contractor Internal

The contractor shall identify, conduct, support, attend, and document reviews, and make assessments by which the degree of completion of technical and programmatic efforts related to major schedule milestones can be made. The contractor shall notify and invite the government to all such contractor and subcontractor reviews in a timely manner. (3, 5, 7, 9, 11)

**BLOCK APPROACH**

(This description is Programmatic and is provided for information only.)

**1. Block Program Summary**

Block 1 designs, fabricates, tests, produces, and deploys the PTIR fire control quality radar with sector surveillance capability integrated onto a 71M aerostat along with the processing station and ancillary equipment. Block 2 designs, fabricates, tests, produces, and deploys the wide area surveillance radar integrated into a 71M aerostat, along with the processing station and ancillary equipment. Block 1 and Block 2 configurations together meet the threshold system requirements as defined in the ORD. Block 3 consists of preplanned product improvements (P3I) to develop and incorporate advanced technology into Block 1 and Block 2 and updates the JLENS system to the objective requirements.

**2. Block 1.**

(CLIN 0003) This portion of the Block 1 JLENS program designs and develops a fire control radar culminating in an elevated tracking test in 2QFY05. The fire control radar will be capable of tracking [REDACTED]. The processing station will be essentially the same configuration used [REDACTED]. The radar will be installed in an existing 71M refurbished aerostat, and

### 3. Block 2.

(CLIN 0007) Block 2 is the wide area SuR portion of the JLENS system. Block 2 designs, fabricates, tests, produces, and deploys the wide area surveillance radar, integrated into a 71-meter aerostat, along with the processing station and mobile mooring system and ancillary equipment. Since all of the Block 2 subsystems will have already been built and tested under the Block 1, the main effort will be on development of technical and operational utility of the radar, and integration and demonstration of the processing station software and hardware unique to the SuR. The Block 2 SuR will be demonstrated with the Block 1 PTIR [REDACTED]

[REDACTED] The new hardware and software will be incorporated into the SIL and testing of the SuR contribution to the SIAP will be evaluated in the joint environment.

 (b)(4)

(2) DPPH are defined as prime contractor, consultant, and subcontractor actual direct labor hours exclusive of vacation, holiday, sick leave, and other absences.

(3) In accordance with FAR 16.306(d)(2), entitlement to the total fixed fee is subject to the certification by the contractor to the Administrative Contracting Officer that he has exerted the DPPH level of effort by labor category as specified herein in performing the work called for, has provided the reports called for, and the effort performed and reports provided are considered satisfactory by the Government.

b. SUBCLIN 0009AB: Material is property that may be incorporated into or attached to the demonstrated end item or that may be consumed or expended in performing CLIN 0009. It includes assemblies, components, parts, raw and pressed material, and small tools and supplies that may be consumed in normal use in performing CLIN 0009.

B-11. COMPLETION TYPE COST REIMBURSEMENT CONTRACT:

a. Performance of Contract Line Items 0001/0002, 0003/0004, 0005/0006 (if exercised), 0007/0008 (if exercised) and 0011/0012 (if exercised) shall be accomplished on a completion basis as defined in FAR 16.306(d)(1). Pending satisfactory completion of the task, fee payments are provisional and are not final. Fee payments will not become final unless and until the contractor performs the task required by CLINs 0003, 0005 (if exercised), 0007 (if exercised) and 0011 (if exercised) and delivers data required by CLINs 0006 (if exercised), 0008 (if exercised) and 0012 (if exercised) and such are accepted by the Government as being satisfactory. In the event the task cannot be completed by the contractor within the estimated cost of the CLIN, the Government may require completion of the task without increase in fee, provided the Government increases the estimated cost of the CLIN under the LIMITATION OF COST or FUNDS contract clause.

b. CLIN 0001 will be considered complete based upon the completion of the statement of work requirements.

c. CLIN 0003 will be considered complete based upon the completion of the milestones listed in F-5 and the statement of work requirement.

d. CLIN 0005 (if exercised) will be considered complete based upon the completion of PTIR  and statement of work requirements.

**SECTION G - CONTRACT ADMINISTRATION DATA****G-1. INVOICING AND VOUCHERING:**

a. Public vouchers, together with any necessary supporting documentation, shall be submitted to the cognizant Defense Contract Audit Agency (DCAA) Office, prior to payment by the Finance and Accounting Office specified in Block 12, Page 1, Section A, of Standard Form 26.

b. A copy of each voucher, together with any necessary supporting documentation, shall also be submitted to the issuing office specified in Block 5, Page 1, Section A of Standard Form 26, concurrently with submission to the DCAA.

c. The contractor shall identify on each public voucher the Contract Line Item Number (CLIN) which pertains to the charges billed, e.g., CLIN 0003A.

d. The contractor may include in provisional vouchers target fee based on the percentage of work completed, subject to the withholding reserve of the contract clause titled "Incentive Fee." The Contracting Officer may elect to withhold or accelerate fee payment based upon the Contractor's actual performance as compared to the milestone events target dates as set forth in Section F-5 hereof. (Applicable to CLINs 0003/0004, 0005/0006, and 0007/0008).

e. The contractor may include in provisional vouchers fixed fee based on the percentage of level of effort hours exerted to the total level of effort hours stipulated in Section B, Paragraph B-18, subject to the withholding reserve of the contract clause titled "Fixed Fee." (Applicable to CLINs 0009/0010).

f. The contractor may include in provisional vouchers fixed fee based on the percentage of work completed, subject to the withholding reserve of the contract clause titled "Fixed Fee." The Contracting Officer may elect to withhold or accelerate fee payment based upon the Contractor's actual performance as compared to the milestone events target dates as set forth in Section F-5 hereof. (Applicable to CLINs 0011/0012).

g. The Paying Office shall ensure that the voucher is disbursed for each ACRN as indicated on the voucher (or as specified herein).

**G-2. CONTRACT ADMINISTRATION:** Administration of this contract will be performed by the cognizant office as shown in Block 6, Page 1, Section A, of Standard Form 26. No changes, deviations, or waivers shall be effective without a modification of the contract executed by the Contracting Officer or his duly authorized representative authorizing such changes, deviations, or waivers.

**H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE):** The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

**H-10. INCREMENTAL FUNDING OF THE CONTRACT:**

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$58,601,514 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 16 Jul 01. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

**STATEMENT OF WORK**

16 Jan 02

Rev 3

000605

## 1.0 INTRODUCTION

### 1.1 Objective

The JLENS Program has three primary objectives: 1) mitigation of the risk associated with the execution of the program, 2) design, development, fabrication, integration, test, demonstration, and maintenance of a system which meets the JLENS performance requirements, and (3) provide an operational "leave behind" system. (3, 5, 7, 9, 11)

### 1.2 Scope

This Statement of Work (SOW) defines the requirements for a JLENS Program. Technical requirements are contained in the JLENS Performance Specification (JPS). The JLENS Program is composed of three segments: 1) Risk Mitigation (RM); 2) Design, Development, Demonstration, and Test; and 3) Operations and Sustainment (O&S). The contractor shall design, develop, procure, fabricate, integrate, test, demonstrate, operate, and maintain a system that meets the requirements of this SOW and the JPS. (3, 5, 7, 9, 11)

### 1.3 Integrated Product Teams (IPTs)

The JLENS system shall be developed using a partnership between the government and industry. The IPTs shall be the basis of this partnership. The contractor shall implement IPTs as an integral part of the JLENS Program. The contractor shall be an integral member of government IPT's and the government will be an integral member of contractor IPT's.(3, 5, 7, 9, 11)

## 2.0 PROGRAM MANAGEMENT

### 2.1 General

The contractor shall ensure all activities are controlled, scheduled, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall implement an integrated master approach defining the events, accomplishments, criteria, and associated processes in accordance with (IAW) contract Attachment A1 entitled, "Program Management Approach." (3, 5, 7, 9, 11)

### 2.2 Meetings and Reviews - Contractor Internal

The contractor shall identify, conduct, support, attend, and document reviews, and make assessments by which the degree of completion of technical and programmatic efforts related to major schedule milestones can be made. The contractor shall notify and invite the government to all such contractor and subcontractor reviews in a timely manner. (3, 5, 7, 9, 11)

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] is obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of \$77,884,370 is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 7 Jun 02. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of [redacted] for CLIN 0001.

**H-8. GOVERNMENT-FURNISHED FUELS PROVIDED**

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

**H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE):** The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A 2 of Appendix A of the APS.

**H-10. INCREMENTAL FUNDING OF THE CONTRACT:**

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 8 Nov 02. The amount of [redacted] obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

**H-8. GOVERNMENT-FURNISHED FUELS PROVIDED**

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

**H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE):** The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

**H-10. INCREMENTAL FUNDING OF THE CONTRACT:**

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

**The following items are applicable to this modification:**

SECTION A - SOLICITATION/CONTRACT FORM

LETTER CONTRACT

LETTER CONTRACT (Applicable to CLINs 0013 through 0016 only.)

- a. This document constitutes a contract on the terms and conditions set forth herein and signifies the intention of the U.S. Army Space and Missile Defense Command (USASMDC) to execute a formal cost plus incentive fee type contract modification for the performance of the effort as set forth herein.
- b. In accordance with Federal Acquisition Regulation (FAR) Clause 52.216-23 entitled "Execution and Commencement of Work," you are directed to proceed immediately to commence performance of the work, and to pursue such work with all diligence to the end that the effort may be performed within the time specified in Section F hereof. You are reminded that, pending definitization, the maximum liability of the Government is as stated in FAR Clause 52.216-24, "Limitation of Government Liability," incorporated in full text in Section I herein.
- c. In accordance with Defense FAR Supplement (DFARS) 252.217-7027 entitled "Contract Definitization," you shall submit a cost plus incentive fee proposal for the effort covered by this document. Your proposal should be supported by a cost breakdown reflecting the factors outlined in FAR 15.408, Table 15-2, "Instructions for Submitting Cost/Price Proposals When Cost or Pricing Data are Required," and such other information as may be specified herein. A Certificate of Current Cost or Pricing Data shall be submitted upon agreement of contract price.
- d. The definitive contract modification resulting from this undefinitized action shall not exceed \$48,000,000 (\$37,000,000 for CLIN 0013/0014 and \$11,000,000 for O&S Option, CLIN 0015/0016).
- e. Please indicate your acceptance of the foregoing by signing the attached Standard Form 30 and returning it with all supporting documentation to the issuing office.
- f. This contract action is entered into pursuant to 10 U.S.C. 2304(c)(1) and 10 U.S.C 2304(d)(1)(B) and any required justification and approval has been executed.

MODIFICATION

**\* TO BE INSERTED UPON DEFINITIZATION OF THIS LETTER CONTRACT MODIFICATION.**

4. SECTION I – CONTRACT CLAUSES:

- a. FAR 52.216-24, LIMITATION OF GOVERNMENT LIABILITY (APR 1984) is added as follows:

(a) In performing CLIN 0013/0014 of this contract, the Contractor is not authorized to make expenditures or incur obligations exceeding \$4,775,000 dollars.

(b) The maximum amount for which the Government shall be liable for CLIN 0013/0014 if this contract is terminated is \$4,775,000 dollars.

- b. FAR 52.216-26, PAYMENTS OF ALLOWABLE COSTS BEFORE DEFINITIZATION (MAR 2000) is added as follows, applicable to CLIN 0013/0014 only:

000713

(a) Reimbursement rate. Pending the placing of the definitive contract referred to in this letter contract, the Government will promptly reimburse the Contractor for all allowable costs under this contract at the following rates:

(1) One hundred percent of approved costs representing financing payments to subcontractors under fixed-price subcontracts; provided, that the Government's payments to the Contractor will not exceed 80 percent of the allowable costs of those subcontractors.

(2) One hundred percent of approved costs representing cost-reimbursement subcontracts; provided, that the Government's payments to the Contractor shall not exceed 85 percent of the allowable costs of those subcontractors.

(3) Eighty-five percent of all other approved costs.

(b) Limitation of reimbursement. To determine the amounts payable to the Contractor under this letter contract, the Contracting Officer shall determine allowable costs in accordance with the applicable cost principles in Part 31 of the Federal Acquisition Regulation (FAR). The total reimbursement made under this paragraph shall not exceed 85 percent of the maximum amount of the Government's liability, as stated in this contract.

(c) Invoicing. Payments shall be made promptly to the Contractor when requested as work progresses, but (except for small business concerns) not more often than every 2 weeks, in amounts approved by the Contracting Officer. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost incurred by the Contractor in the performance of this contract.

(d) Allowable costs. For the purpose of determining allowable costs, the term "costs" includes --

(1) Those recorded costs that result, at the time of the request for reimbursement, from payment by cash, check, or other form of actual payment for items or services purchased directly for the contract;

(2) When the Contractor is not delinquent in payment of costs of contract performance in the ordinary course of business, costs incurred, but not necessarily paid, for -

(i) Supplies and services purchased directly for the contract, provided payments will be made-

(A) In accordance with the terms and conditions of a subcontract or invoice; and

(B) Ordinarily prior to the submission of the Contractor's next payment request to the Government;

(ii) Materials issued from the Contractor's stores inventory and placed in the production process for use on the contract;

(iii) Direct labor;

(iv) Direct travel;

(v) Other direct in-house costs; and

(vi) Properly allocable and allowable indirect costs as shown on the records maintained by the Contractor for purposes of obtaining reimbursement under Government contracts; and

000714

(3) The amount of financing payments that the Contractor has paid by cash, check, or other forms of payment to subcontractors.

(e) Small business concerns. A small business concern may receive more frequent payments than every 2 weeks.

(f) Audit. At any time before final payment, the Contracting Officer may have the Contractor's invoices or vouchers and statements of costs audited. Any payment may be --

(1) Reduced by any amounts found by the Contracting Officer not to constitute allowable costs; or

(2) Adjusted for overpayments or underpayments made on preceding invoices or vouchers.

c. DFARS 252.217-7027, CONTRACT DEFINITIZATION (OCT 1998) is added as follows:

(a) A cost-plus-incentive-fee contract is contemplated. The Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive contract that will include (1) all clauses required by the Federal Acquisition Regulation (FAR) on the date of execution of the undefinitized contract action, (2) all clauses required by law on the date of execution of the definitive contract action, and (3) any other mutually agreeable clauses, terms, and conditions. The Contractor agrees to submit a cost-plus-incentive-fee proposal and cost or pricing data supporting its proposal.

(b) The schedule for definitizing this contract action is as follows:

Submission of Proposal:	30 days after award of letter contract modification
Begin Negotiations:	120 days after award of letter contract modification
Definitization of Modification:	180 days after award of letter contract modification

(c) If agreement on a definitive contract action to supersede this undefinitized contract action is not reached by the target date in paragraph (b) of this clause, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with Subpart 15.4 and Part 31 of the FAR, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the Limitation of Government Liability clause.

(1) After the Contracting Officer's determination of price or fee, the contract shall be governed by-

(i) All clauses required by the FAR on the date of execution of this undefinitized contract action for either fixed-price or cost-reimbursement contracts, as determined by the Contracting Officer under this paragraph (c);

(ii) All clauses required by law as of the date of the Contracting Officer's determination;  
and

(iii) Any other clauses, terms, and conditions mutually agreed upon.

(2) To the extent consistent with paragraph (c)(1) of this clause, all clauses, terms, and conditions included in this undefinitized contract action shall continue in effect, except those that by their nature apply only to an undefinitized contract action.

000715

(d) The definitive contract resulting from this undefinitized contract action will include a negotiated cost-plus-incentive-fee ceiling in no event to exceed \$37,000,000 for CLINs 0013/0014 and a negotiated cost-plus-fixed-fee ceiling in no event to exceed \$11,000,000 for CLINs 0015/0016.

CLIN 0009: At the unilateral option of the government, CLIN 0009 may be exercised incrementally or totally at any time during the period of performance of the contract, up to the amount set forth in Section B of the contract. The CPPF unit price per DPPH [REDACTED] will be used to exercise CLIN 0009, if it is exercised incrementally. (b)(4)

000725

b. Except as may otherwise be set forth in the Contract Data Requirements List (CDRL), DD Form 1423, (i) the distribution of any technical document prepared under this contract, in any stage of development or completion, is prohibited without the approval of the Contracting Officer and (ii) all technical documents prepared under this contract shall initially be marked with the following distribution statement, warning, and destruction notice:

(1) DISTRIBUTION STATEMENT F – Further dissemination only as directed by JLENS Project Office, ATTN: SFAE-AMD-JLN, P.O. Box 1500, Huntsville, AL 35807-3801.

(2) WARNING - This document contains technical data whose export is restricted by the Arms Export Control Act (Title 22, U.S.C., Sec 2751 et seq.) or the Export Administration Act of 1979, as amended, Title 50, U.S.C., app 2401 et seq. Violation of these export laws are subject to severe criminal penalties. Disseminate in accordance with provisions of DOD Directive 5230.25.

(3) DESTRUCTION NOTICE - For classified documents, follow the procedures in DOD 5200.22-M, National Industrial Security Program Operating Manual (NISPOM), Chapter 5, Section 7, or DOD 5200.1-R, Information Security Program Regulation, Chapter IX. For unclassified, limited documents, destroy by any method that will prevent disclosure of contents or reconstruction of the document.

c. As a part of the review of preliminary or working draft technical documents, the Government will determine if a distribution statement less restrictive than Statement F specified above would provide adequate protection. If so, the Government's approval/comments will provide specific instructions on the distribution statement to be marked on the final technical documents before primary distribution.

H-7. MINIMUM INSURANCE LIABILITY: Pursuant to the requirements of the contract clause 52.228-7, "Insurance - Liability to Third Persons," the contractor shall obtain and maintain at least the following kinds of insurance and minimum liability coverage during any period of contract performance:

a. Workmen's Compensation and Employers' Liability Insurance: Compliance with applicable workmen's compensation and occupational disease statutes is required. Employers' liability coverage in the minimum amount of \$100,000 is required.

b. General Liability Insurance: Bodily injury liability insurance, in the minimum limits of \$500,000 per occurrence, is required on the comprehensive form of policy; however, property damage liability insurance is not required.

c. Automobile Liability Insurance: This insurance is required on the comprehensive form of policy and shall provide bodily injury liability and property damage liability covering the operation of all automobiles used in connection with the performance of the contract. At least the minimum limits of \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage is required.

c. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

d. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

e. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the LIMITATION OF FUNDS clause.)

**THE FOLLOWING FAR FULL TEXT CLAUSES APPLY:**

102. FAR 52.216-24, LIMITATION OF GOVERNMENT LIABILITY (APR 1984)

(a) In performing CLIN 0013/0014 of this contract, the Contractor is not authorized to make expenditures or incur obligations exceeding \$4,775,000 dollars.

(b) The maximum amount for which the Government shall be liable for CLIN 0013/0014 if this contract is terminated is \$4,775,000 dollars.

103. FAR 52.216-26, PAYMENTS OF ALLOWABLE COSTS BEFORE DEFINITIZATION (MAR 2000)(applicable to CLIN 0013/0014 only)

(a) Reimbursement rate. Pending the placing of the definitive contract referred to in this letter contract, the Government will promptly reimburse the Contractor for all allowable costs under this contract at the following rates:

(1) One hundred percent of approved costs representing financing payments to subcontractors under fixed-price subcontracts; provided, that the Government's payments to the Contractor will not exceed 80 percent of the allowable costs of those subcontractors.

(2) One hundred percent of approved costs representing cost-reimbursement subcontracts; provided, that the Government's payments to the Contractor shall not exceed 85 percent of the allowable costs of those subcontractors.

(3) Eighty-five percent of all other approved costs.

(b) Limitation of reimbursement. To determine the amounts payable to the Contractor under this letter contract, the Contracting Officer shall determine allowable costs in accordance with the applicable cost principles in Part 31 of the Federal Acquisition Regulation (FAR). The total reimbursement made under this paragraph shall not exceed 85 percent of the maximum amount of the Government's liability, as stated in this contract.

(c) Invoicing. Payments shall be made promptly to the Contractor when requested as work progresses, but (except for small business concerns) not more often than every 2 weeks, in amounts approved by the Contracting Officer. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost incurred by the Contractor in the performance of this contract.

- (d) Allowable costs. For the purpose of determining allowable costs, the term "costs" includes --
- (1) Those recorded costs that result, at the time of the request for reimbursement, from payment by cash, check, or other form of actual payment for items or services purchased directly for the contract;
  - (2) When the Contractor is not delinquent in payment of costs of contract performance in the ordinary course of business, costs incurred, but not necessarily paid, for -
    - (i) Supplies and services purchased directly for the contract, provided payments will be made-
      - (A) In accordance with the terms and conditions of a subcontract or invoice; and
      - (B) Ordinarily prior to the submission of the Contractor's next payment request to the Government;
    - (ii) Materials issued from the Contractor's stores inventory and placed in the production process for use on the contract;
    - (iii) Direct labor;
    - (iv) Direct travel;
    - (v) Other direct in-house costs; and
    - (vi) Properly allocable and allowable indirect costs as shown on the records maintained by the Contractor for purposes of obtaining reimbursement under Government contracts; and
  - (3) The amount of financing payments that the Contractor has paid by cash, check, or other forms of payment to subcontractors.
- (e) Small business concerns. A small business concern may receive more frequent payments than every 2 weeks.
- (f) Audit. At any time before final payment, the Contracting Officer may have the Contractor's invoices or vouchers and statements of costs audited. Any payment may be --
- (1) Reduced by any amounts found by the Contracting Officer not to constitute allowable costs; or
  - (2) Adjusted for overpayments or underpayments made on preceding invoices or vouchers.

11. COST ESTIMATING SYSTEM REQUIREMENTS (JUL 1997)(252.215-7002)

(a) Definition. "Estimating system" means the Contractor's policies, procedures, and practices for generating estimates of costs and other data included in proposals submitted to customers in the expectation of receiving contract awards. Estimating system includes the Contractor's --

- (1) Organizational structure;
- (2) Established lines of authority, duties, and responsibilities;
- (3) Internal controls and managerial reviews;
- (4) Flow of work, coordination, and communication; and
- (5) Estimating methods, techniques, accumulation of historical costs, and other analyses used to generate cost estimates.

(b) General.

(1) The Contractor shall establish, maintain, and comply with an estimating system that is consistently applied and produces reliable, verifiable, supportable, and documented cost estimates that are an acceptable basis for negotiation of fair and reasonable prices.

- (2) The system should be --
  - (i) Consistent and integrated with the Contractor's related management systems; and
  - (ii) Subject to applicable financial control systems.

000732

## 55. CONTRACT DEFINITIZATION (OCT 1998)

(a) A cost-plus-incentive-fee contract is contemplated. The Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive contract that will include (1) all clauses required by the Federal Acquisition Regulation (FAR) on the date of execution of the undefinitized contract action, (2) all clauses required by law on the date of execution of the definitive contract action, and (3) any other mutually agreeable clauses, terms, and conditions. The Contractor agrees to submit a cost-plus-incentive-fee proposal and cost or pricing data supporting its proposal.

(b) The schedule for definitizing this contract action is as follows:

Submission of Proposal:	30 days after award of letter contract modification
Begin Negotiations:	120 days after award of letter contract modification
Definitization of Modification:	180 days after award of letter contract modification

(c) If agreement on a definitive contract action to supersede this undefinitized contract action is not reached by the target date in paragraph (b) of this clause, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with Subpart 15.4 and Part 31 of the FAR, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the Limitation of Government Liability clause.

(1) After the Contracting Officer's determination of price or fee, the contract shall be governed by-

(i) All clauses required by the FAR on the date of execution of this undefinitized contract action for either fixed-price or cost-reimbursement contracts, as determined by the Contracting Officer under this paragraph (c);

(ii) All clauses required by law as of the date of the Contracting Officer's determination; and

(iii) Any other clauses, terms, and conditions mutually agreed upon.

(2) To the extent consistent with paragraph (c)(1) of this clause, all clauses, terms, and conditions included in this undefinitized contract action shall continue in effect, except those that by their nature apply only to an undefinitized contract action.

(d) The definitive contract resulting from this undefinitized contract action will include a negotiated cost-plus-incentive-fee ceiling in no event to exceed \$37,000,000 for CLINs 0013/0014 and a negotiated cost-plus-fixed-fee ceiling in no event to exceed \$11,000,000 for CLINs 0015/0016.

000735

## **1.0 INTRODUCTION**

### **1.1 Objectives**

The JLENS Program has three primary objectives: 1) mitigation of the risk associated with the execution of the program, and 2) design, development, fabrication, integration, test, demonstration, and maintenance of a system which meets the JLENS performance requirements, and (3) provide an operational "leave behind" system. (13,15)

### **1.2 Scope**

This Statement of Work (SOW) defines the requirements for a JLENS Program. Technical requirements are contained in the JLENS Performance Specification - Spiral 1 (JPSS1). The JLENS Program is composed of three segments: 1) Risk Mitigation (RM); 2) Design, Development, Demonstration, and Test; and 3) Operations and Sustainment (O&S). The contractor shall design, develop, procure, fabricate, integrate, test, demonstrate, operate, and deliver a system that meets the requirements of this SOW and the Performance Specifications. (13,15)

### **1.3 Integrated Product Teams (IPTs)**

The JLENS system shall be developed using a partnership between the government and industry. The IPTs shall be the basis of the partnership. The contractor shall implement IPTs as an integral part of the JLENS Program. The contractor shall be an integral member of government IPTs and the government will be an integral member of contractor IPTs. (13,15)

## **2.0 PROGRAM MANAGEMENT**

### **2.1 General**

The contractor shall ensure all activities are controlled, scheduled, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall implement an integrated master approach defining the events, accomplishments, criteria, and associated processes in accordance with (IAW) contract Attachment A1 entitled, "Program Management Approach". (13,15)

### **2.2 Meetings and Reviews - Contractor Internal**

The contractor shall identify, conduct, support, attend, and document reviews, and make assessments by which the degree of completion of technical and programmatic efforts related to major schedule milestones can be made. The contractor shall notify and invite the government to all such contractor and subcontractor reviews in a timely manner. (13,15)

000736

### **2.3 Meetings and Reviews - Contractor/Government**

The contractor shall conduct program reviews (PRs). The PRs shall address technical performance; risk and risk management; cost, technical and schedule progress; program status; staffing; and issues that could affect program execution. The contractor shall relate technical accomplishment to cost and schedule using earned value during PRs. The contractor shall conduct PM level reviews at the request of the JLENS Project Manager. (CDRL A001) (13,15)

### **2.4 Master Integrated Program Schedule (MIPS)**

The contractor shall ensure that all activities are controlled, scheduled, updated, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall develop a separate detailed Master Integrated Program Schedule (MIPS) for the JPSS1, JPSS2 and JPSS3 consistent with the Program Plan, CWBS, and CWBS Dictionary. The contractor shall logically link schedule tasks to reflect the manner in which the work is to be performed, resulting in the ability to analyze a critical path. The contractor shall document and provide the relationship between the MIPS and the CWBS. (CDRL A002) (13,15)

### **2.5 Contract Work Breakdown Structure (CWBS)**

The contractor shall implement and maintain a CWBS and dictionary. The contractor shall use the CWBS as the primary framework for planning, budgeting, controlling, and reporting the status of program cost, schedules, and technical performance. The CWBS shall be developed to lowest level at which work is performed. (CDRL A002) (13,15)

### **2.6 Cost Reporting**

#### **2.6.1 Funds Manhour Expenditure Report**

The contractor shall provide a Funds Manhour Expenditure Report (CDRL A021)(15)

#### **2.6.2 Cost Reporting**

The contractor shall develop and implement a management control process that effectively uses earned value for integrated cost, schedule, and technical performance management and shall conduct an Integrated Baseline Review (IBR) (CDRL A001 and A004). This shall include an earned value management control process that provides the basis for planning and controlling cost and schedule, measuring performance and progress, and generating timely, reliable reports. Data for JPSS1 shall be reported at the critical item level. Lower level reporting may be required based upon risk and shall be determined at the IBR. For JPSS1 the contractor shall prepare and provide a Cost Schedule Status Report (C/SSR)(CDRL A022) and a Contract Funds Status Report (C/FSR)(CDRL A003)(13)

000737

**2.6.3 Program Cost Estimate**

Rough Order of Magnitude cost for System Development and Demonstration (SDD), procurement, and sustainment shall be developed. Anticipated SDD, production and sustainment requirements shall be provided periodically via a Contracting Officer letter. (CDRL A005)(13)

**2.7 Renumbered previous paragraph to paragraph 2.6.3.**

**2.8 See para 3.1**

**2.9 Data Management**

The contractor shall establish and implement a data management process that shall reproduce, catalog, store, and deliver data items. The contractor shall make available all technical and programmatic data as required by the government. [REDACTED]

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

[REDACTED] All contractual data items shall be delivered in electronic format on permitted media. The data shall be usable [REDACTED]

[REDACTED] computers using [REDACTED]

[REDACTED] These requirements may be revised at the sole discretion of the government in order to incorporate newer or improved versions of software. The following electronic media is permissible: the classified JLENS server or CD-ROM, 100 and 250 MB Zip Disks. Media (e.g., diskettes, tapes, etc.) delivered under this contract shall be free of viruses. The contractor shall test such media for viruses prior to delivery. The contractor shall support and provide input to the government in the development of documentation to support the government acquisition documentation. (CDRL A006) (13,15)

**3.0 SYSTEM ENGINEERING**

**3.1 General**

The contractor shall conduct systems engineering and provide a system design that meets the requirements of this SOW and the performance specifications. The configurations of these systems shall be explained and documented in the System/Subsystem Design Document. Systems Engineering shall include system/subsystem engineering requirements allocation, specification production and configuration management, system analyses, tactical hardware, tactical software, tactical ground support equipment, risk management, radio frequency management, test requirements/plans, interface management and integration, safety, modeling and simulations, Cost as an Independent Variable (CAIV), and technical reviews and meetings. The contractor shall implement CAIV as authorized by the contracting officer IAW contract Attachment 3 entitled, "Cost as An Independent Variable Approach" and IAW contract Attachment 4 entitled, "System Engineering Approach." (13,15)

**3.2 System Engineering Requirements Allocation**

The contractor shall develop and provide a Specification Tree for each radar configuration to the equivalent of the Critical Item (CI)/Prime Item/subsystem level. The contractor shall flow down the requirements of the performance specifications to the equivalent of the CI/Prime Item/subsystem level. The contractor shall implement a producibility and manufacturing program that incorporates producibility and manufacturing into the design. This program shall include design strategies to preclude obsolescence, address production readiness reviews, producibility planning, manufacturing technology insertion and other pertinent efforts associated with manufacturing and production. The contractor shall detail this information in Attachment A4 – "Systems Engineering Approach". The contractor shall develop and maintain hardware design documentation that will allow the contractor to replicate the JLENS hardware. The contractor shall document this requirement allocation and supporting analyses in a Design Notebook (CDRL A008). The Design Notebook shall include refinements of and updates to the information presented in the technical proposal. The contractor shall define and document the details of the design and requirements in hardware and software design specifications (CDRL A009). The contractor shall develop and maintain, in contractor format, design and performance specifications to the Prime Item/subsystem level. The contractor shall develop Interface Control Documents (ICDs) for internal and external interfaces. (CDRL A010)(13)

**3.3 System Analyses**

The contractor shall conduct performance analyses to support the system designs IAW the requirements of performance specification. [REDACTED]

[REDACTED] Performance analyses

and trade studies shall be completed and system design shall be established prior to DRs. All trade studies shall include CAIV. All analyses and trade studies generated under this section shall be included in the Design Notebook. (CDRL A008) (13)

**3.4 Hardware**

The contractor shall design, fabricate, assemble, integrate and test hardware to meet the requirements of performance specifications and ICDs. The contractor shall provide and maintain sufficient hardware to meet the requirement of this contract. The contractor shall be responsible for total support of the hardware, including all maintenance and provision of spare/repair parts. (13,15)

**3.5 Software**

**3.5.1 Reuse**

The contractor shall maximize use of reusable software products. (13,15)

**3.5.2 Software Engineering Environment (SEE)**

The contractor shall establish, control, and maintain a SEE. The SEE is the facilities, hardware, software, firmware, procedures, and documentation needed to perform software development and software testing. Elements may include, but are not limited to, computer aided software engineering (CASE) tools, software development library, software development files, compilers, assemblers, linkers, loaders, operating systems, debuggers, simulators, emulators, documentation tools, database management systems, simulators, code analyzers, test case generators, and path analyzers. (13)

**3.5.3 Software Development**

The contractor shall develop, document, provide and implement a software development plan. (CDRL A011) The contractor shall design, develop, and integrate software that meets the requirements of the software performance specifications and ICDs. [REDACTED]

[REDACTED]

[REDACTED] The contractor shall document the detailed design and requirements traceability for each software unit in a Software Requirements Specifications. (A009) (13)

**3.5.4 Software Testing**

The contractor shall develop, document, and implement a software test plan for software testing. The contractor shall conduct unit and unit integration testing for all software units and shall document the

(13)

**3.5.6 Corrective Action**

The contractor shall implement a closed-loop corrective action system for resolving detected software product problems after Design reviews (DRs). The contractor shall document each detected software product and its solution. (13,15)

**3.5.7 Management Indicators**

The contractor shall collect, interpret, use, and report software management indicators. The contractor shall address software management indicators and corrective actions at the PRs. (13)

**3.8 Safety**

The contractor shall conduct system safety engineering and hazard tracking in support of all design, development, and test activities. A safety assessment report shall be prepared. (CDRL A012)13,15)

000741

**3.9 Modeling and Simulation**

The contractor shall implement modeling and simulation IAW contract Attachment A5, entitled, "Simulation, Test and Evaluation Approach." (13)

**3.9.1 Engineering Modeling and Simulations**

The contractor shall develop simulation tools that model system and subsystems performance to support system engineering, design, development, test and evaluation, and operational exercise demonstrations. Simulation results shall be available for government review. [REDACTED]

**3.10 Technical Reviews and Meetings**

**3.10.1 Design Reviews (DRs)**

Using the government approved path to DRs, the contractor shall conduct DRs that meet requirements for system preliminary design review and system critical design review at the contractor's facilities. (CDRL A014)(13)

**3.10.1.1 DR Entrance Criteria**

Minimum DR entrance requirements shall include contractor completed Specification Tree, System Analyses, requirements allocation, and hardware and software prime item specifications, hardware and software design, ICDs, trade studies, status of risk and risk mitigation efforts, test plans, test data; and any additional criteria agreed to at the Program Reviews. (13)

**3.10.1.2 DR Exit Criteria**

Minimum DR exit criteria shall include: government approved DR minutes, closed critical action items as agreed at the DR, establishment of a closed loop action tracking system, hardware drawings and specifications, software requirement specifications, and any additional criteria agreed to at the Program Reviews. (13)

000742

#### 4.0 RISK MITIGATION

##### 4.1 General

Risk mitigation is the demonstration by the contractor that technical, schedule, and cost risks of the JLENS system have been reduced to acceptable levels to justify entry into the next phase of the JLENS Program. The contractor shall implement the contract Attachment A6 entitled, "Risk Mitigation Approach."  
(13)

##### 4.2 Risk Mitigation Tasks

The contractor shall provide the status of risk mitigation tasks. All changes to the Risk Mitigation Approach shall be submitted to the government for approval. Risk Mitigation shall be addressed at each PR. Risk Mitigation test reports shall be incorporated into the Design Notebook. (CDRL A008)  
(13)

#### 5.0 TEST AND EVALUATION

##### 5.1 General

The contractor shall develop and conduct a contractor Test and Evaluation (T&E) program and support government T&E programs. The contractor's T&E program shall demonstrate that the requirements contained in the performance specifications have been satisfied. The contractor shall maintain traceability of contractor generated prime item and lower level specifications when defining or developing required tests to meet the JLENS test objectives. The contractor shall allow government participation (on a non-interference basis) of contractor and subcontractor tests and demonstrations. The contractor shall implement Test and Evaluation IAW the contract Attachment A5 entitled, "Simulation, Test and Evaluation Approach". As a minimum, the contractor shall perform component and subsystem level testing, system ground tests, elevated tests and system tests. (13)

##### 5.2 Test Plans, Reports, and Reviews

The contractor shall prepare and submit test plans for the system, each prime item, and critical items (CDRL A015). The system test plan shall be known as the Master Test Plan (MTP) and shall address the entire test program including performance and integration testing, and field exercises at the contract/subcontractor facilities and at government test sites. The contractor shall prepare and submit a test report for each test for which a test plan is prepared. The contractor shall conduct test readiness reviews (TRRs) prior to ground testing and system test/demonstrations. The government will be the approval authority for all TRRs. (CDRL A016, A017) (13)

000743

**5.3 Component and Subsystem Testing**

The contractor shall perform component, subsystem tests and integration testing that demonstrate the maturity of the component and subsystems to enter into Ground Testing. Testing shall be conducted IAW approved test plans. (13)

**5.4 Ground Testing**

The contractor shall perform Ground Testing that demonstrates the maturity of the system to enter into System Test. Ground Testing is the system level demonstration, less air vehicle or with the air vehicle moored, of the functional capability and integration of the system at a land-based site. Testing shall be conducted IAW approved test plans. (A015)(13)

**5.5 System Tests/Demonstrations**

The contractor shall perform system tests/demonstrations that demonstrate all components of the JLENS system

[Redacted]

[Redacted] System tests/demonstrations are system level tests/demonstrations of the technical capability and integration of the system at a land based site with and/or without the air vehicle deployed. [Redacted]

**5.6 Government Test Support**

The contractor shall support the government in the conduct of JLENS government tests. The contractor shall be responsible for providing test articles (hardware and software) in the approved configuration and the integration/checkout of the system at the government designated test sites. All testing shall be preceded by test readiness reviews (TRRs). Government testing includes engineering tests and tests involving the use of soldier personnel. The contractor shall assist the government with collection, reduction, analysis, and reporting of test data. These tests may be conducted concurrently with contractor tests. (13,15)

000744

**6.0 SPECIALTY ENGINEERING**

**6.1**

**6.1.1**

**6.1.2 Readiness**

The contractor shall provide reports during government tests and demonstrations, tests requiring government resources, and during exercises on the readiness of the system, mission performance, and significant events. The contractor shall notify the JLENS Project Office telephonically and/or by e-mail and comply with government instruction if the system is down or projected to be down during a test event or is involved in an incident or accident. (CDRL A022)(13,15)

**6.1.3 Status Reporting**

The contractor shall establish an on-line database to document each operational event, maintenance and/or supply actions, training tasks, and action(s) taken as appropriate during government tests and demonstrations, test utilizing government resources, and during exercises. The contractor shall record data within 24 hours of the event. The contractor shall provide the government online access to this database. (13,15)

**6.1.4 Communications**

The contractor shall employ the government furnished T-1 data connections [REDACTED] [REDACTED] to facilitate the transfer of data for training, mission planning, performance analysis, data recording, hardware-in-the-loop (HWIL) testing, and simulations involving systems such as [REDACTED] (13,15)

The contractor shall establish and maintain a Logistics Management Information database to document requirements to support a tactical system and shall provide the government access to the data. The database shall be continually updated. (13, 15)

**6.1.6 Training**

The contractor shall develop, maintain, and submit a training plan as part of the ISP. The contractor shall develop and conduct a training program for government personnel that provide for proper operation and maintenance of the JLENS system. (13, 15)

000745

**6.2 Product Assurance**

The contractor shall implement a quality system that meets the requirements of the applicable ISO 9000 series. The quality system procedures, planning, and all other documentation and data which comprise the quality system shall be documented by the contractor and made available for government review at contractor facilities. The contractor shall implement Product Assurance (PA) IAW the contract Attachment A8 entitled, "Product Assurance Approach". (13,15)

**6.3 Environmental Management**

The contractor shall comply with all applicable federal, state, and local laws, regulations, and guidelines. The contractor shall notify the contracting officer immediately upon failure to comply with any regulatory requirements. (CDRL A019)(13,15)

**6.4 Configuration Management**

The contractor shall implement and maintain configuration management control [REDACTED] [REDACTED] The contractor shall develop and maintain a listing and status of all configuration management documentation. The contractor shall implement Configuration management IAW the contract Attachment A9, entitled, "Configuration Management Approach". (13,15)

(b)(3)(A)  
(i)&Title  
10 Sec

**7.0 OPERATIONS SECURITY**

The contractor shall update, provide, and implement the OPSEC Plan. (CDRL A020). The contractor shall update the OPSEC Plan IAW specific instructions of the Contracting Officer/Contracting Officer Representative for Security and USASMDC Industrial OPSEC Guide, September 1991. The contractor shall adhere to the approved OPSEC Plan and the security requirements of the DD Form 254 of this contract. (13,15)

**8.0 OPERATIONS AND SUSTAINMENT**

The contractor shall operate and provide total contractor logistic support of the JLENS system on [REDACTED] The contractor shall be responsible for all aspects of operating, maintaining, repairing, site security and supporting the JLENS system [REDACTED] This includes but is not limited to personnel, consumable and repairable materials, petroleum, oil, and lubricants, helium, maintenance, overhaul and rework, total contractor logistics support, facilities, transportation, and training. The contractor shall support government post fielding evaluation of the JLENS. The contractor shall implement software upgrades. The contractor shall implement these requirements in accordance with Attachment A10 entitled, "Operation and Sustainment Approach". The contractor shall report operation and sustainment activities. **Instructions to the Contractor**

1.2 The contractor should include the appropriate cost in his proposal for Spiral 1 the following:

a. Trained personnel, equipment, supplies, tools, materials, helium, payload, on site security, and associated equipment and services required to operate and maintain the aerostat systems. The contractor shall provide qualified Flight Directors for tests/demonstrations and normal [REDACTED] operations.

(b)(3)(A)  
(i)&Title 10 Sec  
130 (a)(b)

b. At least one exercise at [REDACTED] beginning in FY05 per year. Exercise support includes the relocation and shipment of the hardware and support equipment to the exercise site, operations and maintenance of the system during the exercise, the relocation of the system and support equipment back to the field test site, [REDACTED] and the return of the site to a fully operational condition.

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

c. Government-Furnished Equipment

The Contractor shall make maximum use of the items in the Government inventory to test, to be components of, to operate, and to maintain the system. The government plans to provide the contractor access to the government supply system IAW AR 725-50. The contractor should use the government supply system, if it is advantageous to the government, to order spares/repair parts for the repair and maintenance of common items.

The contractor shall, as part of the proposal, identify all equipment (vehicles, generators, forklifts, converters, test equipment, cranes, helium trailers, etc.) required to operate and maintain the system. The contractor shall provide items if not available through the government inventory.

The contractor shall, as part of the proposal, provide a list of these items that includes item nomenclature, item description, model number, justification of need, frequency of use, date required, and procurement cost of each item.

1.3 The contractor shall provide, with the proposal, a description of the Master Test Plan required in SOW at paragraph 5.2. The description shall include a preliminary list of all tests planned and identify the tests for which the contractor will submit test plans and reports per CDRL A015.

**1. REMARKS**

Starting with the negotiated contract as a baseline, the contractor shall develop and maintain current a program cost estimate (PCE) to estimate total life cycle cost for the JLENS Program described below. The contractor shall submit the CE to the government on an as required basis. The contractor has 30 days to provide the PCE after a verbal request by the government is made. The verbal request will be followed up by a letter of instruction from the contracting officer.

- The total cost should be in then year (escalated dollars in millions (\$M)).
- A 32 Meter COTS system reflecting the negotiated contract with all events, in period of performance, etc.
- A CDD program where 1 PTR system is built FY03-FY07 assuming POM

CE should be phased according to the years the systems are built.

The WBS should reflect the components that make up the end items.

Each account requires documentation, define the rationale as actual cost, a cost estimating relationship, or an analogy. Include the source of the information used in the estimate.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

(b)(3)(A)  
(i)&Title  
10 Sec  
130 (a)(b)

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 24 Jan 03. The amount of [redacted] obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

H-9. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

130 (a)(b)

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted]s presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted]s presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 24 Feb 03. The amount of [redacted] obligated for Potential Fee (if applicable), for a total amount of [redacted] for CLIN 0003. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

THE FOLLOWING FAR FULL TEXT CLAUSES APPLY:

102. FAR 52.216-24, LIMITATION OF GOVERNMENT LIABILITY (APR 1984)

(a) In performing CLIN 0013/0014 of this contract, the Contractor is not authorized to make expenditures or incur obligations exceeding \$5,775,000 dollars.

(b) The maximum amount for which the Government shall be liable for CLIN 0013/0014 if this contract is terminated is \$5,775,000 dollars.

103. FAR 52.216-26, PAYMENTS OF ALLOWABLE COSTS BEFORE DEFINITIZATION (MAR 2000)(applicable to CLIN 0013/0014 only)

(a) Reimbursement rate. Pending the placing of the definitive contract referred to in this letter contract, the Government will promptly reimburse the Contractor for all allowable costs under this contract at the following rates:

(1) One hundred percent of approved costs representing financing payments to subcontractors under fixed-price subcontracts; provided, that the Government's payments to the Contractor will not exceed 80 percent of the allowable costs of those subcontractors.

(2) One hundred percent of approved costs representing cost-reimbursement subcontracts; provided, that the Government's payments to the Contractor shall not exceed 85 percent of the allowable costs of those subcontractors.

(3) Eighty-five percent of all other approved costs.

(b) Limitation of reimbursement. To determine the amounts payable to the Contractor under this letter contract, the Contracting Officer shall determine allowable costs in accordance with the applicable cost principles in Part 31 of the Federal Acquisition Regulation (FAR). The total reimbursement made under this paragraph shall not exceed 85 percent of the maximum amount of the Government's liability, as stated in this contract.

(c) Invoicing. Payments shall be made promptly to the Contractor when requested as work progresses, but (except for small business concerns) not more often than every 2 weeks, in amounts approved by the Contracting Officer. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost incurred by the Contractor in the performance of this contract.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

THE FOLLOWING FAR FULL TEXT CLAUSES APPLY:

102. FAR 52.216-24. LIMITATION OF GOVERNMENT LIABILITY (APR 1984)

(a) In performing CLIN 0013/0014 of this contract, the Contractor is not authorized to make expenditures or incur obligations exceeding \$11,366,000 dollars.

(b) The maximum amount for which the Government shall be liable for CLIN 0013/0014 if this contract is terminated is \$11,366,000 dollars.

103. FAR 52.216-26. PAYMENTS OF ALLOWABLE COSTS BEFORE DEFINITIZATION (MAR 2000)(applicable to CLIN 0013/0014 only)

(a) Reimbursement rate. Pending the placing of the definitive contract referred to in this letter contract, the Government will promptly reimburse the Contractor for all allowable costs under this contract at the following rates:

(1) One hundred percent of approved costs representing financing payments to subcontractors under fixed-price subcontracts; provided, that the Government's payments to the Contractor will not exceed 80 percent of the allowable costs of those subcontractors.

(2) One hundred percent of approved costs representing cost-reimbursement subcontracts; provided, that the Government's payments to the Contractor shall not exceed 85 percent of the allowable costs of those subcontractors.

(3) Eighty-five percent of all other approved costs.

(b) Limitation of reimbursement. To determine the amounts payable to the Contractor under this letter contract, the Contracting Officer shall determine allowable costs in accordance with the applicable cost principles in Part 31 of the Federal Acquisition Regulation (FAR). The total reimbursement made under this paragraph shall not exceed 85 percent of the maximum amount of the Government's liability, as stated in this contract.

(c) Invoicing. Payments shall be made promptly to the Contractor when requested as work progresses, but (except for small business concerns) not more often than every 2 weeks, in amounts approved by the Contracting Officer. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost incurred by the Contractor in the performance of this contract.

55. CONTRACT DEFINITIZATION (OCT 1998)(DFARS 252.217-7027)

(a) A cost-plus-incentive-fee contract is contemplated. The Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive contract that will include (1) all clauses required by the Federal Acquisition Regulation (FAR) on the date of execution of the undefinitized contract action, (2) all clauses required by law on the date of execution of the definitive contract action, and (3) any other mutually agreeable clauses, terms, and conditions. The Contractor agrees to submit a cost-plus-incentive-fee proposal and cost or pricing data supporting its proposal.

(b) The schedule for definitizing this contract action is as follows:

Submission of Proposal:	60 days after award of letter contract modification
Begin Negotiations:	90 days after receipt of qualifying proposal
Definitization of Modification:	130 days after receipt of qualifying proposal (30 Sep 2003)

(c) If agreement on a definitive contract action to supersede this undefinitized contract action is not reached by the target date in paragraph (b) of this clause, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with Subpart 15.4 and Part 31 of the FAR, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the Limitation of Government Liability clause.

(1) After the Contracting Officer's determination of price or fee, the contract shall be governed by-

(i) All clauses required by the FAR on the date of execution of this undefinitized contract action for either fixed-price or cost-reimbursement contracts, as determined by the Contracting Officer under this paragraph (c);

(ii) All clauses required by law as of the date of the Contracting Officer's determination, and

(iii) Any other clauses, terms, and conditions mutually agreed upon.

(2) To the extent consistent with paragraph (c)(1) of this clause, all clauses, terms, and conditions included in this undefinitized contract action shall continue in effect, except those that by their nature apply only to an undefinitized contract action

(d) The definitive contract resulting from this undefinitized contract action will include a negotiated cost-plus-incentive-fee ceiling in no event to exceed \$37,000,000 for CLINs 0013/0014 and a negotiated cost-plus-fixed-fee ceiling in no event to exceed \$11,000,000 for CLINs 0015/0016.

SECTION G - CONTRACT ADMINISTRATION DATA

G-1. INVOICING AND VOUCHERING.

a. Public vouchers, together with any necessary supporting documentation, shall be submitted to the cognizant Defense Contract Audit Agency (DCAA) Office, prior to payment by the Finance and Accounting Office specified in Block 12, Page 1, Section A, of Standard Form 26.

b. A copy of each voucher, together with any necessary supporting documentation, shall also be submitted to the issuing office specified in Block 5, Page 1, Section A of Standard Form 26, concurrently with submission to the DCAA.

c. The contractor shall identify on each public voucher the Contract Line Item Number (CLIN) which pertains to the charges billed, e.g., CLIN 0003A.

d. The contractor may include in provisional vouchers target fee based on the percentage of work completed, subject to the withholding reserve of the contract clause titled "Incentive Fee." The Contracting Officer may elect to withhold or accelerate fee payment based upon the Contractor's actual performance as compared to the milestone events target dates as set forth in Section F-5 hereof. (Applicable to CLINs 0003/0004, 0005/0006, 0007/0008, and 0013/0014).

e. The contractor may include in provisional vouchers fixed fee based on the percentage of level of effort hours exerted to the total level of effort hours stipulated in Section B, Paragraph B-18, subject to the withholding reserve of the contract clause titled "Fixed Fee." (Applicable to CLINs 0009/0010).

f. The contractor may include in provisional vouchers fixed fee based on the percentage of work completed, subject to the withholding reserve of the contract clause titled "Fixed Fee." The Contracting Officer may elect to withhold or accelerate fee payment based upon the Contractor's actual performance as compared to the milestone events target dates as set forth in Section F-5 hereof. (Applicable to CLINs 0011/0012).

g. The Paying Office shall ensure that the voucher is disbursed for each ACRN as indicated on the voucher (or as specified herein).

h. The contractor may include in provisional vouchers fixed fee based on the percentage of level of effort hours exerted to the total level of effort hours stipulated in Section B, Paragraph B-18, subject to the withholding reserve of the contract clause titled "Fixed Fee." (Applicable to CLINs 0015/0016).

G-2. CONTRACT ADMINISTRATION. Administration of this contract will be performed by the cognizant office as shown in Block 6, Page 1, Section A, of Standard Form 26. No changes, deviations, or waivers shall be effective without a modification of the contract executed by the Contracting Officer or his duly authorized representative authorizing such changes, deviations, or waivers.

c. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

d. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

e. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. 11. COST ESTIMATING SYSTEM REQUIREMENTS (JUL 1997)(252.215-7002)

(a) Definition. "Estimating system" means the Contractor's policies, procedures, and practices for generating estimates of costs and other data included in proposals submitted to customers in the expectation of receiving contract awards. Estimating system includes the Contractor's --

- (1) Organizational structure;
- (2) Established lines of authority, duties, and responsibilities;
- (3) Internal controls and managerial reviews;
- (4) Flow of work, coordination, and communication; and

(5) Estimating methods, techniques, accumulation of historical costs, and other analyses used to generate cost estimates.

(b) General.

(1) The Contractor shall establish, maintain, and comply with an estimating system that is consistently applied and produces reliable, verifiable, supportable, and documented cost estimates that are an acceptable basis for negotiation of fair and reasonable prices.

- (2) The system should be --
  - (i) Consistent and integrated with the Contractor's related management systems; and
  - (ii) Subject to applicable financial control systems.

000859

## **1.0 INTRODUCTION**

### **1.1 Objectives**

The JLENS Program has three primary objectives: 1) mitigation of the risk associated with the execution of the program, and 2) design, development, fabrication, integration, test, demonstration, and maintenance of a system which meets the JLENS performance requirements, and (3) provide an operational "leave behind" system. (13,15)

### **1.2 Scope**

This Statement of Work (SOW) defines the requirements for a JLENS Program. Technical requirements are contained in the JLENS Performance Specification - Spiral 1 (JPSS1). The JLENS Program is composed of three segments: 1) Risk Mitigation (RM); 2) Design, Development, Demonstration, and Test, and 3) Operations and Sustainment (O&S). The contractor shall design, develop, procure, fabricate, integrate, test, demonstrate, operate, and deliver a system that meets the requirements of this SOW and the Performance Specifications. (13,15)

### **1.3 Integrated Product Teams (IPTs)**

The JLENS system shall be developed using a partnership between the government and industry. The IPTs shall be the basis of the partnership. The contractor shall implement IPTs as an integral part of the JLENS Program. The contractor shall be an integral member of government IPTs and the government will be an integral member of contractor IPTs. (13,15)

## **2.0 PROGRAM MANAGEMENT**

### **2.1 General**

The contractor shall ensure all activities are controlled, scheduled, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall implement an integrated master approach defining the events, accomplishments, criteria, and associated processes in accordance with (IAW) contract Attachment A1 entitled, "Program Management Approach" (13,15)

### **2.2 Meetings and Reviews - Contractor Internal**

The contractor shall identify, conduct, support, attend, and document reviews, and make assessments by which the degree of completion of technical and programmatic efforts related to major schedule milestones can be made. The contractor shall notify and invite the government to all such contractor and subcontractor reviews in a timely manner. (13,15)

000860

### **2.3 Meetings and Reviews - Contractor/Government**

The contractor shall conduct program reviews (PRs). The PRs shall address technical performance; risk and risk management; cost, technical and schedule progress; program status; staffing; and issues that could affect program execution. The contractor shall relate technical accomplishment to cost and schedule using earned value during PRs. The contractor shall conduct PM level reviews at the request of the JLENS Project Manager. (CDRL A001)(13,15)

### **2.4 Master Integrated Program Schedule (MIPS)**

The contractor shall ensure that all activities are controlled, scheduled, updated, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall develop a separate detailed Master Integrated Program Schedule (MIPS) for the JPSS1, JPSS2 and JPSS3 consistent with the Program Plan, CWBS, and CWBS Dictionary. The contractor shall logically link schedule tasks to reflect the manner in which the work is to be performed, resulting in the ability to analyze a critical path. The contractor shall document and provide the relationship between the MIPS and the CWBS. (CDRL A002)(13,15)

### **2.5 Contract Work Breakdown Structure (CWBS)**

The contractor shall implement and maintain a CWBS and dictionary. The contractor shall use the CWBS as the primary framework for planning, budgeting, controlling, and reporting the status of program cost, schedules, and technical performance. The CWBS shall be developed to lowest level at which work is performed. (CDRL A002)(13,15)

### **2.6 Cost Reporting**

#### **2.6.1 Funds Manhour Expenditure Report**

The contractor shall provide a Funds Manhour Expenditure Report (CDRL A021)(15)

#### **2.6.2 Cost Reporting**

The contractor shall develop and implement a management control process that effectively uses earned value for integrated cost, schedule, and technical performance management and shall conduct an Integrated Baseline Review (IBR) (CDRL A001 and A004). This shall include an earned value management control process that provides the basis for planning and controlling cost and schedule, measuring performance and progress, and generating timely, reliable reports. Data for JPSS1 shall be reported at the critical item level. Lower level reporting may be required based upon risk and shall be determined at the IBR. For JPSS1 the contractor shall prepare and provide a Cost Schedule Status Report (C/SSR)(CDRL A022) and a Contract Funds Status Report (C/FSR)(CDRL A003)(13)

000861

**2.6.3 Program Cost Estimate**

Rough Order of Magnitude cost for System Development and Demonstration (SDD), procurement, and sustainment shall be developed. Anticipated SDD, production and sustainment requirements shall be provided periodically via a Contracting Officer letter. (CDRL A005)(13)

**2.7 Renumbered previous paragraph to paragraph 2.6.3.**

**2.8 See para 3.1**

**2.9 Data Management**

The contractor shall establish and implement a data management process that shall reproduce, catalog, store, and deliver data items. The contractor shall make available all technical and programmatic data as required by the government. The contractor shall maintain a data repository for classified and unclassified storage and an efficient means to accomplish fast and accurate data retrieval. All contractual data items shall be delivered in electronic format on permitted media. [REDACTED]

**(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)**

[REDACTED] These requirements may be revised at the sole discretion of the government in order to incorporate newer or improved versions of software. The following electronic media is permissible: the classified JLENS server or CD-ROM, 100 and 250 MB Zip Disks. Media (c.g., diskettes, tapes, etc.) delivered under this contract shall be free of viruses. The contractor shall test such media for viruses prior to delivery. The contractor shall support and provide input to the government in the development of documentation to support the government acquisition documentation. (CDRL A006) (13,15)

000 862

### 3.0 SYSTEM ENGINEERING

#### 3.1 General

The contractor shall conduct systems engineering and provide a system design that meets the requirements of this SOW and the performance specifications. The configurations of these systems shall be explained and documented in the System/Subsystem Design Document. Systems Engineering shall include system/subsystem engineering requirements allocation, specification production and configuration management, system analyses, tactical hardware, tactical software, tactical ground support equipment, risk management, radio frequency management, test requirements/plans, interface management and integration, safety, modeling and simulations, Cost as an Independent Variable (CAIV), and technical reviews and meetings. The contractor shall implement CAIV as authorized by the contracting officer IAW contract Attachment 3 entitled, "Cost as An Independent Variable Approach" and IAW contract Attachment 4 entitled, "System Engineering Approach." (13.15)

#### 3.2 System Engineering Requirements Allocation

The contractor shall develop and provide a Specification Tree for each radar configuration to the equivalent of the Critical Item (CI)/Prime Item/subsystem level. The contractor shall flow down the requirements of the performance specifications to the equivalent of the CI/Prime Item/subsystem level. The contractor shall implement a producibility and manufacturing program that incorporates producibility and manufacturing into the design. This program shall include design strategies to preclude obsolescence, address production readiness reviews, producibility planning, manufacturing technology insertion and other pertinent efforts associated with manufacturing and production (A023). The contractor shall detail this information in Attachment A4 "Systems Engineering Approach". The contractor shall develop and maintain hardware design documentation that will allow the contractor to replicate the JLENS hardware. The contractor shall document this requirement allocation and supporting analyses in a Design Notebook (CDRL A008). The Design Notebook shall include refinements of and updates to the information presented in the technical proposal. The contractor shall define and document the details of the design and requirements in hardware and software design specifications (CDRL A009). The contractor shall develop and maintain, in contractor format, design and performance specifications to the Prime Item/subsystem level. The contractor shall develop Interface Control Documents (ICDs) for internal and external interfaces (CDRL A010)(13)

#### 3.3 System Analyses

The contractor shall conduct performance analyses to support the system designs IAW the requirements of performance specification. [REDACTED]

[REDACTED] The contractor shall conduct analyses that establish the sensitivity of system performance to these error budgets. Performance analyses

(b)(3)(A)  
(i)&Title 10 Sec  
130 (a)(b)

000863

and trade studies shall be completed and system design shall be established prior to DRs. All trade studies shall include CAIV. All analyses and trade studies generated under this section shall be included in the Design Notebook. (CDRL A008) (13)

**3.4 Hardware**

The contractor shall design, fabricate, assemble, integrate and test hardware to meet the requirements of performance specifications and ICDs. The contractor shall provide and maintain sufficient hardware to meet the requirement of this contract. The contractor shall be responsible for total support of the hardware, including all maintenance and provision of spare/repair parts. (13,15)

**3.5 Software**

**3.5.1 Reuse**

The contractor shall maximize use of reusable software products. (13,15)

**3.5.2 Software Engineering Environment (SEE)**

The contractor shall establish, control, and maintain a SEE. The SEE is the facilities, hardware, software, firmware, procedures, and documentation needed to perform software development and software testing. [REDACTED]

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

**3.5.3 Software Development**

The contractor shall develop, document, provide and implement a software development plan. (CDRL A011) The contractor shall design, develop, and integrate software that meets the requirements of the software performance specifications and ICDs. [REDACTED]

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

(13)

**3.5.4 Software Testing**

The contractor shall develop, document, and implement a software test plan for software testing. The contractor shall conduct unit and unit integration testing for all software units and shall document the

000864

specific test cases and related test procedures. The government may participate in all software testing. (A015)(13)

#### **3.5.5 Software Version**

The contractor shall document the exact version of each software release. The contractor shall include in the documentation the descriptions of the capabilities and limitations of each software version, the patches and fixes from previous versions, and known software problems associated with each version. (13)

#### **3.5.6 Corrective Action**

The contractor shall implement a closed-loop corrective action system for resolving detected software product problems after Design reviews (DRs). The contractor shall document each detected software product and its solution. (13,15)

#### **3.5.7 Management Indicators**

The contractor shall collect, interpret, use, and report software management indicators. The contractor shall address software management indicators and corrective actions at the PRs. (13)

#### **3.6 Deleted**

#### **3.7 Interface Management and Integration**

The design shall be modular to the maximum extent possible and shall facilitate substitution of radars from a separate source. (CDRL A010)(13,15)

#### **3.8 Safety**

The contractor shall conduct system safety engineering and hazard tracking in support of all design, development, and test activities. A safety assessment report shall be prepared. (CDRL A012)(13,15)

000865

**3.9 Modeling and Simulation**

The contractor shall implement modeling and simulation IAW contract Attachment A5, entitled, "Simulation, Test and Evaluation Approach." (13)

**3.9.1 Engineering Modeling and Simulations**

The contractor shall develop simulation tools [REDACTED]

[REDACTED]

[REDACTED] Simulation results shall be available for government review. The models and simulations shall include the capabilities and functions as represented in the performance specifications. These models and simulations shall be configured to operate both individually and collectively. (CDRL A013) (13)

**(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)**

**3.9.2 System Integration Laboratory (SIL)**

The contractor shall develop and maintain a SIL consisting of simulations, models, hardware and software. The SIL shall be used for integration of hardware and software. Actual JLENS hardware and software shall be integrated and tested at the SIL prior to shipment. (13)

**3.10 Technical Reviews and Meetings**

**3.10.1 Design Reviews (DRs)**

Using the government approved path to DRs, the contractor shall conduct DRs that meet requirements for system preliminary design review and system critical design review at the contractor's facilities. (CDRL A014)(13)

**3.10.1.1 DR Entrance Criteria**

Minimum DR entrance requirements shall include contractor completed Specification Tree, System Analyses, requirements allocation, and hardware and software prime item specifications, hardware and software design, ICDs, trade studies, status of risk and risk mitigation efforts, test plans, test data, and any additional criteria agreed to at the Program Reviews. (13)

**3.10.1.2 DR Exit Criteria**

Minimum DR exit criteria shall include: government approved DR minutes, closed critical action items as agreed at the DR, establishment of a closed loop action tracking system, hardware drawings and specifications, software requirement specifications, and any additional criteria agreed to at the Program Reviews. (13)

000866

#### **4.0 RISK MITIGATION**

##### **4.1 General**

Risk mitigation is the demonstration by the contractor that technical, schedule, and cost risks of the JLENS system have been reduced to acceptable levels to justify entry into the next phase of the JLENS Program. The contractor shall implement the contract Attachment A6 entitled, "Risk Mitigation Approach." (13)

##### **4.2 Risk Mitigation Tasks**

The contractor shall provide the status of risk mitigation tasks. All changes to the Risk Mitigation Approach shall be submitted to the government for approval. Risk Mitigation shall be addressed at each PR. Risk Mitigation test reports shall be incorporated into the Design Notebook. (CDRL A008) (13)

#### **5.0 TEST AND EVALUATION**

##### **5.1 General**

The contractor shall develop and conduct a contractor Test and Evaluation (T&E) program and support government T&E programs. The contractor's T&E program shall demonstrate that the requirements contained in the performance specifications have been satisfied. The contractor shall maintain traceability of contractor generated prime item and lower level specifications when defining or developing required tests to meet the JLENS test objectives. The contractor shall allow government participation (on a non-interference basis) of contractor and subcontractor tests and demonstrations. The contractor shall implement Test and Evaluation IAW the contract Attachment A5 entitled, "Simulation, Test and Evaluation Approach". As a minimum, the contractor shall perform component and subsystem level testing, system ground tests, elevated tests and system tests. (13)

##### **5.2 Test Plans, Reports, and Reviews**

The contractor shall prepare and submit test plans for the system, each prime item, and critical items (CDRL A015). The system test plan shall be known as the Master Test Plan (MTP) and shall address the entire test program including performance and integration testing, and field exercises at the contract/subcontractor facilities and at government test sites. The contractor shall prepare and submit a test report for each test for which a test plan is prepared. The contractor shall conduct test readiness reviews (TRRs) prior to ground testing and system test/demonstrations. The government will be the approval authority for all TRRs. (CDRL A016, A017) (13)

000867

**5.3 Component and Subsystem Testing**

The contractor shall perform component, subsystem tests and integration testing that demonstrate the maturity of the component and subsystems to enter into Ground Testing. Testing shall be conducted IAW approved test plans. (13)

**5.4 Ground Testing**

The contractor shall perform Ground Testing that demonstrates the maturity of the system to enter into System Test. Ground Testing is the system level demonstration, less air vehicle or with the air vehicle moored, of the functional capability and integration of the system at a land-based site. Testing shall be conducted IAW approved test plans. (A015)(13)

**5.5 System Tests/Demonstrations**

The contractor shall perform system tests/demonstrations that demonstrate all components of the JLENS system operate IAW the JPSS1 [REDACTED]

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

[REDACTED]  
[REDACTED] System tests/demonstrations are system level tests/demonstrations of the technical capability and integration of the system at a land based site with and/or without the air vehicle deployed. [REDACTED]

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

[REDACTED]  
[REDACTED] Testing shall be conducted IAW approved test plans. (13)

**5.6 Government Test Support**

The contractor shall support the government in the conduct of JLENS government tests. The contractor shall be responsible for providing test articles (hardware and software) in the approved configuration and the integration/checkout of the system at the government designated test sites. All testing shall be preceded by test readiness reviews (TRRs). Government testing includes engineering tests and tests involving the use of soldier personnel. The contractor shall assist the government with collection, reduction, analysis, and reporting of test data. These tests may be conducted concurrently with contractor tests. (13,15)

000868

**6.0 SPECIALTY ENGINEERING**

**6.1**

**6.1.1**

**6.1.2 Readiness**

The contractor shall provide reports during government tests and demonstrations, tests requiring government resources, and during exercises on the readiness of the system, mission performance, and significant events. The contractor shall notify the JLENS Project Office telephonically and/or by e-mail and comply with government instruction if the system is down or projected to be down during a test event or is involved in an incident or accident. (CDRL A022)(13,15)

**6.1.3 Status Reporting**

The contractor shall establish an [REDACTED] to document each operational event, maintenance and/or supply actions, training tasks, and action(s) taken as appropriate during government tests and demonstrations, test utilizing government resources, and during exercises. The contractor shall record data within 24 hours of the event. The contractor shall provide the government online access to this database (13,15)

The contractor shall establish and maintain a Logistics Management Information database to document requirements to support a tactical system and shall provide the government access to the data. The database shall be continually updated. (13, 15)

**6.1.6 Training**

The contractor shall develop, maintain, and submit a training plan as part of the ISP. The contractor shall develop and conduct a training program for government personnel that provide for proper operation and maintenance of the JLENS system. (13, 15)

000869

**6.2 Product Assurance**

The contractor shall implement a quality system that meets the requirements of the applicable ISO 9000 series. The quality system procedures, planning, and all other documentation and data which comprise the quality system shall be documented by the contractor and made available for government review at contractor facilities. The contractor shall implement Product Assurance (PA) IAW the contract Attachment A8 entitled, "Product Assurance Approach". (13,15)

**6.3 Environmental Management**

The contractor shall comply with all applicable federal, state, and local laws, regulations, and guidelines. The contractor shall notify the contracting officer immediately upon failure to comply with any regulatory requirements. (CDRL A019)(13,15)

**6.4 Configuration Management**

The contractor shall implement and maintain configuration management control [REDACTED] [REDACTED] using internal contractor procedures. The contractor shall develop and maintain a listing and status of all configuration management documentation. The contractor shall implement Configuration management IAW the contract Attachment A9, entitled, "Configuration Management Approach" (13,15)

(b)(3)(A)  
(i)&Title 10  
Sec 130  
(a)(b)

**7.0 OPERATIONS SECURITY**

The contractor shall update, provide, and implement the OPSEC Plan (CDRL A020). The contractor shall update the OPSEC Plan IAW specific instructions of the Contracting Officer/Contracting Officer Representative for Security and USASMDC Industrial OPSEC Guide, September 1991. The contractor shall adhere to the approved OPSEC Plan and the security requirements of the DD Form 254 of this contract. (13,15)

**8.0 OPERATIONS AND SUSTAINMENT**

The contractor shall operate and provide total contractor logistic support of the JLENS system on [REDACTED]. The contractor shall be responsible for all aspects of operating, maintaining, repairing, site security and supporting the JLENS system [REDACTED]. [REDACTED]

(b)(3)(A)

10. REMARKS

Initial submission shall be 20 calendar days after the close of the first full accounting month after contract modification (reference paragraph 7.6). Subsequent submissions shall be 20 calendar days after the close of each accounting month throughout the period of performance.

The contractor shall submit a quick-look report 5 days after close of accounting period. Quick Look report shall contain actual BCWP, BCWS, and ACWP data when available, otherwise the report shall contain actual BCWS with estimated BCWP/ACWP. The report shall be clearly marked DRAFT or Preliminary.

Reference paragraph 10.4.1 - To maintain necessary visibility data reported will be separated on the C/SSR via the WBS structure. Data will be reported at the lowest item level. Lower level reporting may be required based upon risk and be determined at the IBR.

Reference paragraph 7.7.1 - At a minimum, variance analysis should be provided for the top 10 current and cumulative cost and schedule variances that are +/-10%. The contractor shall also provide variance analysis for all WBS elements experiencing a +/-5% variance at completion. The variance analysis shall include a detailed explanation of the problem, corrective action, and program impact. Variance Analysis is not required for the quick look report.

Contractor format is acceptable.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

██████████ fuels as identified below will be provided through ██████████ in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

- a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.
  - b. Pursuant to the Limitation of Funds clause, the sum of ██████████ is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of ██████████ is obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.
  - c. Pursuant to the LIMITATION OF FUNDS clause, the sum of ██████████ is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 31 Dec 03. The amount of ██████████ is obligated for Potential Fee (if applicable), for a total amount of \$98,713,422 for CLIN 0003.
- Pursuant to the LIMITATION OF FUNDS clause, the sum of ██████████ is presently allotted to CLIN 0013 and available for payment to cover the work to be performed hereunder until 31 May 04. The amount of ██████████ is obligated for Potential Fee (if applicable), for a total amount of \$25,366,000 for CLIN 0013.

c. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

d. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

e. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the LIMITATION OF FUNDS clause.)

STANDARD FORM 30 (Rev. 10-03)  
Prescribed by GSA  
FAR (48 CFR) 53.243

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

The following items are applicable to this modification:

SECTION A - SOLICITATION/CONTRACT FORM  
MODIFICATION

Whereas, pursuant to FAR 52.243-2, "Changes - Cost-Reimbursement Alternate V," the government elects to change the contract (this modification revises modification P00050 and modification P00061) as reflected herein, and

Whereas, pursuant to the Limitation of Government Liability clause, funds in the amount of \$14,000,000 are provided under CLIN 0005 for commencement of this effort, and

Whereas, the CLIN 0013 milestone events and performance periods require revision at no additional cost to the government, and

NOW, THEREFORE, the contract is changed as follows:

1. SECTION B- SUPPLIES OR SERVICES AND PRICES/COSTS: Paragraph B-1. Line Item Description of the contract is changed to delete the Contract Line Item Number (CLIN) structure in the contract and replace it with the CLIN structure shown below:

B-1. LINE ITEM DESCRIPTION: In accordance with this contract, the contractor, independently and not as an agent of the Government, shall provide all necessary materials, labor, equipment, and facilities, except as specified herein to be furnished by the Government, and shall do all that which is necessary or incident to the satisfactory and timely performance of the following Contract Line Item Number (CLIN):

3. SECTION G - CONTRACT ADMINISTRATION DATA.

000897

a. Paragraph G-5, Accounting and Appropriation Data, CLIN 0005 is revised to add the following:

ACRN:	BA
CUMULATIVE AMOUNT:	\$14,000,000
ACCT CLASS:	214 2040 5Q 5Q17 P172419E55 255Y ER4D731500 S01021 ER4D731500/44KJLE/4K0000
ORDER NO:	ER4D731500-01 FUNDED AMT: \$14,000,000 (P00086)

b. Paragraph G-9, will be added to the contract upon definitization of this change order as follows:

**G-9. DCMA FACILITIES**

The contractor shall provide working facilities (including workstation, computers, communications) for 4 people from the contract administration office. These facilities shall be provided in the JLENS dedicated area.

4. SECTION H – SPECIAL CONTRACT REQUIREMENTS. is changed as follows:

a.. Paragraph H-3. OPTIONS is modified to read as follows:

The options CLINs stipulated in the contract may be exercised at the unilateral option of the government. The exercise of the option CLIN shall be by written notice provided to the contractor by the Contracting officer not later than the dates shown below provided preliminary notice is given by the government thirty (30) days prior to option exercise. The contractor shall incur no costs chargeable to any option CLIN until the Contracting Officer has provided written notification that the option CLIN has been exercised. The option CLIN may be exercised individually and the exercise of an option will include its attendant data item CLIN.

OPTION	DATE
CLINs 0007 and 0008 (Option II)	
0007AA	NLT 30 Aug 04
0007AB	NT 30 Aug 05
0007AC	NLT 30 Jun 06
0007AD	NLT 1 Dec 05
CLINs 0009 and 0010 (Option III)	NLT 30 Sep 05
CLINs 00011 and 0012 (Option IV)	NLT 30 Dec 07

CLIN 0009 – At the unilateral option of the government, CLIN 0009 may be exercised incrementally or totally at any time during the period of performance of the contract, up to the amount set forth in Section B of the contract. The CPFF unit price per DPPH [REDACTED] will be used to exercise CLIN 0009, if it is exercised incrementally. (b)(4)

CLIN 0015: At the unilateral option of the government, CLIN 0015 may be exercised incrementally or totally not later than 30 Sep 07, up to the amount set forth in Section B of the contract. The CPFF unit price per DPPH [REDACTED] will be used to exercise CLIN 0015, if it is exercised incrementally. (b)(4)

In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0005, the government may postpone the exercise of the option for CLINs 0007/0008 without increase in the estimated cost and fee. In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0005 and/or CLIN 0007, the government may postpone the exercise of the option for CLINs 0011 and 0012 without increase in the estimated cost and fee.

000898

Subclin 0007AA and Subclin 0007AB may be exercised individually. Subclin 0007AC may only be exercised if Subclin 0007AA and Subclin 0007AB have been exercised.

b. Paragraph H-10. INCREMENTAL FUNDING OF THE CONTRACT, paragraph c. CLIN 0005 is changed as follows:

	PLANNED DATE OF FUNDING	AMOUNT (in millions)	CUMULATIVE
CLIN 0005	TBD	TBD	

c. Paragraph H-17, will be added to the contract upon definitization of this change order as follows:

**H-17. CONTRACTOR'S ORGANIZATION AND RELATIONSHIP WITH OTHER CRUISE MISSILE DEFENSE SYSTEM OF SYSTEMS CONTRACTORS AND GOVERNMENT PROGRAMS**

The government is engaged in the development of an integrated cruise missile defense conducted under the auspices of the Program Executive Officer, Air, Space and Missile Defense. Achievement of the effort involves bringing together in a System of Systems, programs that have been independently pursued. This provision provides a mechanism for an alliance of the participants in the programs, [REDACTED] and the Joint Land Attack Cruise Missile Defense Elevated Netted Sensor System (JLENS), to further interoperability and capability leveraging. To assist in the implementation of these broad objectives, the contractor will establish associate agreements between the above three program participants. Agreements shall also be established with support contractors as identified by the government.

**(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)**

The contractor shall maintain technical liaison with the suite of contractors in the alliance governed by associate agreements. Technical Direction will be used to identify the full complement of contractors. The associate agreements will accomplish the following:

- (1) Coordinate and exchange information reflecting the technical objectives of the systems and promote understanding of both technical interfaces and assure meaningful technical contribution to the system of systems within established specifications and designs.
- (2) Add to the value of each system by assuring interoperability in combat roles is a product of the respective efforts.
- (3) Determine how to share technical information in a manner which assures that the best of the capabilities of the developing systems are understood and leveraged by each system member to the benefit of all.
- (4) Provide for the exchange and safeguarding of proprietary information and date to include provisions to protect proprietary information from unauthorized disclosure. The agreements shall hold the Government harmless from unauthorized disclosure by the parties of proprietary information or data.

The contractor agrees to insert conforming provisions in all subcontracts which require access to proprietary information or data and require participation in interchanges implementing this provision.

5. SECTION I – CONTRACT CLAUSES: FAR 52.216-24, LIMITATION OF GOVERNMENT LIABILITY (APR 1984) is added as follows:

(a) In performing CLIN 0005/0006 of this contract, the Contractor is not authorized to make expenditures or incur obligations exceeding \$14,000,000 dollars.

000899

(b) The maximum amount for which the Government shall be liable for CLIN 0005/0006 if this contract is terminated is \$14,000,000 dollars.

6. SECTION J – LIST OF ATTACHMENTS is changed as shown below:

7. The contractor shall redirect the effort in conformance with the contract as changed herein and submit a proposal for these changes within seventy-five (75) days. See attached JLENS Special Instructions for Preparation of the Proposal for CLIN 0005.

8. This modification integrates the full agreement of the parties except as stated herein. The parties recognize that the Not-To-Exceed amount listed in Section B, CLIN 0005, above, is subject to further negotiation relative to the following items only:

a. F-5. Milestone Events and Performance Period, CLIN 0005. The delivery dates for the Mil O&S PDR and Log Demo milestone events have not been agreed to within the parameters of this change order.

b. Section J. List of Attachments, Government Furnished Equipment, GFP, and GFS – Spiral 2. The Government Furnished Equipment, GFP, and GFS – Spiral 2 list and contractor's respective need dates has not been agreed to within the parameters of this change order.

c. If the above items, 8a. and 8b., cannot be agreed to by both parties, and if such causes any change to the contractor's cost, schedule or scope, the contract will be equitably adjusted accordingly.

9. Slipsheet pages to the contract will be provided upon definitization of the change order.

000901

**1.0 INTRODUCTION**

DASG60-98-C-0001 Modification P00086

**1.1 Objectives**

The JLENS Program has three primary objectives: 1) mitigation of the risk associated with the execution of the program, and 2) design, development, fabrication, integration, test, and operations and maintenance of systems that meet the JLENS performance requirements, and (3) provide an operationally capable system. (3,5,7,9,11)

(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)

**1.2 Scope**

This Statement of Work (SOW) defines the requirements for a JLENS Program. Technical requirements are contained in the JLENS Performance Specification - Spiral 1 (JPSS1), and JLENS Performance Specification - Spiral 2 (JPSS2). The JLENS Program is composed of three segments: 1) Risk Mitigation (RM); 2) Design, Development, Integration, Test and fielding, and 3) Operations and Sustainment (O&S). The contractor shall design, develop, procure, fabricate, integrate, test, operate, and deliver systems that meets the requirements of this SOW and the Performance Specifications. (3,5,7,9,11)

**1.3 Integrated Product Teams (IPTs)**

The JLENS system shall be developed using a partnership between the government and industry. The IPTs shall be the basis of the partnership. The contractor shall implement IPTs as an integral part of the JLENS Program. The contractor shall be an integral member of government IPTs and the government will be an integral member of contractor IPTs. (3,5,7,9,11)

**2.0 PROGRAM MANAGEMENT**

**2.1 General**

The contractor shall ensure all activities are defined, resourced, controlled, scheduled, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall implement its integrated master approach defining the events, accomplishments, criteria, and associated processes in accordance with (IAW) contract Attachment A1 entitled, "Program Management Approach". (3,5,7,9,11)

**2.2 Meetings and Reviews - Contractor Internal**

The contractor shall identify, conduct, support, attend, and document reviews, and make assessments by which the degree of completion of technical and programmatic efforts related to major schedule milestones can be made. The contractor shall notify and invite the government to all such contractor and subcontractor reviews in a timely manner. (3,5,7,9,11)

000902

### **2.3 Meetings and Reviews - Contractor/Government**

The contractor shall conduct program reviews (PRs). The PRs shall address technical performance; risk and risk management; cost, technical and schedule progress; program status; staffing; and issues that could affect program execution. The contractor shall relate technical accomplishment to cost and schedule using earned value during PRs. The contractor shall conduct PM level reviews at the request of the JLENS Project Manager. (CDRL A001) (3,5,7,9,11)

### **2.4 Master Integrated Program Schedule (MIPS)**

The contractor shall ensure that all activities are defined, resourced, controlled, scheduled, updated, monitored, reported, and managed consistent with and supportive of the requirements set forth in this SOW. The contractor shall develop a separate detailed Master Integrated Program Schedule (MIPS) for the JPSS1 and JPSS2 consistent with the Program Plan, CWBS, and CWBS Dictionary. The contractor shall logically link schedule tasks to reflect the manner in which the work is to be performed, resulting in the ability to analyze a critical path. The contractor shall document and provide the relationship between the MIPS and the CWBS. (CDRL A002) (3,5,7,9,11)

### **2.5 Contract Work Breakdown Structure (CWBS)**

The contractor shall implement and maintain a CWBS and dictionary. The contractor shall use the CWBS as the primary framework for planning, budgeting, controlling, and reporting the status of program cost, schedules, and technical performance. The CWBS shall be developed to the lowest level at which work is performed. (CDRL A002 and A028) (3,5,7,9,11)

### **2.6 Cost Reporting**

#### **2.6.1 Funds Manhour Expenditure Report**

The contractor shall provide a Funds Manhour Expenditure Report (CDRL A021)(9,11)

#### **2.6.2 Cost Reporting**

The contractor shall develop and implement a management control process that effectively uses earned value for integrated cost, schedule, and technical performance management. The contractor shall conduct an Integrated Baseline Review (IBR) (CDRL A001 and A004). This shall include an earned value management control process that provides the basis for planning and controlling cost and schedule, measuring performance and progress, and generating timely, reliable reports. The contractor shall flow down earned value management and appropriate reporting requirements to major subcontractors which, based on risk, schedule criticality, and dollar value of their subcontract, are important to the successful completion of the program. The Format 5 variance analysis shall explain the cost and schedule variances

000903

exceeding  $\pm 10\%$  for JPSS 2. The contractor shall provide variance analysis for all WBS elements experiencing a  $\pm 5\%$  variance at completion. Variance analysis shall detail the cause, impact and corrective action. (3,5,7)

**2.6.2.1** For JPSS 2 the contractor shall prepare and provide a Cost Performance Report (CPR) (CDRL A004) and a Contract Funds Status Report (C/FSR)(CDRL A003). To maintain necessary visibility, data reported shall be separated on the CPR (CDRL A004) via the WBS structure. (5,7)

**2.6.2 Program Cost Estimate**

Rough Order of Magnitude cost for System Development and Demonstration (SDD), procurement, and operations and sustainment of the JLENS system shall be developed and kept current. Anticipated SDD, production and sustainment requirements shall be provided periodically via a Contracting Officer letter. (CDRL A005)(3,5,7,11,13)

**2.7 Data Management**

The contractor shall establish and implement a data management process that shall reproduce, catalog, store, and deliver data items. The contractor shall make available all technical and programmatic data as requested by the government. The contractor shall maintain a data repository for classified and unclassified storage and an efficient means to accomplish fast and accurate data retrieval. All contractual data items shall be delivered in electronic format on permitted media. [REDACTED]

[REDACTED]. These requirements may be revised at the sole discretion of the government in order to incorporate newer or improved versions of software. The following electronic media is permissible: the classified and unclassified JLENS servers or DVD, CD-ROM, 100 and 250 MB Zip Disks. Media (e.g., diskettes, tapes, etc.) delivered under this contract shall be free of viruses. The contractor shall test such media for viruses prior to delivery. The contractor shall support and provide input to the government in the development of documentation to support the government acquisition documentation. (CDRL A006) (3,5,7,9,11)

000904

**3.0 SYSTEM ENGINEERING**

**3.1 General**

The contractor shall conduct systems engineering and provide a system design that meets the requirements of this SOW and the performance specifications. The configurations of these systems shall be explained and documented in the System/Subsystem Design Document. Systems Engineering shall include system/subsystem engineering requirements allocation, specification production and configuration management, system analyses, tactical hardware, tactical software, tactical ground support equipment, risk management, radio frequency management, test requirements/plans, interface management and integration, safety, modeling and simulations, Cost as an Independent Variable (CAIV), and technical reviews and meetings. The contractor shall implement CAIV as authorized by the contracting officer IAW contract Attachment 3 entitled, "Cost as An Independent Variable Approach" and IAW contract Attachment 4 entitled, "System Engineering Approach." (3,5,7,9,11)

**3.2 System Engineering Requirements Allocation**

The contractor shall develop and provide a Specification Tree for each radar configuration to the equivalent of the Critical Item (CI)/Prime Item/subsystem level (CDRL A007). The contractor shall flow down the requirements of the performance specifications to the equivalent of the CI/Prime Item/subsystem level. The contractor shall implement a producibility and manufacturing program that incorporates producibility and manufacturing into the design. This program shall include design strategies to preclude obsolescence, address production readiness reviews, producibility planning, manufacturing technology insertion and other pertinent efforts associated with manufacturing and production (CDRL A023). The contractor shall detail this information in Attachment A4 – "Systems Engineering Approach". The contractor shall develop and maintain hardware design documentation that will allow the contractor to replicate the JLENS hardware. The contractor shall document this requirement allocation and supporting analyses in a Design Notebook (CDRL A008). The Design Notebook shall include refinements of and updates to the information presented in the technical proposal. The contractor shall define and document the details of the design and requirements in hardware and software design specifications (CDRL A009). The contractor shall develop and maintain, in contractor format, design and performance specifications to the Prime Item/subsystem level. The contractor shall develop Interface Control Documents (ICDs) for internal and external interfaces. (CDRL A010)(3,5,7)

**3.3 System Analyses**

The contractor shall conduct performance analyses to support the system designs IAW the requirements of performance specification. [REDACTED]

[REDACTED] Performance analyses

and trade studies shall be completed and system design shall be established prior to DRs. All trade studies shall include CAIV. All analyses and trade studies generated under this section shall be included in the Design Notebook. (CDRL A008) (3,5,7)

**3.4 Hardware**

The contractor shall design, fabricate, assemble, integrate and test hardware to meet the requirements of performance specifications and ICDs. The contractor shall provide and maintain sufficient hardware to meet the requirement of this contract. The contractor shall be responsible for total support of the hardware, including all maintenance and provision of spare/repair parts. (3,5,7,9,11)

**3.5 Software**

**3.5.1 Reuse**

The contractor shall maximize use of reusable software products. (3,5,7,11)

**3.5.2 Software Engineering Environment (SEE)**

The contractor shall establish, control, and maintain a SEE. The SEE is the facilities, hardware, software, firmware, procedures, and documentation needed to perform software development and software testing. Elements may include, but are not limited to, computer aided software engineering (CASE) tools, software development library, software development files, compilers, assemblers, linkers, loaders, operating systems, debuggers, simulators, emulators, documentation tools, database management systems, simulators, code analyzers, test case generators, and path analyzers. (3,5,7)

**3.5.3 Software Development**

The contractor shall develop, document, provide and implement a software development plan. (CDRL A011) The contractor shall design, develop, and integrate software that meets the requirements of the software performance specifications and ICDs (CDRL A024). [REDACTED]

[REDACTED]

[REDACTED] The contractor shall document the detailed design and requirements traceability for each software unit in a Software Requirements Specifications. (CDRL A009) (3,5,7)

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

000906

**3.5.4 Software Testing**

The contractor shall develop, document, and implement a software test plan for software testing. The contractor shall conduct unit and unit integration testing for all software units and shall document the specific test cases and related test procedures. The government may participate in all software testing. (CDRL A015 and A024)(3,5,7)

**3.5.5 Software Version**

The contractor shall document the exact version of each software release. The contractor shall include in the documentation the descriptions of the capabilities and limitations of each software version (CDRL A024), the patches and fixes from previous versions, and known software problems associated with each version. (CDRL A027)(3,5,7)

**3.5.6 Corrective Action**

The contractor shall implement a closed-loop corrective action system for resolving detected software product problems after Design reviews (DRs). The contractor shall document each detected software product and its solution. (3,5,7,9)

**3.5.6.1 Hardware and Software**

The contractor shall establish, conduct and document a closed loop software and hardware failure reporting, analysis and corrective action system for all failures occurring during system debugging, checkout, engineering tests and contractor maintenance. This system shall incorporate company or commercial best practices and shall be of sufficient detail to meet the program requirements. (5,11)

**3.5.7 Management Indicators**

The contractor shall collect, interpret, use, and report software management indicators. The contractor shall address software management indicators and corrective actions at the PRs. (3,5,7,9)

**3.6 Deleted****3.7 Interface Management and Integration**

The design shall be modular to the maximum extent possible and shall facilitate substitution of radars from a separate source. (CDRL A010)(3,5,7,9,11)

**3.8 Safety**

The contractor shall conduct system safety engineering and hazard tracking in support of all design, development, and test activities. A safety assessment report shall be prepared. (CDRL A012)(3,5,7,9,11)

000907

### 3.9 Modeling and Simulation

The contractor shall implement modeling and simulation IAW contract Attachment A5, entitled, "Simulation, Test and Evaluation Approach." (3,5,7)

#### 3.9.1 Engineering Modeling and Simulations

The contractor shall develop simulation tools that model system and subsystems performance to support system engineering, design, development, test and evaluation, [REDACTED]

[REDACTED] Simulation results shall be available for government review. The models and simulations shall include the capabilities and functions as represented in the performance specifications. These models and simulations shall be configured to operate both individually and collectively. (CDRL A013) (3,5,7,9)

(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)

#### 3.9.2 System Integration Laboratory (SIL)

The contractor shall develop and maintain a SIL consisting of simulations, models, hardware and software. The SIL shall be used for integration of hardware and software. Actual JLENS hardware and software shall be integrated and tested at the SIL prior to shipment. (3,5,7,9)

### 3.10 Technical Reviews and Meetings

#### 3.10.1 Design Reviews (DRs)

Using the government approved path to DRs, the contractor shall conduct DRs that meet requirements for system preliminary design review and system critical design review at the contractor's facilities. For Spiral 2 - JPSS2 the contractor shall conduct a formal System PDR and CDR, in addition of PDRs and CDRs for all Prime Items, which have not previously completed a successful PDR and CDR. The Prime Items (PIs) for which PDRs and CDRs shall be conducted include the aerostat, mobile mooring station, surveillance radar, processing station, communications payload and fire control radar (software only). The System PDR and CDR may be sequential, and/or conducted jointly with Prime Items PDRs and CDRs, to include all system of system aspects associated with the PIs under review. If a sequential approach to system PDR or CDR is selected, the final sequential PDR or CDR shall include a summary of previous sequential reviews and address system design integration of all prime items. (CDRL A014)(3,5,7)

000908

**3.10.1.1 DR Entrance Criteria**

Minimum DR entrance requirements shall include contractor completed Specification Tree, System Analyses, requirements allocation, and hardware and software prime item specifications, hardware and software design, ICDs, trade studies, status of risk and risk mitigation efforts, test plans, test data; and any additional criteria agreed to at the Program Reviews. (3,5,7)

**3.10.1.2 DR Exit Criteria**

Minimum DR exit criteria shall include: government approved DR minutes, closed critical action items as agreed at the DR, establishment of a closed loop action tracking system, hardware drawings and specifications, software requirement specifications, and any additional criteria agreed to at the Program Reviews.(3,5,7)

000909

#### **4.0 RISK MITIGATION**

##### **4.1 General**

Risk mitigation is the demonstration by the contractor that technical, schedule, and cost risks of the JLENS system have been reduced to acceptable levels to justify entry into the next phase of the JLENS Program. The contractor shall implement the contract Attachment A6 entitled, "Risk Mitigation Approach." (3,5,7,9)

##### **4.2 Risk Mitigation Tasks**

The contractor shall provide the status of risk mitigation tasks. All changes to the Risk Mitigation Approach shall be submitted to the government for approval. Risk Mitigation shall be addressed at each PR. Risk Mitigation test reports shall be incorporated into the Design Notebook. (CDRL A008) (3,5,7,9)

#### **5.0 TEST AND EVALUATION**

##### **5.1 General**

The contractor shall develop and conduct a contractor Test and Evaluation (T&E) program and support government T&E programs. The contractor's T&E program shall demonstrate that the requirements contained in the performance specifications have been satisfied. The contractor shall maintain traceability from the Spiral 2 Fire Control Segment Performance Specification of the contractor generated prime item and lower level specifications when defining or developing required tests to meet the JLENS test objectives. The contractor shall allow government participation (on a non-interference basis) of contractor and subcontractor tests and demonstrations. The contractor shall implement Test and Evaluation IAW the contract Attachment A5 entitled, "Simulation, Test and Evaluation Approach". As a minimum, the contractor shall perform component and subsystem level testing, system ground tests, elevated tests and system tests. (3,5,7,9)

##### **5.2 Test Plans, Reports, and Reviews**

The contractor shall prepare and submit test plans for the system, each prime item, and critical items (CDRL A015). The system test plan shall be known as the Master Test Plan (MTP) and shall address the entire test program including performance and integration testing, and field exercises at the contract/subcontractor facilities and at government test sites. The contractor shall prepare and submit a test report for each test for which a test plan is prepared. The contractor shall conduct test readiness reviews (TRRs) prior to ground testing and system test/demonstrations. The government will be the approval authority for all TRRs. (CDRL A016, A017) (3,5,7,9)

000910

**5.3 Component and Subsystem Testing**

The contractor shall perform component, subsystem tests and integration testing that demonstrate the maturity of the component and subsystems to enter into Ground Testing. Testing shall be conducted IAW approved test plans (CDRL A015 and A026). (3,5,7)

**5.4 Ground Testing**

The contractor shall perform Ground Testing that demonstrates the maturity of the system to enter into System Test. Ground Testing is the system level demonstration, less air vehicle or with the air vehicle moored, of the functional capability and integration of the system at a land-based site. Testing shall be conducted IAW approved test plans. (CDRL A015 and A026)(3,5,7,9)

**5.5 System Tests/Demonstrations**

The contractor shall perform system tests/demonstrations that demonstrate all components of the JLENS system operate IAW the JPSS1 and JPSS2 [REDACTED] The contractor shall support the use of planned government events [REDACTED] where possible to demonstrate incremental and full system capability. System tests/demonstrations are system level tests/demonstrations of the technical capability and integration of the system at a land based site with and/or without the air vehicle deployed. [REDACTED]

**5.6 Government Test Support**

The contractor shall support the government in the conduct of JLENS government tests. The contractor shall be responsible for providing test articles (hardware and software) in the approved configuration and the integration/checkout of the system at the government designated test sites. All testing shall be preceded by test readiness reviews (TRRs). Government testing includes engineering tests and tests involving the use of soldier personnel. The contractor shall assist the government with planning, collection, reduction, analysis, and reporting of test data. These tests may be conducted concurrently with contractor tests. (3,5,7,9,11)

000911

**6.0 SPECIALTY ENGINEERING**

**6.1 Logistics**

The contractor shall develop and document a logistics support program for the JLENS system using Undated OSD Memorandum on Defense Acquisition (interim guidance following cancellation of DoD 5000.1 and DoDI 5000.2), AR 700-127, and MIL-PRF-49506 as guides. The contractor shall implement integrated logistics support IAW the contract Attachment A7 entitled, "Integrated Logistics Support Approach." (3,5,7,9)

**6.1.1 Integrated Support Plan (ISP)**

The contractor shall prepare an Integrated Support Plan (CDRL A018). The plan shall include a Maintenance Plan, Supply Support Plan, Equipment Plan, MANPRINT Management Plan, Transition Plan, and a Training Plan. The Transition Plan shall detail all efforts/actions required to transition from contractor to soldier operation and maintenance of the system. (3,5,7,9)

**6.1.2 Readiness**

The contractor shall provide reports during government tests and demonstrations, tests requiring government resources, and during exercises on the readiness of the system, mission performance, and significant events. The contractor shall notify the JLENS Project Office telephonically and/or by e-mail and comply with government instruction if the system is down or projected to be down during a test event or is involved in an incident or accident. (CDRL A017)(5, 11)

**6.1.3 Status Reporting**

The contractor shall establish an on-line database to document each operational event, maintenance and/or supply actions, training tasks, and action(s) taken as appropriate during government tests and demonstrations, test utilizing government resources, and during exercises. The contractor shall record data within 24 hours of the event. The contractor shall provide the government online access to this database. (5,11)

<p>The contractor shall develop and maintain a current program cost estimate (PCE) on the total life cycle cost for the JLENS Spiral 2, accelerated program. The cost estimate will be based on and structured in accordance with the approved Contract Work Breakdown Structure (CWBS). Cost will be collected at the lowest level of the CWBS and maintained in a current database for reporting purposes. When the JLENS Project Office is not acting in a short suspense mode to higher headquarters, the contractor shall submit the PCE on the total program on an as required basis within 30 days of the request. However, in consideration of JLENS Project Office requirement to respond to higher headquarters in a short suspense environment, the contractor shall respond to telephone or email requests within the time frame identified by the requestor (often within a two-hour to day time frame).</p> <p>Contractor format acceptable.</p> <p>*The contractor shall notify the addressee at the email address in block 14 when the PCE information is placed in electronic server, unless it was identified as a short suspense item at the time of the request. For short suspense items, the contractor shall provide the information directly to the requester or their designee by telephone, email or fax within the time frame identified at the time of the request. **SPECIAL INSTRUCTIONS FOR PREPARATION OF THE PROPOSAL FOR  
CLIN 0005  
CONTRACT DASG60-98-C-0001  
ACCELERATED CRUISE MISSILE DEFENSE**

**A. INTRODUCTION:**

1. The Program Executive Office, Air, Space and Missile Defense (PEO, ASMD) Joint Land Attack Cruise Missile Defense Elevated Netted Sensor System (JLENS) Project Office plans to restructure the current JLENS contract, Number DASG60-98-C-0001, Contract Line Item Numbers (CLINs) 0003 and 0005 into CLIN 0005 to procure two complete JLENS System Development and Demonstration (SDD) systems, less the Surveillance Radar, pursuant to Statement of Work, SW-JLENS 16-97 Revision 6, dated 21 Oct 03, and Joint Land Attack Cruise Missile Defense Elevated Netted Sensor System (JLENS) performance Specification – Spiral 2 Fire Control System, dated 29 Oct 03. Proposal Instructions is for revised CLIN 0005 only. Acquisition of the Surveillance Radar will be via a follow-on acquisition.

2. The JLENS program is utilizing a system of systems approach whereas each JLENS SDD system consists of one elevated fire control system and one wide-area surveillance system capable

the capability of operating independently and autonomously and/or together as a JLENS system.

(a)(b)

**B. OVERVIEW:**

1. The contractor shall propose the costs for prime items and Surveillance Radar risk reduction in this change order. The prime items are as follows:

(b)(3)(A)  
(i)&Title 10  
Sec 130 (a)(b)

- a. fire control radars
- b. processing stations
- c. aerostats platforms inclusive of the tethers and mobile mooring stations of identical design
- d. communication payloads

(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)

2. The proposal shall also include effort for the following.

a. Trained personnel, equipment, supplies, tools, materials, helium, payload, on-site security, and associated equipment and services required to operate and maintain the systems. The contractor shall provide qualified Flight Directors for tests/demonstrations and normal flight operations. Support to tests/demonstrations/normal flight operations include the relocation and shipment of the hardware and support equipment to the

600943

exercise site, operations and maintenance of the System and system during the tests/demonstrations/normal flight operations.

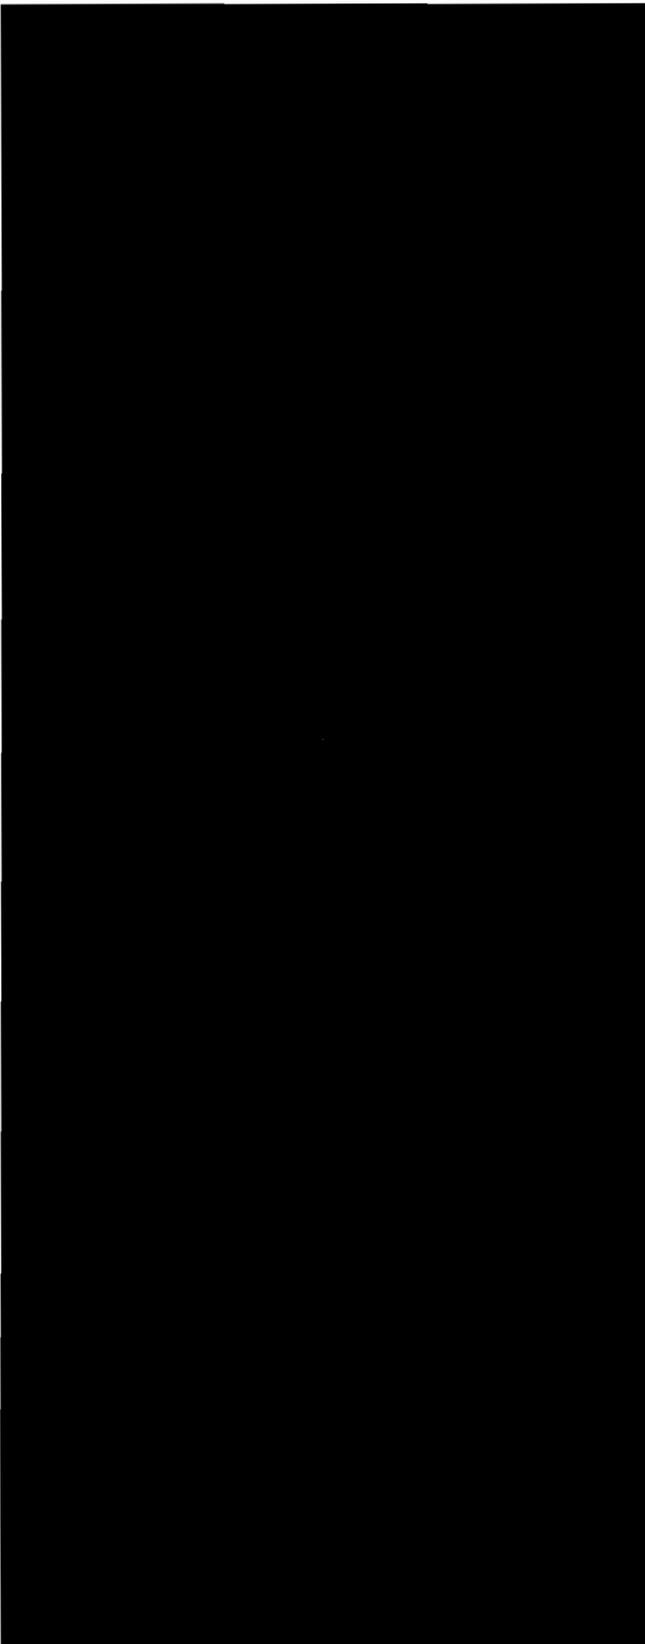

b. The Contractor shall make maximum use of the items in the Government inventory to test, to be components of, to operate, and to maintain the system. The government plans to provide the contractor access to the government supply system IAW AR 725-50. The contractor should make maximum use of the government maintenance and supply system, if it is advantageous to the government, to order spares/repair parts for the repair and maintenance of common items. The GFP list for CLIN 0005 is provided with the change order.

c. The contractor shall, as part of the proposal, identify all equipment (vehicles, generators, forklifts, converters, test equipment, cranes, helium trailers, etc.) required to operate and maintain the systems. The contractor shall provide items if not already in the government inventory.

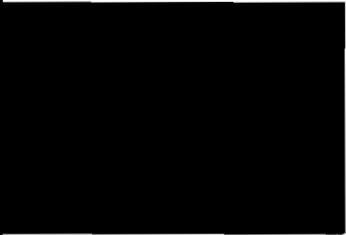

d. The contractor shall, as part of the proposal, provide a list of these items that includes item nomenclature, item description, model number, justification of need, frequency of use, date required, and procurement cost of each item.

e. PEO ASMD requests the contractor develop a CWBS in accordance with the WBS depicted in Figure 2.2.7-1.

**C. SUBMISSION OF PROPOSALS:** In addition to copies required in paragraph below entitled "General", your response to this change order shall be submitted one (1) copy of the cost and technical proposals, and Representations, Certifications, and Other Statements of Contractors, to both your cognizant DCAA Auditor and Administrative Contracting Officer.

**D. GENERAL:**

1. The address for proposal submission is as follows:

U.S. Army Space and Missile Defense Command

(b)(6)

Huntsville, Alabama 35805-1990

2. For purposes of this request for proposal (RFP), a page is defined as one side of standard 8 1/2" x 11" paper, 12-pitch or equivalent, proportional spacing permissible, "newspaper copy type" style (two column) permissible, one inch margin all sides, single spaced. Any charts or graphs, 8-pitch or equivalent is permissible, must be clearly legible. Foldouts are permissible; however, each 8 1/2 x 11 fold will count as a page. All pages shall be numbered. Print both sides of paper (head to head). Proposal volumes and appendices are to have soft covers (i.e., card stock), be spiral or comb bound, be sized to stand on edge in a standard Government security safe drawer (maximum 10.25" high and 16" wide) and allow the drawer to close without requiring the document to lay down. Confine discussion of material contained in each appendix to the subject of the appendix.

3. In each proposal volume, a single cross-reference table to the statement of work (SOW) is required.

the cost data shall be in [redacted] If files contain links, the links must be intact and maintained through all revisions. One of your disk copies for your Cost Volume may be write-protected. The remaining copies shall not be read/write/password protected. The diskettes containing cost data shall contain all formulas used in building up your proposal.

## **E. VOLUME DESCRIPTIONS**

1. **VOLUME I - GENERAL:** The general volume will consist of the actual proposal as set forth above to enter into a contract to perform the desired work. It shall also consist of the following: acknowledgment, team responsibility, assumptions and ground rules contained in the proposal, representations, certifications, acknowledgments, identification of technical data and computer software that the contractor intends to provide with limited rights or restricted rights, exceptions, and deviations. Provide any other General Information that may be beneficial in evaluation of your proposal.

### **2. VOLUME II - TECHNICAL PROPOSAL:**

a. The technical proposal shall contain a description of the contractor's approach to complete all the requirements of the SOW. Number paragraphs according to the pertinent paragraph in the SOW section to reference the SOW paragraph. It is unacceptable to send proposals containing statements of compliance only (e.g., "will comply"). The technical proposal shall include a description of resources; positions by labor mix; and facilities, equipment, and services (to include government-furnished facilities, equipment and services) to be used in accomplishing the requirements of the statement of work.

b. The proposal shall not merely offer to perform work in accordance with the SOW, but shall describe how to perform the actual work proposed as specifically and concisely as possible. Repeating the SOW without sufficient elaboration is unacceptable. Address all portions of the SOW as specifically and concisely as possible. The proposal shall address: the nature of the requirements as understood by the contractor, identification of critical areas of the requirements, proposed methods of accomplishing overall requirements, and proposed methods of accomplishing critical areas.

c. The technical volume shall include a description of resources (including personnel, equipment, material, software, and subcontractors) proposed for utilization in accomplishing the requirements of the SOW. The description of the equipment shall include make and model. The description of the software shall include the make and version. Contractors may also include any other information deemed pertinent to evaluation of such resources.

d. The Technical Proposal shall be prepared as a Master Integrated Program Schedule (MIPS) and address all the requirements of the SOW, including explicit and implicit plans and tests. It shall be prepared and separated by tabs to cross-reference the applicable section/paragraph of the SOW. The technical proposal shall be formatted in a manner that will allow (1) its incorporation into the contract and (2) its practical application following contract award. The contractor has the flexibility to structure the technical proposal in a manner that satisfies both proposal and post-award application (e.g., appendices, attachments, annexes).

000948

e. The contractor shall develop an event driven MIPS that describes the technical program, management process and schedules necessary to implement the SOW. Events, criteria, planned accomplishments, etc. shall be shown such that all aspects of performance (operational and support), design and development, fabrication, assembly, integration, testing, quality, and logistics are addressed and oriented towards program objectives. The MIPS shall provide the Government and the contractor a living management document for execution of the program as well as an assessment of progress toward and completion of each activity and milestone. The MIPS shall provide insight into the total work effort (SOW tasking) and address the contractor's approach to develop, implement, and commit to the necessary program and integrated management structure to achieve all program goals. The MIPS shall be organized to track/map to the SOW, CWBS and the government Accelerated CMD schedule. The MIPS shall establish activities and events that must be successfully completed to provide a logical and orderly development process for the Risk Mitigation and Design efforts. The MIPS shall identify planned accomplishments/criteria for each activity/event to ensure a logical, orderly development process is maintained. In the MIPS, the critical path shall be identified; the sensitivity of this path to significant activities/events and associate development/integration/risk mitigation tasks shall be identified; it shall be keyed to the major program milestones. Both a top level MIPS and a detailed version shall be provided.

e. The MIPS shall provide a comprehensive discussion of the contractor's identification of critical issues, alternatives and methodologies for issue resolution, including candidate technologies and requirements implementation.

f. The discussion shall include implementation of approaches to resolve issues in support of the SOW shall be included. The technical proposal shall include a description of resources, facilities, equipment, and services (to include appropriate references to those in the contractor's requested government furnished list) to be used in accomplishing the requirements of the SOW and the need-by date for each of these items. The contractor shall identify all models and simulations, how they will be used to mitigate program risks and the verification and validation process for each model and simulation proposed on this program.

g. The contractor shall describe the integration of the various program and engineering disciplines for the JLENS program by clearly describing the roles, responsibilities, and tasks of each functional area. The summary will provide an overview of the contractor's organization (includes key personnel, major subcontractors, responsibilities, lines of authority, flow of information, etc.) and general approach to support the solicitation requirements. Pertinent aspects of the proposed approach including teaming approaches, if any, subcontracting, and relevant expertise on similar programs should be identified. Particular proposal advantages or unique approaches should also be highlighted. The contractor shall fully describe the integrated management control system established for: scheduling, budgeting, and accumulating cost; assessing earned value; identifying cost and schedule problems; performing estimates at completion; and providing timely detailed performance status to management and the Government.

000949

h. The contractor shall include a description with charts of the proposed organization to include key technical and management personnel of the contractor's organization and proposed subcontractor(s) organization(s), and associated resumes. Key personnel are the Project Manager, Deputies, Chief of each functional element or the support staff, and other significant personnel. Access to senior corporate technical specialists, such as Chief Scientist, Quality, Safety, shall also be shown. Authority relationships and duties shall be established for the project organization with an indication of level of control of project and company resources. The degree of participation of key personnel and roles of the subcontractor's key personnel shall also be indicated.

i. The contractor shall extend the Program Work Breakdown Structure (PWBS) contained in this change order to the level of detail necessary to accomplish the contract Scope of Work. The PWBS and guidance for its extension to the Contractor Work Breakdown Structure (CWBS) are contained in the SOW Attachment 3.

j. Proposal containing statements of compliance only are not acceptable (e.g., "will comply"). The technical proposal shall contain a qualification of technical performance parameters and sufficient rationale to allow for evaluation of program approaches.

k. The contractor shall develop a crosswalk between the government performance specification and the proposal. If special conditions are required to meet a requirement(s) [REDACTED] these shall be called out in a separate table or document along with the special condition (i.e., [REDACTED]). [REDACTED] The contractor shall provide a complete Requirements Verification Matrix as described in Section 4 of the government performance specification.

(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)

l. The proposal shall include within each Basis of Estimate (BOE) or in another format a complete breakout by fiscal year of the number of hours proposed and correlated to specific implicit or explicit tasks to be performed under that BOE per year. Any proposal statement that only lists the total period of performance for a given BOE with the total number of hours per discipline and a generic list of tasks to be accomplished is not acceptable. All Level of Effort (LOE) tasks shall be kept to a minimum and disclosed in a separate table.

m. The contractor shall provide, with the proposal, a description of the Master Test Plan required in SOW at paragraph 5.2. The description shall include a preliminary list of all tests planned and identify the tests for which the contractor will submit test plans and reports per CDRL A015.

000950

**3. APPENDIX A to Volume II: SUBMISSION OF APPROACHES:** The contractor shall re-submitted all approaches as a requirement of CLIN 0005. The requirements and the respective relationship to the SOW are set forth elsewhere in this Special Instructions. All approaches shall describe how the approach is applicable to CLIN 0005 and will also be traceable from the effort described in the approach for each segment.

**a. Program Management Approach:** The contractor shall submit a Program Management (PM) Approach to describe how PM will be implemented in accordance with the requirements of CLIN 0005. Include as minimum: detailed schedules, milestones and achievement criteria for each requirement; detailed descriptions of procedures that will be used to satisfy the requirements; a program schedule that includes detailed milestones and events; and detailed schedules, milestones and achievement criteria for interrelationship of PM to support other requirements.

**b. CAIV Approach:** The contractor shall submit a Cost as an Independent Variable (CAIV) Approach to describe how CAIV management will be implemented in accordance with the requirements of CLIN 0005. The CAIV approach shall described the strategy for setting and managing aggressive but realistic cost objectives for the JLENS System. Include as minimum: detailed schedules, milestones and achievement criteria for each requirement; detailed descriptions of procedures that will be used to satisfy the requirements; a program schedule that includes detailed milestones and events; and detailed schedules, milestones and achievement criteria for interrelationship of CAIV to support other requirements.

**c. Systems Engineering Approach:** The contractor shall submit a System Engineering (SE) Approach to describe how SE will be implemented in accordance with the requirements of CLIN 0005. Include as a minimum: detailed schedules, milestones and achievement criteria for each requirement; detailed descriptions of procedures that will be used to satisfy the requirements; proposed for of the design notebook, proposed SE analyses including trade studies, proposed function block diagrams for the system; proposed developmental tests; proposed software management indicators; description of the software engineering environment; a list of required interface control documents (ICD); a matrix which cross-correlates each requirement in paragraph 3.0 of the performance specification with the unique requirement verification procedure of paragraph 4.0 (including Table 4.1.1) of the system performance specification; and interrelationships of SE to support other requirements. The WBS should be a product based structure. For software management, the contractor shall provide an estimate of the total System Line of Code (SLOC) and a breakdown of the SLOC allocation for the PTIR; [REDACTED]

(b)(3)(A)  
(i)&Title  
10 Sec 130  
(a)(b)

[REDACTED]  
[REDACTED] For each Computer Software Configuration Item (CSCI), a breakdown of the SLOC shall be included for each area listed in the previous sentence. The design shall be indexed to the requirements in the performance specification and shall be traceable to the applicable WBS level.

**d. Risk Assessment, Mitigation and Management Approach:** The contractor shall submit an overall Risk Mitigation Approach to describe how Risk Mitigation and Management will be implemented in accordance with the requirements of CLIN 0005. Discussions of each

000951

risk area, along with risk mitigation schedule and plans shall be included. The contractor shall submit an assessment of both the schedule and technical risk for the system and each prime item. Discussions of each risk area; along with risk mitigation schedule and plans shall be included. For schedule risk, the contractor shall submit data showing how schedule risk will be mitigated in integrating all components (hardware and software) of the aerostat system. The contractor shall provide detailed event driven schedules and milestones for the integration with associated schedule risk analysis. For technical risk, the contractor shall document in detail the use of existing technologies or commonality with other systems. All claims shall be supported by data (test, simulation, analysis) and the sources of all leveraged technology shall be stated. All data shall be capable of being validated. Risk definitions of high, medium, and low shall not be used. Rather, submit a specific definition of the risk area, with the appropriate data that shows specifically how the risk will be mitigated. Any hardware reuse from other programs shall address whether the components will be used without change or modified. All modifications to hardware components shall be explained in detail and shall address risk. Any software reuse from other programs shall address whether the software will be used without change or modified and shall address risk. All modifications to software components shall be explained in detail and shall address risk. Any new software components shall also be explained in detail and shall address risk.

**e. Simulation, Test, and Evaluation Approach:** The contractor shall submit a Simulation, Test, and Evaluation (STE) Approach to describe how STE will be implemented in accordance with the requirements of CLIN 0005. Include as a minimum: detailed schedules, milestones and achievement criteria for each requirement; detailed descriptions of procedures that will be used to verify and validate APS requirements; test matrix and justification for any proposed changes, entrance and exit criteria for CPDR and CDDR, required GFE and facilities by test and location including target requirements; [REDACTED] method for aerodynamic test and analysis; safety fan; process for qualification test for components, subsystem through system level; how the STE approach will minimize the changes to hardware and software between test phases; for interrelationship of STE to support other requirements.

(b)(3)(A)  
(i)&Title  
10 Sec  
130 (a)(b)

**f. Integrated Logistics Support Approach:** The contractor shall submit an Integrated Logistic Support (ILS) Approach to describe how ILS will be implemented in accordance with the requirements of CLIN 0005. Include as a minimum: detailed schedules, milestones and achievement criteria for each requirement as detailed in the Integrated Support Plan and associate sub-plans; detailed descriptions of procedures that will be used to satisfy the requirements; a program schedule that includes detailed milestones and events; and detailed schedules, milestones, personnel, hardware/software requirements and achievement criteria for interrelationship of ILS to support other requirements.

**g. Product Assurance Approach:** The contractor shall submit a Product Assurance (PA) Approach to describe how PA will be implemented in accordance with the requirements of CLIN 0005. Include as a minimum: detailed schedules, milestones and achievement criteria for each requirement; detailed descriptions of procedures that will be used to satisfy the requirements; a program schedule that includes detailed milestones and events; and detailed schedules, milestones and achievement criteria for interrelationship of PA to support other requirements

000952

**h. Configuration Management Approach:** The contractor shall submit a Configuration Management (CM) Approach to describe how CM will be implemented in accordance with the requirements of CLIN 0005. Include as a minimum: detailed schedules, milestones and achievement criteria for each requirement; detailed descriptions of procedures that will be used to satisfy the requirements; a program schedule that includes detailed milestones and events; and detailed schedules, milestones and achievement criteria for interrelationship of CM to support other requirements.

**4. Appendix B: The contractor shall submit the updated MIPS (excluding resourced) with the proposal package. The resourced MIPS will be provided at the IBR.**

**5. VOLUME III - COST:**

**INSTRUCTIONS FOR SUBMISSION OF A CONTRACT PRICING PROPOSAL WHEN COST OR PRICING DATA ARE REQUIRED:** Cost proposals shall be submitted in accordance with FAR 15.408(l) and with 15.403-5. In submitting its proposal, the contractor grants the Contracting Officer or an authorized representative the right to examine, at any time before award, prime and major subcontractor, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the contractor's determination of the prices to be offered in the catalog or marketplace. In addition, provide the following:

a. For pricing purposes, the start date of the effort is the date the change order is issued. Include the proposed contract type and period of performance. The cost volume shall provide cost data in response to the SOW, Specification, and change order modification. The cost volume shall consist of the proposed costs for the JLENS Cruise Missile Defense (CMD) Accelerated Program. Provide any other General Information that may be beneficial in evaluation of your proposal.

b. Provide the following information on the first page of your pricing proposal:

- (1) Name, address, voice telephone number, fax number, and e-mail address of cognizant Defense Contract Audit Agency;
- (2) Type of contract (that is, FFP, FPI, CPFF, CPFF Level of Effort, etc.);
- (3) Proposed cost; profit or fee dollars, cost of money dollars, and total for overall contract;
- (4) Place(s) and period(s) of performance;

000953

- (5) Whether your organization is operating under an accounting system that has been approved for cost type contracts. Whether you organization is subject to cost accounting standards; whether your organization has submitted a CASB Disclosure Statement, and if it has been determined adequate; whether you have been notified that you are or may be in noncompliance with your Disclosure Statement or CAS, and, if yes, an explanation; whether any aspect of this proposal is inconsistent with your disclosed practices or applicable CAS, and, if so, an explanation; and whether the proposal is consistent with your established estimating and accounting principles and procedures and FAR Part 31, Cost Principles, and, if not, an explanation;
- (6) A listing by Line Item Number of each line item's applicable cost, fee, COM, and total dollars;
- (7) Date of submission; and
- (8) Name, title and signature of authorized representative.

c. The cost volume shall include the proposed costs for the JLENS CMD Accelerated Program, CLIN 0005, of the JLENS contract. The cost proposal shall include costs for two complete Precision Track and Illumination Radar (PTIR) systems

(b)(3)(A)  
(i)&Title  
10 Sec  
130 (a)(b)

- (1) The cost proposal shall be consistent with the cost, schedule, and technical requirements provided with the change order. The cost proposal shall in accordance with the Contract Work Breakdown Structure (CWBS) provided.
- (2) The cost proposal shall be supported by cost and pricing data. Costs proposed shall be provided:
  - (a) in total by both government fiscal year and contractor rate year that summarizes to the grand total amounts shown.
  - (b) by cost element by both government fiscal year and contractor rate year
  - (c) by cost element by WBS Level 2 by government fiscal year
  - (d) by government fiscal year to WBS Level 1, 2, 3, 4, and 5
- (3) A DD1861, Contract Facilities Capital Cost of Money, shall be provided by both government fiscal year and contractor rate year.
- (4) A matrix of subcontractor proposed and contractor evaluated subcontract costs by both government fiscal year and contractor rate year.

000954

(5) A consolidated priced Bill of Material shall be provided in descending high dollar format in total by WBS to include description, quantity, price, etc.

(6) A matrix of costs by WBS by government fiscal year by Product IPTs / Cross Product IPTs.  
**The contractor shall provide the test cost and the integrated logistics support cost into separate individual sections.**

(7) A matrix of travel costs by WBS by both government fiscal year shall be provided showing locations, number of trips, number of personnel traveling, car rental, etc.

(8) A consolidated priced list of the GFE/GFP/GFS required of the contractor by the government with a description, cost, quantity, lead time, date required by contractor for items to be provided, availability, etc.

(9) FAR 15.806 requires the prime contractor to submit as part of their cost and pricing data the results of subcontract review and evaluations. For this proposal, the contractor shall obtain assist audits from the DCAA on all subcontract proposals that exceed \$1,000,000. These audit reports and the contractor's cost and technical analyses of these subcontractor proposals shall be furnished to the government NLT forty-five days after the proposal is submitted.

(10) Since subcontractor technical evaluations will be conducted by the government, copies of the subcontractor's cost proposals shall be delivered with the submittal of the contractor's proposal (or furnished directly to the government by the subcontractor for those subcontractor's that do not wish to disclose their rates and factors and rate structure to the prime contractor) in the same level of detail as that required for the contractor's proposal.

d. Section IV: Provide a grand total roll-up summary by cost element breakdown by CFY.

000955

Note to contractor: Provide in the following chart ALL rates, (Direct, Indirect and Other Direct Cost rates) which are included in your proposal. Insure that DCAA has a complete "full-up" copy of your proposal. Also insure that DCAA has the backup to all proposed rates.

*(Referencing other pages in the proposal as a substitute for completing the Chart is UNACCEPTABLE!)*

<u>Category</u>	Base* in Proposal to Which <u>Rate is Applied</u>	<u>Proposed</u> <u>Rate</u>	<u>Contractor</u> <u>Fiscal Year</u>

**II-8. GOVERNMENT-FURNISHED FUELS PROVIDED**

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

**H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE):** The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

**H-10. INCREMENTAL FUNDING OF THE CONTRACT:**

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 31 Dec 03. The amount of [redacted] obligated for Potential Fee (if applicable), for a total amount of \$98,713,422 for CLIN 0003.

(b)(4)

Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] is presently allotted to CLIN 0013 and available for payment to cover the work to be performed hereunder until 30 Sep 04. The amount of [redacted] obligated for Potential Fee (if applicable), for a total amount of \$30,278,000 for CLIN 0013.

(b)(4)

000967

It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

c. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

d. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

e. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the LIMITATION OF FUNDS clause.)

H-8 GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10 INCREMENTAL FUNDING OF THE CONTRACT

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

II-15. PARTNERING FOR SUCCESS: In an effort to most effectively accomplish the objectives of this contract, the government, the contractor, and the contractor's major subcontractors propose to engage in the Partnering process. The objective of Partnering is the establishment of a commitment between government and industry to improve communications and avoid disputes. After award, the parties will decide whether or not to engage in the Partnering process. If the parties decide to engage in Partnering, the parties will also decide the aspects of Partnering most applicable to the performance of this contract. It is intended that the framework for the process will be the Army Space and Missile Defense Command Model Partnering Process. The establishment of a Partnering arrangement will not affect the legal responsibilities of or relationship of the parties and cannot be used to alter, supplement, or deviate from the terms of the contract. Any changes to the contract must be executed in writing by the Contracting Officer.

H-16. PROCUREMENT PRIOR TO CDR: The contractor is authorized to fabricate the items associated with the following prior to CDR:

H-8 GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

NOMENCLATURE	NATIONAL STOCK NO. (NSN)	UNIT OF ISSUE	QUANTITY AUTHORIZED AS GFP
--------------	--------------------------	---------------	----------------------------

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

(b)(4)

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 31 Dec 03. The amount of [redacted] obligated for Potential Fee (if applicable), for a total amount of \$94,738,101 for CLIN 0003.

(b)(4)

Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] presently allotted to CLIN 0013 and available for payment to cover the work to be performed hereunder until 22 Oct 04. The amount of [redacted] obligated for Potential Fee (if applicable), for a total amount of \$30,778,000 for CLIN 0013.

H-8. GOVERNMENT-FURNISHED FUELS PROVIDED

Fuels as identified below will be provided through [redacted] in accordance with the clause of this contract entitled Government Property (Cost-Reimbursement, Time and Material, or Labor-Hour Contracts). From time to time the contractor may order with the supplier for partial deliveries of fuel. To assist the Contracting Officer in maintaining accountability of total orders, the contractor shall notify the Contracting Officer when fuels ordered exceed 85 percent of the amount specified below. This is requested for each fuels type listed. The contractor will be financially responsible for orders for fuels in excess of the amount stipulated below:

H-9. DESIGN SENSITIVITY TO COST (COST AS AN INDEPENDENT VARIABLE): The contractor may propose changes to the proposed design conforming to cost as an independent variable (CAIV). Those changes which do not alter the Aerostat Performance Specification (APS) may be implemented by the contractor 10 working days after notice of intent specifying the changes is provided to the government. Changes which alter the APS by reducing the requirements may only be undertaken without an equitable reduction in the estimated cost and schedule of the contract if the contractor demonstrates 1) a comparable gain in other performance requirements, 2) such changes are acceptable to the government, and 3) the change does not alter the overall estimated cost of the program. In no event, however, shall the contractor propose to reduce or alter the requirements of paragraph A.2 of Appendix A of the APS.

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of [redacted] is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of [redacted] obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

(2) B-11. COMPLETION TYPE COST REIMBURSEMENT CONTRACT:

a. Performance of Contract Line Items 0001/0002, 0003/0004, 0005AA/0006, 0005AB/0006 (if exercised), 0005AC/0006 (if exercised), 0007/0008 (if exercised), 0011/0012 (if exercised), and 0013/0014 shall be accomplished on a completion basis as defined in FAR 16.306(d)(1). Pending satisfactory completion of the task, fee payments are provisional and are not final. Fee payments will not become final unless and until the contractor performs the task required by CLIN/SubCLINs 0003, 0005AA, 0005AB (if exercised), 0005AC (if exercised), 0007 (if exercised), 0011 (if exercised), and 0013 and delivers data required by CLINs 0006, 0008 (if exercised), 0012 (if exercised), and 0014 and such are accepted by the Government as being satisfactory. Fee payments for CLINs 0003, 0005, and 0013 will also not become final unless and until completion of the milestones listed in F-5. In the event the task cannot be completed by the contractor within the estimated cost of the CLIN, the Government may require completion of the task without increase in fee, provided the Government increases the estimated cost of the CLIN under the LIMITATION OF COST or FUNDS contract clause.

b. CLIN 0001 will be considered complete based upon the completion of the statement of work requirements.

c. CLIN 0003 will be considered complete based upon the completion of the milestones listed in F-5 and the statement of work requirement.

d. CLIN 0005: SubCLIN 0005AA, SubCLIN 0005AB (if exercised), and SubCLIN 0005AC (if exercised) will be considered complete based upon the completion of the milestones listed in F-5 and the statement of work requirement.

e. CLIN 0007 (if exercised) will be considered complete based upon the completion of the statement of work requirements.

f. CLIN 0011 (if exercised) will be considered complete based upon completion of the statement of work requirements.

g. CLIN 0013 will be considered complete based upon the completion of the milestones listed in F-5 and the statement of work requirement.

h. CLINs 0002, 0004, 0006, 0008 (if exercised), 0012 (if exercised), and 0014 will be considered complete based upon a determination that all data and reports have been submitted and accepted, as set forth in Block 8 of each exhibit line item number of the DD Form 1423.

(3) B-12. SEPARATE APPLICATION OF FUNDING: The Limitation of Funds and Allowable Cost and Payments clauses apply separately to each of CLIN/SubCLIN sets: 0001/0002, 0003/0004, 0005AA/0006, 0005AB/0006, 0005AC/0006, 0007/0008, 0009/0010, 0011/0012, 0013/0014 and 0015/0016.

001033

2. SECTION F – DELIVERIES OR PERFORMANCE is changed as follows:

j. Paragraph H-17, CONTRACTOR'S ORGANIZATION AND-RELATIONSHIP WITH OTHER CRUISE MISSILE DEFENSE SYSTEM OF SYSTEMS CONTRACTORS AND GOVERNMENT PROGRAMS is added as follows:

The government is engaged in the development of an integrated cruise missile defense conducted under the auspices of the Program Executive Officer, Missile and Space. Achievement of the effort involves bringing together in a System of Systems, programs that have been independently pursued. This provision provides a mechanism for an alliance of the participants in the programs, at present [REDACTED] and the Joint Land Attack Cruise Missile Defense Elevated Netted Sensor System (JLENS), to further interoperability and capability leveraging. To assist in the implementation of these broad objectives, the contractor will establish associate agreements between the above three program participants. Agreements shall also be established with support contractors as identified by the government.

(b)(3)(A)  
(i)&Title  
10 Sec  
130 (a)(b)

001041

The contractor shall maintain technical liaison with the suite of contractors in the alliance governed by associate agreements. Technical Direction will be used to identify the full complement of contractors. The associate agreements will accomplish the following:

- (1) Coordinate and exchange information reflecting the technical objectives of the systems and promote understanding of both technical interfaces and assure meaningful technical contribution to the system of systems within established specifications and designs.
- (2) Add to the value of each system by assuring interoperability in combat roles is a product of the respective efforts.
- (3) Determine how to share technical information in a manner which assures that the best of the capabilities of the developing systems are understood and leveraged by each system member to the benefit of all.
- (4) Provide for the exchange and safeguarding of proprietary information and date to include provisions to protect proprietary information from unauthorized disclosure. The agreements shall hold the Government harmless from unauthorized disclosure by the parties of proprietary information or data.

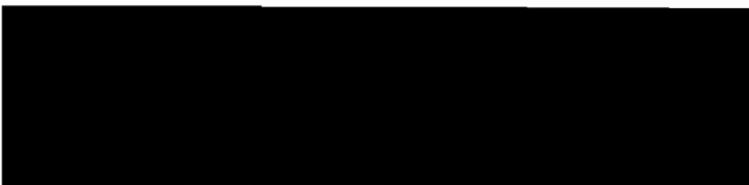

The contractor agrees to insert conforming provisions in all subcontracts which require access to proprietary information or data and require participation in interchanges implementing this provision.

k. H-18, CAS NONCOMPLIANCE is added as follows:

Award of this contract does not constitute a determination that the contractor's disclosed and applied accounting practices used in pricing this contract are in compliance with Cost Accounting Standards (CAS). The parties retain their rights to adjust the contract price, if applicable, under FAR clauses 52.230-2 and 52.230-6 of this contract.

#### SECTION H - SPECIAL CONTRACT REQUIREMENTS

1. Contract Clause H-3, OPTIONS, is changed to read as follows:

##### H-3, OPTIONS

The option CLINs stipulated in the contract may be exercised at the unilateral option of the government. The exercise of the option CLIN shall be by written notice provided to the contractor by the Contracting Officer not later than the dates shown below provided preliminary notice is given by the government thirty (30) days prior to option exercise. The contractor shall incur no costs chargeable to any option CLIN until the Contracting Officer has provided written notification that the option CLIN has been exercised. The option CLINs may be exercised individually and the exercise of an option CLIN will include its attendant data item CLIN:

<u>OPTION</u>	<u>DATE</u>
CLINs 0005/0006	
0005AB (Option IA)**	NLT 15 Oct 2005
0005AC (Option IB)	NLT 31 Oct 2007
CLINs 0007/0008 (OPTION II)	
0007AB	NLT 30 Nov 2001
0007AC	NLT 30 Nov 2002
0007AD	NLT 30 Jun 2003
CLINs 0011 and 0012 (Option IV)	NLT 30 Dec 2005
CLINs 0015 and 0016 (Option V)	NLT 30 Sep 2005

\*\*The U.S. Army Space & Missile Defense Command will exercise and award Option IA (SUBCLIN 0005AB) to the sole source Contractor (Raytheon Company) upon authorization and approval by the Milestone Decision Authority to enter into System Development and Demonstration at Milestone

001054

B and availability of JLENS program funding which will be provided to the Procuring Contracting Officer. This option award will be made approximately 15 days after funding availability.

In the event the contractor fails to complete the milestones required by F-5 of the contract for SubCLIN 0005AA, the government may postpone (day for day) the exercise of the Option for SubCLIN 0005AB and/or SubCLIN 0005AC without increase in the estimated cost and fee. In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0005 and/or CLIN 0007, the government may postpone the exercise of the option for CLINs 0011 and 0012 without increase in the estimated cost and fee.

SubCLIN 0007AB, 0007AC and SubCLIN 0007AD may be exercised individually. SubCLIN 0007AD may only be exercised if SubCLIN 0007AB has been exercised.

CLIN 0009: At the unilateral option of the government, CLIN 0009 may be exercised incrementally or totally at any time during the period of performance of the contract, up to the amount set forth in Section B of the contract. The CPFF unit price per DPPH [redacted] will be used to exercise CLIN 0009, if it is exercised incrementally. (b)(4)

CLIN 0015: At the unilateral option of the government, CLIN 0015 may be exercised incrementally or totally not later than 30 Sep 05, up to the amount set forth in Section B of the contract. The CPFF unit price per DPPH [redacted] will be used to exercise CLIN 0015, if it is exercised incrementally. (b)(4)

2. Contract Clause H-10, INCREMENTAL FUNDING OF THE CONTRACT, is changed to read as follows:

**H-10. INCREMENTAL FUNDING OF THE CONTRACT:**

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of \$0 is obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 31 Dec 03. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of \$94,738,100.52 for CLIN 0003. (b)(4)

d. Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] is presently allotted to SubCLIN 0005AA and available for payment to cover the work to be performed hereunder until 30 Jun 05. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of \$51,642,531 for SubCLIN 0005AA. (b)(4)

e. Pursuant to the LIMITATION OF FUNDS clause, the sum of [redacted] is presently allotted to SubCLIN 0007AA and available for payment to cover the work to be performed hereunder until 30 Sep 05. The amount of [redacted] is obligated for Potential Fee (if applicable), for a total amount of \$8,124,533 for SubCLIN 0007AA. (b)(4)

001055

f. Pursuant to the **LIMITATION OF FUNDS** clause, the sum of [REDACTED] is presently allotted to CLIN 0013 and available for payment to cover the work to be performed hereunder until 30 Sep 05. The amount of [REDACTED] obligated for Potential Fee (if applicable), for a total amount of \$40,047,110 for CLIN 0013. (b)(4)

g. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

	<u>PLANNED DATE OF FUNDING</u>	<u>AMOUNT</u>	<u>CUMULATIVE</u>
CLIN 0001	Current Obligations (Jun 99)		\$440,100
CLIN 0003	Current Obligations (Nov 04)		\$94,738,100.52
SUBCLIN 0005AA	Current Obligations (Nov 04) FY 05	\$17,214,177	\$51,642,531
SUBCLIN 0007AA	Current Obligations (May 05) FY 05	TBD	\$8,124,553
CLIN 0013	Current Obligations (Nov 04) FY 05	\$1,000,000	\$40,047,110

g. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the **CHANGES** clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

h. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

i. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the **LIMITATION OF FUNDS** clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the **LIMITATION OF FUNDS** clause.)

4. Contract Clause B-11, COMPLETION TYPE COST REIMBURSEMENT CONTRACT, is changed to read as shown below: *(changes indicated in bold)*

COMPLETION TYPE COST REIMBURSEMENT CONTRACT:

a. Performance of Contract Line Items 0001/0002, 0003/0004, 0005AA/0006, 0005AB/0006 (if exercised), 0005AC/0006 (if exercised), 0007AA/0008, 0007AB/0008 (if exercised), 0007AC/0008 (if exercised), 0007AD/0008 (if exercised), 0011/0012 (if exercised), and 0013/0014 shall be accomplished on a completion basis as defined in FAR 16.306(d)(1). Pending satisfactory completion of the task, fee payments are provisional and are not final. Fee payments will not become final unless and until the contractor performs the task required by CLIN/SubCLINs 0003, 0005AA, 0005AB (if exercised), 0005AC (if exercised), 0007AA/0008, 0007AB/0008 (if exercised), 0007AC/0008 (if exercised), 0007AD/0008 (if exercised), 0011/0012 (if exercised), 0011 (if exercised), and 0013 and delivers data required by CLINs 0006, 0008 (if exercised), 0012 (if exercised), and 0014 and such are accepted by the Government as being satisfactory. Fee payments for CLINs 0003, 0005, and 0013 will also not become final unless and until completion of the milestones listed in F-5. In the event the task cannot be completed by the contractor within the estimated cost of the CLIN, the Government may require completion of the task without increase in fee, provided the Government increases the estimated cost of the CLIN under the LIMITATION OF COST or FUNDS contract clause.

b. CLIN 0001 will be considered complete based upon the completion of the statement of work requirements.

c. CLIN 0003 will be considered complete based upon the completion of the milestones listed in F-5 and the statement of work requirement.

d. CLIN 0005: SubCLIN 0005AA, SubCLIN 0005AB (if exercised), and SubCLIN 0005AC (if exercised) will be considered complete based upon the completion of the milestones listed in F-5 and the statement of work requirement.

e. CLIN 0007 SubCLIN 0007AA, SubCLIN 0007AB/0008 (if exercised), SubCLIN 0007AC/0008 (if exercised), SubCLIN 0007AD/0008 (if exercised) will be considered complete based upon the completion of the milestones listed in F-5 and the statement of work requirements.

f. CLIN 0011 (if exercised) will be considered complete based upon completion of the statement of work requirements.

g. CLIN 0013 will be considered complete based upon the completion of the milestones listed in F-5 and the statement of work requirement.

h. CLINs 0002, 0004, 0006, 0008 (if exercised), 0012 (if exercised), and 0014 will be considered complete based upon a determination that all data and reports have been submitted and accepted, as set forth in Block 8 of each exhibit line item number of the DD Form 1423.

6. Contract Clause B-12, SEPARATE APPLICATION OF FUNDING, is changed to read as shown below: *(changes indicated in bold)*

**SECTION H - SPECIAL CONTRACT REQUIREMENTS**

1. Contract Clause H-3, OPTIONS, is changed to read as follows:

H-3, OPTIONS

The option CLINs stipulated in the contract may be exercised at the unilateral option of the government. The exercise of the option CLIN shall be by written notice provided to the contractor by the Contracting Officer not later than the dates shown below provided preliminary notice is given by the government thirty (30) days prior to option exercise. The contractor shall incur no costs chargeable to any option CLIN until the Contracting Officer has provided written notification that the option CLIN has been exercised. The option CLINs may be exercised individually and the exercise of an option CLIN will include its attendant data item CLIN:

<u>OPTION</u>	<u>DATE</u>
CLINs 0005/0006	
0005AB (Option IA)**	NLT 15 Oct 2005
0005AC (Option IB)	NLT 31 Oct 2007
<b>CLINs 0007/0008 (OPTION II)</b>	
<b>0007AB</b>	<b>NLT 30 Nov 2001</b>
<b>0007AC</b>	<b>NLT 30 Nov 2002</b>
<b>0007AD</b>	<b>NLT 30 Jun 2003</b>
CLINs 0011 and 0012 (Option IV)	NLT 30 Dec 2005
CLINs 0015 and 0016 (Option V)	NLT 30 Sep 2005

\*\*The U.S. Army Space & Missile Defense Command will exercise and award Option 1A (SUBCLIN 0005AB) to the sole source Contractor (Raytheon Company) upon authorization and approval by the Milestone Decision Authority to enter into System Development and Demonstration at Milestone B and availability of JLENS

001070

program funding which will be provided to the Procuring Contracting Officer. This option award will be made approximately 15 days after funding availability.

In the event the contractor fails to complete the milestones required by F-5 of the contract for SubCLIN 0005AA, the government may postpone (day for day) the exercise of the Option for SubCLIN 0005AB and/or SubCLIN 0005AC without increase in the estimated cost and fee. In the event the contractor fails to complete the milestones required by F-5 of the contract for CLIN 0005 and/or CLIN 0007, the government may postpone the exercise of the option for CLINs 0011 and 0012 without increase in the estimated cost and fee.

**SubCLIN 0007AB, 0007AC and SubCLIN 0007AD may be exercised individually. SubCLIN 0007AD may only be exercised if SubCLIN 0007AB has been exercised.**

CLIN 0009: At the unilateral option of the government, CLIN 0009 may be exercised incrementally or totally at any time during the period of performance of the contract, up to the amount set forth in Section B of the contract. The CPFF unit price per DPPH [REDACTED] will be used to exercise CLIN 0009, if it is exercised incrementally. (b)(4)

CLIN 0015: At the unilateral option of the government, CLIN 0015 may be exercised incrementally or totally not later than 30 Sep 05, up to the amount set forth in Section B of the contract. The CPFF unit price per DPPH [REDACTED] will be used to exercise CLIN 0015, if it is exercised incrementally. (b)(4)

2. Contract Clause H-10, INCREMENTAL FUNDING OF THE CONTRACT, is changed to read as follows:

H-10. INCREMENTAL FUNDING OF THE CONTRACT:

a. It is expected that allotments within each fiscal year will be made on an incremental basis in accordance with the LIMITATION OF FUNDS clause.

b. Pursuant to the Limitation of Funds clause, the sum of \$440,100 is presently allotted to CLIN 0001 and available for payment to cover the work to be performed hereunder until 30 Sep 99. The amount of \$0 is obligated for Potential Fee for a total amount of \$440,100 for CLIN 0001.

c. Pursuant to the LIMITATION OF FUNDS clause, the sum of [REDACTED] is presently allotted to CLIN 0003 and available for payment to cover the work to be performed hereunder until 31 Dec 03. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of \$94,288,100.52 for CLIN 0003. (b)(4)

d. Pursuant to the LIMITATION OF FUNDS clause, the sum of [REDACTED] is presently allotted to SubCLIN 0005AA and available for payment to cover the work to be performed hereunder until 30 Jun 05. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of \$68,712,107 for SubCLIN 0005AA. (b)(4)

e. Pursuant to the LIMITATION OF FUNDS clause, the sum of [REDACTED] is presently allotted to SubCLIN 0007AA and available for payment to cover the work to be performed hereunder until 30 Sep 05. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of \$10,832,348 for SubCLIN 0007AA.

f. Pursuant to the LIMITATION OF FUNDS clause, the sum of [REDACTED] is presently allotted to CLIN 0013 and available for payment to cover the work to be performed hereunder until 30 Sep 05. The amount of [REDACTED] is obligated for Potential Fee (if applicable), for a total amount of \$40,047,110 for CLIN 0013. (b)(4)

g. It is anticipated that funds will be allotted and obligated (combined amounts for Cost and Potential Fee) as follows:

001071

	<u>PLANNED DATE OF FUNDING</u>	<u>AMOUNT</u>	<u>CUMULATIVE</u>
CLIN 0001	Current Obligations (Jun 99)		\$440,100
CLIN 0003	Current Obligations (Nov 04)		<b>\$94,288,100.52</b>
SUBCLIN 0005AA	Current Obligations (Nov 04)		<b>\$68,712,107</b>
<b>SUBCLIN 0007AA</b>	<b>Current Obligations (May 05)</b>		<b>\$10,832,348</b>
CLIN 0013	Current Obligations (Nov 04) FY 05	\$1,000,000	\$40,047,110

g. The Government may unilaterally change planned allotments. Such changes in planned allotments will not in and of themselves entitle the contractor to an equitable adjustment under this contract. However, any equitable adjustment which is required will be settled in accordance with the CHANGES clause of the contract. If the contractor incurs costs at a pace which exceeds the foregoing allotment schedule then the contractor shall not be entitled to an increase in the potential award fee unless and to the extent that the accelerated spending is caused by a change to the contract independently changing the work.

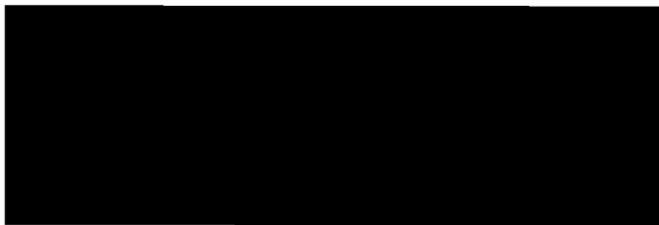

h. Nothing herein shall be interpreted as creating an obligation in advance of an appropriation or allotment.

i. At any time the contractor determines that the next planned allotment or any succeeding allotment will not be sufficient, the contractor shall notify the Contracting Officer in writing. In accordance with the LIMITATION OF FUNDS clause, this notice is required 30 days prior to the end of the then current funding period. (This notice is in addition to the notice required by paragraph (c) of the LIMITATION OF FUNDS clause.)
